ZANE GRAY STORY

AT NEW LYCEUM THEATRE

In "Last of the Duanes," Fox Movietone all talking romance of the great Southwest, which opens its local engagement at the New Lyceum Theatre on Friday and Saturday, March 20th and 21st, George O'Brien enacts the featured role by Buck Duane, handsome and daring young outlaw.

Being an outlaw means eternal vigilance, no home, no rest, no content; always on the dodge, alone and haunted by the thought that he is a marked man.

And such was the existence of young Buck after he killed his father's cowardly assassin, but the sweetness of life comes to him finally in the love of a beautiful girl.

The program also includes the LAUREL and HARDY comedy sensation "The Chiseler;" A Grantland Rice Sportlight with BOBBY JONES (the Golf King) in "Par and Double Par" and and Sound AESOPS FABLES.

Marion E. Caldwell, Clerk.

DISCUSS HIGH SCHOOL SITUATION

PATRONS MEETING FAVORS RELIEVING CONGESTED CONDITION

Sixty patrons of the Chestertown High School assembled in the high school auditorium Saturday afternoon to discuss measures to relieve the present over-crowded condition at that school.

The meeting was called by a group of patrons and those in attendance represented every section of the county served by the local high school. The attendance was about evenly divided between Chestertown patrons and rural patrons.

The meeting was opened by Mr. Louis C. Robinson and he introduced Mr. E. Clark Fontaine, Superintendant of High Schools on the Eastern Shore, who was asked to preside in the absence of Dr. Paul E. Titsworth. Dr. Titsworth was scheduled to preside but was unable to be present.

Mr. Fontaine gave a very interesting talk on the present condition of the Chestertown High School. He stated that while his knowledge of the situation was gained through his official connection with the school, he preferred to talk as a patron having two children in the school. He stated that the pupils in the Chestertown High School were more inadequately housed than in any high school on the Eastern Shore and likely in the State. That the number of pupils attending this school had increased from 150 to 300 within the past ten years. That the crowded condition prevented efficient instruction in a some of the courses offered at this school and also prevented the establishing of additional courses which pupils in other high schools are enjoying. That an inspection by the State Department of Health and the local fire company would probably reveal some interesting facts. That the organization and administration of the school was as efficient as it could be under the crowded conditions and that the principaal and teachers deserve a great deal of cerdit. That only through the division of the class rooms with temporary partitians, was there enough rooms to meet the State requirements of pupils per teacher, so that the school could receive the State and of 35 per cent. of maintenance costs.

In speaking of high school consolidation Mr. Fontaine, stated that the State board of education will not approve the establishing of small high schools except under unusual conditions, as in the large high schools the instruction is much more efficient due to a larger staff of teachers teaching subjects in which they have been especially trained. He stated that the closing of the Fairlee, Betterton and Kennedyville high schools only sent 32 additional pupils to the Chestertown High school. That the cost per pupil in these three small high schools were: Kennedyville $193.14; Betterton, $245.52; and Fairlee $129.19 while the cost per pupil in the Chestertown High School is from $85 to $98.69. The curriculum in former years was a college preparatory course but due to the small percentage of high school graduates that go to college, industrial courses are being established so that students may be educated along lines for which they are best suited. Courses in agricutlure, the cost of which is partly defrayed by the Federal Government, are being taught in some Shore high schools. The present conditions at the local school prevents the adoption of any additional courses of instruction here.

Mr. Owen C. Blades, principal of the Chestertown High School, was asked to tell of the crowded conditions. He stated that the rooms were too small and that the changing of classes caused a bad congestion in the halls. That every inch of space had to be used and that as the assembly hall is divided into class rooms there is no room for assemblies.

Following these talks a general discussion was held and among the suggestions made from the floor were: To convert the present building into a Junior High School and build another High School. To sell the present building and build a large school. To build two wings to the present building. The general sentiment of the meeting favored a new building.

Professor Louis C. Robinson stated from the floor that looking toward the eventual consolidation of all the high schools in the county into one up-to-date school in Chestertown, a $250,000 High School could be built and the bonds retired in fifteen years by an average tax increase over the fifteen year period of 8 cents on the $100. The tax increase for the first year would be 16 cents on the $100 decreasing proportionately each year thereafter.

It was stated at the meeting that a $125,000 high school building had recently been completed in Easton, Md.

Senator S. Scott Beck, when asked if he would introduce a bill in tre Maryland Senate to bond Kent County for a sufficient sum to relieve the present condition, stated that if this move had the consent of the Kent County School Board and the Commissioners of Kent county, he would be willing to introduce a bill to bond the county with a referendum to the voters of the county.

A motion was made and carried that this meeting go on record favoring the building of a new high school or an enlargement of the present building.

Another motion was carried that the chairman appoint a committee of five to meet with the School Board and the Commissioners of Kent County and secure their approval of relieving the present conditions of the Chestertown High School. The committee appointed was J. S. Kreeger, chairman; Thomas W. Eliason, Mrs. Harry T. Williams, Mrs. Tildon Brice, Jr., and Mrs. Rebecca Speicher.

SPEAK AT ROTARY CLUB

Mr. J. D. McVean was the principal speaker at the regular meeting of the Chestertown Rotary Club last Monday. Mr. McVean's subject was "Drouth Relief," and he explained in detail the provisions of the present law.

Mr. McVean stated that there is very little governmenal red tape in applying for loans and that the local Drouth Committee, through the County Agents office, make it very easy for a farmer to apply for a loan.

SEA NETTLES HINDER FISHING

Fishermen in the bay and rivers are very much handicapped in handling their nets due to sea nettles and filth in the waters, according to a statement made this week by prominent Rock Hall watermen.

According to the statement this is something that has never been heard of at this season of the year. The lack of freshets causing the unusual heavy amount of brine in the water may be the cause, but the reason for the jelly fish in the cold waters is a mystery.

NEW FIRE TRUCK ARRIVES

Chestertown's new 600 gallon pumper arrived in Chestertown on Saturday of last week and is one of the most complete and up-to-date pieces of fire apparatus in the county.

This new truck will be used for Chestertown only leaving the other two trucks to take care of the out-of-town calls.

The local company now has three well-equipped fire trucks capable of pumping 1500 gallons per minute through eight lines of hose.

The new apparatus was purchased at a cost of $3250.

FIREMEN ANSWER 2 ALARMS

Local firemen were called out Saturday at noon to fight a fire n a house on Cannon street occupied by George Turner, colored.

The fire had apparently been burning for some time as the attic was in full blaze when the firemen arrived. Hose lines from two fire trucks were used to extinguish the fire and water badly damaged the remainder of the house.

On Wednesday afternoon firemen were called to extinguish a chimney fire at the home of Mr. John Schauber near Washington College.

12 APPLY FOR LOANS

Twelve applications have been made by Kent county farmers for loans from Federal government, for crop loans as provided in a recent act of Congress to apply in drouth stricken areas. There have been 37 inquires made to the office of County Agent McVean to-date.

Of the $45,000,000 appropriated by Congress for this purpose, $10,000,000 have already been loaned. The time for applying for loans expires April 25th, and it takes from 10 days to 2 weeks to put the loan through.

FAVORS INSURANCE TAX BILL

Messrs: Laurence G. Brown, J. H. Thompson, John E. Matthews and C. A. Bacon went to Annapolis as a committee from he local Fire Company in the interest of the bill providing for a two per cent. tax on insurance premiums paid to out-of-State insurance companies. The bill provides that this tax be paid to the County Commissioners of the various counties in the state for assistance in maintaining the fire companies within that county.

The bill is based on the fact that insurance companies are the chief benefactors of the activities of efficient fire companies and should help in the maintenance of these companies. The bill was introduced by Senators Beck, Withgott and Fooks.

—The regular meeting of the Directors of the Kent County Chamber of Commerce was held at headquarters Friday evening. Mr. E. Clark Fontaine, Superintendant of High Schools on the Eastern Shore was scheduled to talk on the High School situation.

LEGION ASSISTING WITH BONUS LOANS

The local American Legion Post is assisting Kent county ex-service men who wish to apply for loans under the recent legislation which allows veterans to borrow, at four and a half percent, half of their bonus which is held by the Federal Government under a twenty year endowment insurance policy.

Due to the fact that the repairs on the newly purchased Legion home on Queen street have not been completed. Gill Bros. Ice Cream Parlor on Cross street is being used as temporary quarters for assisting veterans with the bonu loans. Mr. Jesse D. Mexwell, former commander of the local post, will be at these headquarters on Mondays from 10 a. m. to 2.30 p. m. and on Saturdays from noon to 5 p. m.

It is estimated that here are 350 veterans in the county and that 150 of these will apply for loans.

Mr. J. T. Kibler, commander of the Amercan Legion is planning to make this a banner year for this organization for which only ex-service men are eligible. Arrangements are being made for the formal opening of the new home shortly and this permanent Legion home will create additional interest among the members.

TO HOLD TEMPERANCE SUNDAY

At a meeting of the Kent County W. C. T. U. held in Chestertown this week, it was decided to request the Ministers and Superintendents of Sunday Schools of Kent County to especially observe Temperance Sunday, March 22nd, in all departments of the Sunday Schools.

It is believed to be of the utmost importance that the Youth of our generation should be taught the evils of all intemperance.

CHESTERTOWN HIGH SCHOOL NOTES

On Tuesday morning Dr. Li gave an interesting talk on "The Social Conditions of Them." The figure of a Chinaman with a que wll have to be discarded as they are not used any more by them. They were originally by the Mongolians, but in 1911 were generally cut off.

He said, "Chineese s an easy language to learn." Can we believe him? He also gave example of home life, school life, marriage, and social meetings. Some of the students found these very amusing.

Dr. Li received his Ph D at New York University and intends to go into the dplomatic service.

During the noon hour on Tuesday a basketball game was held between the girls teams of the Freshmen and Sophmore teams. The Freshmen won with a score of Freshmen 30, Sophomores 23.

The photographs for the year book were taken Tuesday afternoon. These included: pictures of the Freshman, Sophomores, Junior and Senior classes, the Faculty, Stafi of the Reflector, Stafi of the Dragon, and the Cast of the "Ghost Bird." They were taken by Dr. Simmons.

APPOINTED TO HARFORD COUNTY POST

Mr. George H. Clendaniel, of Kent County, has been appointed assistant county agent for Harford county upon the recommendation of Dr. Thomas B Symons, director of the Extension service. He assumed his new duties this week.

Mr. Clendaniel is a graduate of the Chestertown High School and the University of Maryland and was principal of a high school in Montgomery county for several years.

He returned to Kent county several years ago and has been operating his farm near Galena, during which time he has interested himself in Calf Club work being local leader of the Massey branch of the 4-H Clover Calf Club.

"DERELICT" COMING

"Derelict," the George Bancroft starring picture, which the New Lyceum Theatre will feature on Monday and Tuesday, March 16 and 17, is real drama, filmed on a spectacular scale. Mountainous ships battling monster seas; terrific tropical storms; a rescue at sea; two vessels crashing heard-on in a dense fog.

Paramount went to sea to film this picture, which was taken, almost entirely aboard ship, off the coast of southern California. Nine ships, equipped with all the required filming paraphernalia, comprised the fleet, and a number of technical experts directed operations.

REPAIRING SLAG ROADS

During the past two months the county road force under the direction of Mr. Gilbert Taylor has dragged and repaired wth slag the followng slag roads: Bayshore Road, Baker's Lane, Turner's Creek, Harmony Road, Shrewsbury Road, and Flatland Road.

Wthin the next few weeks ten carloads of slag will be used in repairing other slag roads in the county.

There are at present 78.72 miles of slag road in Kent county.

SPORTS OF WEEK

BASKETBALL SEASON ENDS TONIGHT WHEN ALUMNI TEAM PLAYS HERE — WASHINGTON WINS SOMEWHAT EASILY OVER WESTERN MARYLAND—OTHER NEWS IN THE SPORTS REALM.

BY POLK T. BRAMBLE

Washington College defeated Western Maryland last Saturday night in a game which was in exact contrast to the ame of a week previous. Taken altogether, the game was uninteresting, due to the fact that Washington secured an early lead and held it easily. Thirteen men were used by Coach Kibler during the contest. Western Maryland had a team of rugged players, two of whom were football stars, Koppe and Wellinger, and while they showed brilliant flashes of basketball, the Washington outfit was entirely too rugged for them. The score was 36-26.

Robinson was the scoring ace for Washington, making a total of 14 points, while Stevens scored a total of 9 points. Both played good basketball.

Brown, forward, was the high scorer for Western Maryland, making a total of 10 points.

A fair-sized crowd attended the contest, the result of which was hardly ever in doubt from the beginning.

Ollie Robinson, guard on the Washington quint this year, was elected captain for the years 1931-1932. Robinson is one of best guards that ever played at the college. All during the year it has been his aggressive playing that has kept the team on edge, and he has always contributed largely to their victories.

The Chestertown High School easily defeated the Dover High School team the game preliminary to the Washington-Western Maryland game Saturday night. The score was 30-12.

The local golf course is being put in shape for the fast-approaching golf season.

The annual Washington-Alumni basketball game will be played here tonight. The Alumni will have Giriatis, Carrington, Dumschott, Usilton, Bankert, Cavanaugh and Jacobs. If this aggregation is in shape, the Washington team will have a hard time defeating them.

The Washington Lacrosse squad, dazzling in their new suits, was out for practice this week, under the careful eye of Coach Crothers. Lacrosse has replaced baseball at Washington College, for which we are very sorry. Lacrosse may be a great game, but give us the old national sport, for which Washington College has been noted for many decades.

Now that baseball has been abolished, and some are clamoring for the abolition of football because Washington loses frequently, we expect every day for some one to bring forward the "bright" suggestion to do away with the college altogether. Let the "ravers" rave, but we hope they keep football at the old college, for our part.

—The Ford Motor Company will have on display on Tuesday, March 17th, between eleven and two o'clock at Eliason Motors, Inc., Chestertown a show of twelve trucks showing a variety of bodies which includes a Police Patrol, Ambulance, Dump Bodies and light deliveries of all kinds.

STILL POND

The Sunday School will hold their Annual Missionary Anniversary on Sunday evening, March 15th. Don't miss it.

Mrs. Charles Jewell has been spending some time in Baltimore, Md.

The Philithia Class held their monthly meetng on Wednesday evening with Miss Anna Bowers. A good number were present and an enjoyable time was had by all.

The Women's Foreign Missionary Society will hold their Monthly meeting on Thursday afternoon, March 19th at the home of Mrs. Wm. Medders.

There will be a Special Meeting of the P. T. A. at the school 3.30 p. m. Monday afternoon, March 16th. All Patrons are urged to be present and all friends will receive a cordial welcome.

Mrs. S. W. Matthews spent several days this week at Worton, Md.

COUNTRY CLUB ACTIVITIES

Preparations are being made for the spring and summer activities at the Chester River Yacht and Country Club and the various committees are meeting and mapping out their programs.

Mr. McAdams last years "pro" will return to Chestertown tomorrow and the spring golf season will soon be underway. The golf committee are arranging the first dance of the year for Friday, April 10th.

The regatta committee held a meeting last week and set the dates for the annual regatta as Augus 21st and 23rd. The chairmen of the various committees are: Mr. Thomas W. Perkins, Race Committee; Mr. Dorsey Hines, Course and Patrol Committee; Mr. J. P. Corkran, Finance Committee; Commodore E. W. Emory, Reception Committee. Mr. Neal Truslow is chairman of the entire regatta committee.

The Board of Directors are working on a plan to build an addition to the present pier which will extend the pier 40 feet out in the river and 200 feet down the river, and it is reported that the plans may be completed so as to build this addition this spring. This addition will provide for 14 permanent boat slips on the shore side of the pier.

Work has already started on conditioning the golf course for the coming season and with a normal amount of rainfall, this course will be in excellent condition shortly.

APRIL JURORS

The following is the list of jurors drawn by Judge Lewin W. Wickes for the April term of the Circuit Court which will convene Monday, April 20, 1931:

FIRST DISTRICT.—John W. Naylor, William T. Jones, Clayton H. Johnson, Jesse E. Ireland, A. Woodall Jones, Clem A. Davidson, H. Scott Rosin, Paul Comegys.

SECOND DISTRICT.—Nicholas V. Walters, William H. Bonwill, George M. Glenn, Albert Jervis, S. Tilden Cooper Edmond S. Hurtt, William L. Ford, William J. Hepbron.

THIRD DISTRICT.—W. Edward Loud, Sewell J. Lee, Williard E. Dodson, Roger W. Harris, George T. Williams, Jesse D. Maxwell.

FOURTH DISTRICT.—William P. Newnam, Charles A. Jessup, William L. Fowler, William B. Wilmer, Jefferson D. Bacchus, David B. Ford, James G. Beck, Charles S. Smith.

FIFTH DISTRICT.—Owen Clark, Harry Eisenwein, Howard S. Leaverton, George Nelson Walbert, Walter R. Kendall, William E. Leary, Jefferson D. Ayres, Albert W. Hudson.

SIXTH DISTRICT.—John W. Moore, Harry M. Stavely, William M. Shrifey, C. Romie Skirven, Sudler Loller.

SEVENTH DISTRICT.—James B. Newnam, Jr., Charles M. Vickers, Edward M. Emory, Thomas W. Trew, Percy V. Hendrickson.

JOINT MEETING ON SCHOOL QUESTION

SCHOOL BOARD AND COMMISSIONERS MEET IN JOINT SESSION

The Commissioners of Kent County, the Kent County School Board and a citizen's committee composed of Mr. J. S. Kreeger, Mrs. Tildon Brice, Jr., Mrs. Rebecca Speicher, Mrs. Harry T. Williams and Mr. Thomas W Eliason, met in joint session at the offices of the School Board on Thursday morning of this week to discuss the proposed bond issue to relieve congested conditions at the Chestertown High School.

Mr. Linwood Redmile, newly appointed member of the School Board, has not received his commission but attended the meeting in an unofficial capacity.

After considerable discussion involving a new school, additions to the present building and social consolidations, the Kent County School Board adopted the following resolution:

Resolved, That the Senator and Delegates from Kent county be and are hereby requested to introduce as early as possible at the current session of the Maryland Legislature a bill providing for a bond issue, not exceeding $100,000, said bonds to mature over a period of 25 years, and said bill to carry a referendum to be voted on at the next regular election to be held in Kent county in November, 1932.

Mr. C. Romie Skirven, a member of the Board went on record as being opposed to the bond issue.

The Commissioners of Kent County unanimously took the position as not being a party to the request of the School Board but that they would not oppose giving the voters of the county an opportunity to vote on the question. They went on record as not favoring the bond issue.

—Fine pictures all next week at the New Lyceum.
