With Church Hill and Rock Hall tying for first place in the league and only five more games to play in the first half of the league season, keen rivalry has developed between these two teams. If these two teams win their games today, all roads for fans in this section of the county will lead to Rock Hall next Saturday as the Church Hill team will journey to Rock Hall on June 13th for what will probably be the most important game of the season.

(Summary of Saturday's games will be found on page 8.)

TOWN COMMISSIONERS MEET

APPOINT REGISTRATION OFFICIALS

Messrs. John C. Davis and John Raymond Simpers were apointed town registration officials at the meeting of the Commissioners of Chestertown on Monday evening of this week.

The provisions of the new town charter provide for two registration days, the last Monday in June and first Monday in July, at which time all citizens of Chestertown, who wish to vote in the coming election, must register. The second registration day will be for revision and the hours of sitting on both days will be from 1 p. m. to 9 p. m.

The town election this year will be held on the third Monday in July and at that time four Councilmen and a Mayor will be elected, one Councilman from each of the four wards and a Mayor at large.

At the Monday meeting the Commissioners also wrote a letter to the Pennsylvania Railroad Co., calling their attention to the roughness of the High street crosing and also requesting them to provide means for protection of the public at this crossing.

"MIRACLE HOUSE"

ESTABLISHED FOR BENEFIT OF TUBERCULAR PATIENTS

Maryland's "Miracle House" located at Claiborne, Maryland, and maintained by the Maryland Tuberculosis Association as a tuberculosis preventorium opened its thirteenth season on Monday, June first, with the arrival of fifty undernourished children from Baltimore City and several counties of the State. Other contingents of children will arrive at the "Miracle House" at regular intervals, and it is expected that the capacity of 110 beds will be filled by the middle of June. As the children reach normal weight and pass the necessary examination for discharge, other children will take their places.

William B. Matthews, Managing Director of the Maryland Tuberculosis Association, stated that the children are from tubercular homes and although they do not have active tuberculosis, they are very much underweight and susceptible to the disease. The treatment at the "Miracle House" is to rehabilitate their bodies so that they may return to their homes in perfect health and better withstand and ward off tuberculosis.

The regular Donation and Inspection Day will be held on Saturday, June thirteenth, when individuals and organizations interested in the work being carried on at the preventorium will have an opportunity to inspect the building and see the work accomplished with the children. On this day annual donations are also received, which usually consist of linens, food stuffs, canned goods, preserves, and monetary gift.

NOW AND THEN

THE HOUSE AND THE ROAD

JOSEPHINE PEABODY

The little Road says Go
The little House says Stay;
And O, its bonny here at home,
But I must go away.

The little Road like me,
Would seek and turn and know;
And forth I must to learn the things
The little Road would show.

And go I must, my dears,
And journey while I may.
Though heart be sore for the little House
That had no word but Stay.

Maybe, no other way
Your child would even know.
Why a little House would have you stay,
When a little Road says, Go.

We were amused in reading of the general stampede in New York when a hive of bees got loose in the streets, what a scattering of people there were: It reminded me of a story told recently of a man in Talbot County who was sorely afflicted with rheumatism. Hearing from his friends that a bee sting was good for that complaint he hobbled boldly down to the hive, and threw a clod at it. Swarms of bees came out but the rheumatic flew on the wings of the wind and beat them to the house. He was not stung but he finds he is much better.

In one instance the bees helped to save a valuable heirloom.

This is a reminiscence of the civil war. Eastern Carolina was in the hands of the North and many of the population had left their homes and taken refuge on the western part of the state. One family hearing that the Northern Army was coming their way prepared to flee but before going they put their valuables including a beautiful pin in a tea box and buried it in the garden. On the enemy came and ramsacked the house of all its valuables destroying what they could not take away. Seeing a turkey in the yard they began to chase it and it ran over the place where the box was. The Soldiers saw that the earth had been newly lisburbed so they dug the box up. What a find there was!

The soldiers filled their pockets with the treasure. One of them took the valued pin and stuck it in his hat. They started away but came in contact with a bee hive. "They stayed not on the order of their going," and the premises was soon rid of soldiers. When the invaders had left the country and this family returned to their ruined home, they found lying near the hive a soldiers hat with the precious pin in it. So the bees had saved the day.

The reports of economy in the Government are rife everywhere. They say that Coolidge, compared to Hoover's present attitude toward saving was a spendthrift. We hear that our president is patronizing the 5 and 10 cent stores, that he gets his feet wet rather than stand the expense of buying rubbers, and that he has ordered the bus drivers to take all his secretaries home in one load, also that he advises his employees to use less soap. With such ecominies surely our country is safe.

It is quite uplifting to know that we are really to have an honest to goodness Mayor and Councilmen. Our town has developed into a city. Be ready all ye citizens to register and thus to bring about needed changes. And above all let us take up that sewerage. We were reading the other day of a city in New York having to pay a heavy fine, because her sewerage system brought about typhoid fever. Let our citizens take early steps to make our city with its pure water and fine location a fit place to dwell in.

June! Yes we are really knee deep in June. When there really comes perfect days. Though we have no day light saving in our community, yet it would be worth ones while to rise early and to see that day at its beginning Then it is that we see the glorious sun rejoicing as a "strong man to run his course."

Then it is that the roses and other flowers are wet and pearly with the dew and the river mirrors its green banks and the blue sky overhead. One may not have time to go away and see great wonders but this he can see, the day making its morning preperation and that wonderful change almost equals any sight we can see.

—Mr. and Mrs. Russell Broughter, of York, Pa., were week end guests of Mr. and Mrs. Dell Hendershott.

FOR MEMORIAL DAY

THE TORCH

BY ALICE MATHEWS

Take up the Torch, bright flamed, O men,
Our dead return to us again
And whisper to our souls to-day,
"Bear ye the Torch upon Life's Way,
Let not the light of love grow dim,
Sing loudly Peace and Virtue's hymn;
Revive old memories, we pray,
Let love's own Torch a halo stay
Around each earthly mortal head—
Stoop Angels, sing, "There are no dead"—
Who die in Christ, wake heart and tongue,
The blessel dead are ever young.
Earth's conquest-victory may be gone,
But God's Sons go a-marching on!

PLANS FOR ARMORY RECEIVED

WORK TO START THIS MONTH

Major Frank B. Hines, Commander of the Medical Unit, First Maryland Infantry, Maryland National Guard, received the plans for the new armory in Chestertown on Thursday of this week.

Major Hines, after checking over the plans, returned them on Friday and the contract will be let shortly. Construction work will start this month.

The new Armory will be built on the lot on the East side of the Quaker Neck road near Chestertown, recently purchased from Dr. T. W. Spranklin.

The building will be similar to the other Armories in the state with the exception of the roof construction. The roof will be constructed so as to eliminate low rafters so that basket ball can be played on the drill floor.

The approach to the building will be a ramp instead of steps.

The first foor will contain a large drill floor and administrative offices, and the basement will be equipped with a kitchen and dining hall.

Arrangements can be made for various community activities in the new Armory and it will be a decided asset to Chestertown.

DEATHS

John Ryan, son of the late Joseph Ryan, of Rock Hall, died in a Baltimore hospital Friday, May 29th, 1931, after an illness of several months at his home in Rock Hall. He is survived by his wife, formerly Miss Katie Proctor, and the following brothers and sisters, Joseph, of Rock Hall; McQuay, of Chestertown; Nelson, of Fairlee; Mrs. Ella Levy and Mrs. Mannie Lambert, of Baltimore, Mrs. Hiram Crew, Mrs. Edgar Hague and Miss Daisy Ryan, of Rock Hall. Funeral services were held at his late home Tuesday morning with Rev. W. S. Grant of the Rock Hall Methodist Episcopal Church officiating. The bearers included Lloyd Scott, Trew Durding, Roland Warner, Walter Coleman, Rulon Levy and a friend from Baltimore. Interment Wesley Chapel cemetery. C. L. Dodd, undertaker.

KENT CALF CLUBS WIN PRIZES

FIVE CALVES SHOWN AT EASTERN SHORE GUERNSEY FIELD DAY. ROY FREEMAN WINS JUDGING CONTEST

Five Kent County 4-H Calf Calves were shown by their owners at the Eastern Shore Guernsey Field Day held at Easton, Friday, May 29, 1931, and all came home with a ribbon to their credit.

A Dairy Cattle Judging Contest was also held in which seventy-five club members from the Eastern Shore counties took part. Three Dollars ($3.00) was offered for the boy winning first; Two Dollars ($2.00) for second; and One Dollar ($1.00) each for the next ten. Kent County had four boys "in the money" with Ray Freeman, of Galena, and a member of the Handy Andy 4-H Calf Club, winning first in the contest with a score of 362 out of a possible 400. Richard Sutton, President of the Handy Andy Club, placed fourth; Robert Fogwell also of the Handy Andy Club placed 7th and Herschel Carroll of the Kent 4-H Clover Calf Club placed 8th. The Handy Andy Club has been meeting one afternoon each month for Judging practice ad instructions, using cows from some of the most prominent herds in their community for practice work. These meetings are very valuable as is proven by the fact that three of their number placed in the contest Friday. They have only boon organized a short while and deserve a lot of credit for the interest they are taking. They are determined to make the other Clubs "sit up and take notice."

The boys exhibiting calves were as follows: William O. Carroll, Vice-President of the Kent 4-H Clover Calf Club, won 1st on his two year old and 2nd, on his 6 months old heifer. John Wright, member of Kent 4-H Clover Calf Club, 3rd, on his 5 month old heifer.

Norris Crew, member of Handy Andy 4-H Calf Club, 4th on his 6 month old heifer.

Frank Sutton, President of Kent 4-H Clover Calf Club, 5th on his 6 month old heifer.

11 boys and J. D. McVean, County Agent, and S. B. Sutton, Assistant and Stanley B. Sutton, Assistant County Agent, made the trip to Easton and spent a very profitable day at the show, seeing some of the finest Guernsey cattle on the Shore and meeting some of the 4-H Club Members from the other counties of the Shore.

Thees inter-county meetings are very benefical to all taking part and our boys are to be congratulation on their showing this early in the year.

ABRAHAM LINCOLN MOVIE HERE JUNE 10 AND 11.

"Abraham Lincoln," which shows at the New Lyceum Theatre on Wednesday and Thursday, June 10 and 11, is pictorial drama at its greatest. Though the picture possesses all of the ingredients of an historical spectacle—big sets, battle scenes and mobs—its greatness is founded on the simplicity of its direction and the sympathetic treatment of its romantic and tragic scenes.

The whole of Lincoln's life is paraded on the screen, from the time of his birth to his assassination at Ford's Theatre in Washington just as he had realized a successful conclusion to the Civil War.

D. W. Griffith has not grown maudlin in his direction of this United Artists picture because Lincoln happened to be his personal hero as well as the nation's saint. He has taken the gaunt giant and put him to work retracing the important incidents of his remarkable life.

Lincoln's heroic figure is seen in all its multiplicity of strange moods. The artistry with which this feat in characterization is accomplished is largely due to the superb acting of Walter Huston.

Huston makes Lincoln a human being who loves and reacts to disappointments as any other man might. Through his interpretation Lincoln becomes one of the best drawn character portraits shown on the screen.

The cast, which numbers over one hundred principal speaking players, was chosen wisely. Una Merkel, a newcomer to the screen, plays the role of "Ann Rutledge," Lincoln's boyhood sweetheart. Her love scenes with Huston are remarkable for their quiet beauty, and the scene at her death bed is tragedy, sublimely directed and acted.

Kay Hammond plays the irrascible "Mary Todd Lincoln" perfectly, since her voice and mannerisms are ideally suited to the nagging, caustic Mary Todd of history.

Ian Keith does splendidly as the sinister "John Wilkes Booth," whose cruel shot ended Lincoln's life. Others in brilliant portrayals are Jason Robards, as "Herndon," Hobert Bosworth as "Robert E. Lee"; Frank Campeau, as "Sheridan," and Lucille La Verne, as the matron officiating at the birth of Lincoln.

—Fine pictures all next week at the New Lyceum.

TO ATTEND SCOUT CAMP

James L. Owens, of Betterton, is among the Scouts who have already registered for the Rodney Scout Camp which opens June 29th. It is expected that other Scouts from Kent county will register before camp opens.

Rodney Scout Camps, a 1000-acre reservation of woodland owned and operated by the Wilmington Area Council, Inc., Boy Scouts of America, is located at Elk Neck, eight miles below North East, Maryland. These camps, include a mile of shore front facing the head of Chesapeake Bay.

TO CLOSE WORTON MILK STATION

FARMERS TO USE CHESTERTOWN AND KENNEDYVILLE STATION

Announcement was made this week that the milk station at Worton will close on June 30th.

According to a statement by officials yesterday the closing of this station has been considered for the past two years due to its closeness to the Chestertown and Kennedyville stations. Due to good roads and modern means of transportation this move was considered advisable in order to cut down overhead expense. The patrons of the Worton station will be given an opportunity to carry their milk to Chestertown and Kennedyville.

RECONSIDERS SCHOOL CONSOLIDATION PLAN

RESCINDS ACTION ON CONSOLIDATION PLAN EXCEPTING THREE SCHOOLS— MILLINGTON HIGH SCHOOL NOT TO CLOSE

At the meeting of the Kent County School Board on Tuesday of this week, delegations from Locust Grove vicinity, Millington, Cherry Lane District, Turner's Creek district, and Pomona district, appeared before the Board and requested that their action of the last meeting, closing these schools be rescinded.

The number of persons in these delegations were sixteen from Locust Grove, eighteen from Millington, one from Cherry Lane, one from Turner's Creek and ten from Golt.

The delegations from Millington High School and Pomona school presented petitions indicating that the sentiment in those districts was unanimously opposed to the closing of the schools. The Millington petition inclued 218 signers, and the delegation was accompanied by Senator S. Scott Beck and Mr. Harrison W. Vickers.

The Board of Education unanimously rescinded its action of May, 19th, 1931, to consolidate the Millington High School with the Galena High School, the Golt and Locust Grove one-teacher school with the Galena elementary school and the Pomona school with the Chestertown elementary school. This action was contrary to the recommendation of Mr. Louis C. Robinson, County Superintendent of Schools who favored the closing of these schools, stating:

"That, on the basis of its enrollment, only one high school teacher could be assigned to the Milington High School the following year and only the first two years of work could be offered there. If the Pomona school were not consolidated with the Chestertown elementary school, the latter school would lose one of its teachers the following year because of the decrease in the enrollemnt and average number in attendance durig the current term.

The Board of Education unanimously decided to let its action of May 19, 1931, to consolidate the Turner's Creek, Cherry Lane and Morgnec one-teacher schools with the Kenedyville school stand and instructed the secretary to advertise for bids on bus routes running from those school districts to Kennedyville.

WILL MEET AT RASKOB ESTATE

MARYLAND POULTRYMEN ASSOCIATION WILL HOLD SUMMER MEET, AT RASKOB ESTATE IN QUEEN ANNE'S COUNTY

Kent County poultrymen and others from every county of Maryland are planning to attend the Summer Field Meeting of the Maryland State Paultry Association at Pioneer Point Farms, the John J. Raskob Estate, in Queen Anne's County near Centreville on Thursday, June 18. It is said that an attendance of two thousand poultrymen is expected.

Poultry authorities of National renown have been secured to deliver addresses.

R. W. Dunlap, Assistant Secretary of Agriculture, Dr. M. A. Jull, Chief Poultryman of the U. S. Department of Agriculture, E. W. Sheets, Chief of the Bureau of Animal Husbandry, Dr. R. A. Pearson, President of the University of Maryland and others are on the program.

Luncheon arrangements are being provided by the Jeff Davis Post of the American Legion at Centreville. The men of the Post have generously offered their services free in handling lunches and refreshments for the two thousand people expected to attend.

Pioneer Point Farms are said to be one of the most beautiful estates on the Eastern Shore and has the most complete and modern poultry plant in Maryland. The estate, it is said, possesses ten miles of water front on the Chester and Corsica Rivers.

A cordial invitation to attend this event is extended to all poultrymen of Maryland by the Maryland State Poultry Association, the Queen Anne's County Poultry Association, and Mrs. Helena S. Raskob, of Pioneer Point Farms.

ATTENDING FERTILIZER CONVENTION

Mr. Wilbur W. Hubbard will leave oday, Saturday, for Green Briar, White Sulphur Springs, to attend the 37th annual convention of the National Fertilizer Association.

Mr. Hubbard was president of the Association in 1911 and 1912 and is one of the oldest members from a standpoint of membership. His attendance at this convention was specially requested by officials of the convention.
