OKLAHOMA COW BOYS OF RADIO FAME

TO APPEAR IN PERSON AT NEW LYCEUM THEATRE

Ever see a group of real cowboy entertainers, sometimes termed as a cowboys' band? You have probably heard of Ken Hackley and his Oklahoma Cowboys many times from various radio stations throughout the United States, as they have broadcasted from over sixty-five of the leading and larger radio stations for the past few years and just recently been featured from Station WCAU at Philadelphia.

You will soon have a chance to hear and see them in person at the New Lyceum Theatre where they will appear next Monday and Tuesday, June 15 and 16. This is the original Oklahoma Cowboys which was featured on the National Farm and Home Hour over the coast to coast network of the National Broadcasting Company, the ones that create a sensation in every radio station with their fast and diversified radio programs.

Each and every member is an accomplished cowboy musician, playing and using a total of twenty-two string instruments. Of course, they dress in what might be termed their native costumes, large ten gallon hats, cowboy boots, chaps, loud shirts, etc. Yes, sir, honest to goodness cowboys with their quaint and queer entertainment which they have learned around ranch bunkhouses. As they say, they do plenty of playin', singin', dancin' and ropin', and many novelties new to the show going public.

Watch for their special built and decorated car in which they travel. You can't help but see and notice it, as it will be close to the New Lyceum Theatre while they are appearing there.

NOW AND THEN

ROUNDDELAY

A tune in my head,
A singing in my heart;
Music running through me,
For Spring has made a start.

Asparagus and scallions,
And strawberries supreme;
Home-grown in Kentland,
Strawberries—and cream.

Parslied new potatoes,
Scallops from the sea;
Radish from the garden,
And curling chicory.

A tablecloth of yellow,
A centerpiece of green;
Daffodils and daisies,
Growing in between.

But the words for my music,
The song which I sing;
Is of baskets of strawberries,
Harbingers of Spring.

AGNES VAN COTT.

The College exercises were unusually interesting this June though we were sorry to see that so few of the alumni were here to share them.

Such a large class of sweet attractive girl graduates and fine sunbrowned young men were launched out on the sea of life. May their voyage be a pleasant one.

The speaker, Mr. Wiley Bus. manager of the New York Times was most informing. The President of the College, in introducing him quoted a retort made to a very tall man, in England. He had expressed his surprise at seeing Lloyd George so little of statue, but Mr. George replied:

"Where I come from they measure the men from their chin up." Knowing Dr. Titsworth is a little man, but well furnished in the upper story, we were soon aware, that Mr. Wiley had grown in wisdom more than he had grown in statue, and that he was certainly a brainy man. The music furnished by the orchestra was most appealing, and the Bells of St. Mary sung by the double quartette is still ringing in our ears. We certainly wish our President bon voyage in his well deserved trip.

There is so much talk of bird lore these days. In another part of the paper is an interesting article by Mr. Perkins about the birds in Kent.

They are anxious to start an Audobun society here.

Audobun was such a lover of birds that when he would go out in the parks in the city the birds would flock around him perching on his head and hands. The Audobun Society has done much to protect bird life in America.

Strange how one thing influences another. Right now with the fifty years ago clothes coming back, the habits and customs are coming too. Some one was telling of a visit to a tobacco store. Many came in while he was waiting for his order to be filled. Some wanted cigarettes, pipes and other things. One gentleman came in. He glanced furtively around and waited until the store was almost empty.

Then he went up and whispered to the clerk, and received a package which he quickly hid and then went out. The customer still waiting strolled over to the counter, and glanced up at the box from which the clerk had taken the stuff that he gave the old man. It was snuff. Is that too, coming back again?

In the anxious days that are upon us,
When things are pretty blue;
It is the backbone instead of the wishbone.
That is more apt to carry us through.

EDITH REES HONOR STUDENT

HEALTH ASSOC. MEETS

DR. LEONARD ADDRESSES HEALTH GROUP

Dr. Richard Leonard, Chief of the Bureau of Oral Hygiene, Maryland State Department of Health was present by special invitation at the monthly meeting of the Kent County Public Health Association Tuesday evening. A conference was held concerning the great need of increased dental clinical work in the County and a plan was submitted by Dr. Leonard whereby Kent can enjoy a six month's dental clinic each year instead of the third of a year as it now has.

Dr. James W. Smith, part-time dental clinician for Kent has been doing most valuable work among the children during the past few months.

One county school where examination of forty children was made disclosed the fact that none of the forty had ever visited a dentist.

Since the nose, mouth and throat are the main highways for disease germs to enter the body the importance of keeping teeth in good condition is becoming more and more recognized.

The Health Association voted to increase the clinic to a six months term and is now planning an afternoon and evening entertainment with a cafeteria supper at the home of the president of the Association, Mrs. Nora C. Mexwell at Worton Manor which will be held July 23.

COUNTY TAX RATE $1.67

INTEREST ON ROAD BONDS CAUSE 20 CENT INCREASE

The Commissioners of Kent county at a special meeting yesterday, Friday struck the levy for the coming year and set the county tax rate at $1.67.

The four cent increase over last years rate was due to a difference of $25,572 in interest due on the $900,000 road building program carried on last year. This difference in interest was due to an interest rebate last year of the money not being expended until the road work was finished.

The total interest on the Kent County Million Dollar Road Bond Issue which had to be provided for in this levy was $36,372.52, which together with an expenditure of $2,000 for road machinery increased the tax rate 20 cents above the general county expenses.

The State tax rate is 25 cents making a total county and state tax rate of $1.92 on $100.

The Kent County tax rate for the past 28 years is as follows:

1904, $1.30; 1905, $1.15; 1906, $1.15; 1907, $1.12; 1908, $1.12; 1909, $1.25; 1910, $1.85; 1911, $1.22; 1912, $1.05; 1913, $.94; 1914, $1.09; 1915, $1.11; 1916, $1.53; 1917, $1.44; 1918, $1.25; 1919, $1.32; 1920, $2.51; 1921, $1.48; 1922, $1.54; 1923, $1.48; 1924, $1.50; 1925, $1.47; 1926, $1.31; 1927, $1.60; 1928, $1.54; 1929, $1.90; 1930, $1.63; 1931, $1.67.
