ANY BABY

WE can never be sure just what makes an infant restless, but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation, and not the slightest harm in its frequent use. As often as Baby has a fretful spell, is feverish, or cries and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes constipation. Or diarrhea — a condition that should always be checked without delay. Just keep Castoria handy and give it promptly. Relief will follow very promptly; if it doesn't you should call a physician.

1-2 teaspoon vanilla

1 cup Frazier's pecan or walnuts, as preferred

2 tablespoons milk

Cook the sugar and coffee to the soft ball, test in cold water, then add the butter and milk, let them melt over hot water, then et come to the boil. Cool, then add the vanilla and the nuts chopped. Beat creamy and pour on a buttered dish. When cold, mark off in squares.

This is a delicious fudge—is a nice change from chocolate in warm weather.

DELICIOUS DELIGHT
(Awarded Book Prize)

Dissolve one package of strawberry gelatine dessert in a pint of boiling water. When cool, add a cint of vanilla ice cream and whip vigorouly. When it begins to stiffen fold in 1 pint of fresh strawberries halved, and about a dozen diced marshmallows. Place in the Refrigerator until ready to use.

This rlakes a perfectly delicious dessert. The marshmallows rise to the top like a meringue, and with the bright red strawberries through it, it is as good as it is good looping. Try it for yourelf. EMILY L. RUFF.

Augsburg and Fugger Family

A visit to Augsburg in Germany is not complete without making some acquaintance with the Fuggers. This was a Swabian family of ennobled merchants, famous in the Sixteenth century. It traced its descent to John Fugger, a weaver, who lived at Graben, near Augsburg, early in the Fourteenth century. The tourist today will stand in admiration before the old home of these merchant princes. The town house is adorned with frescoes by F. Wagner, while the hotel, near by, known as Die Drei Mohren, was another Fugger town house. The Fugger museum is installed in the so-called Fugger bath rooms, which are decorated in the style of the Italian Renaissance. It contains the art treasures of the family, weapons, coins, medals and golden vessels. The splendid Fugger chapel can be seen in the Catholic church of St. Ulrich.

Be Honest

You may pay your debts promptly and with care, and yet be essentially dishonest. You may, for instance, pretend you are doing something for a good reason, yet know your real motive is selfish. No man is really honest who deceives himself.—Grit.

United States Close to War With Spain in 1873

The "Virginius affair" in 1873 almost caused war between the United States and Spain. The Virginius, ship of American registry as the property of an American citizen, was captured by a Spanish war vessel on the high seas and taken to Santiago. Cuba was then engaged in the ten years' war against Spain and the Spanish officials contended that the Virginius was about to land arms and men for the rebels. Spain was at that time a republic under President Castelar, and while the President was having an investigation made, pending his reply to the demand of this country that the Virginius be released, Spanish authorities in Cuba took matters into their own hands. On November 7, 1873, Capt. Joseph Fry of the Virginius and 36 members of his crew were shot, and the following day 12 of the passengers were similarly executed. Numerous indignation meetings were held in the United States, with loud demands for war if Spain did not make amends. It developed, however, that the Virginius really had no right to fly the American flag at the time of her capture. The vessel was turned over to the United States navy on December 16, and the surviving passengers and crew released. Spain was not required to salute the American flag and the incident was closed.

Severe Self-Discipline in Fourteenth Century

Early in the Fourteenth century there arose a curious sect in southern Europe whose distinguishing tenet it was that the human body should be made to suffer, in order that the soul might be saved. Forming themselves into bands, they marched through the lands singing hymns and flogging themselves and others with whips and thongs. Flagellants they called themselves, and absurd though their actions would appear to be in our day, then it was recognized that such notable protests against self-indulgence and sinful luxury were not without value. One of the favorite hymns of the Flagellants was one reciting the sorrows of Mary the Blessed Virgin as she stood by the cross of Jesus, and begging her in its latter part to minister grace to the singers.

The use of the rosary had been brought from the Far East in the previous century by a Dominican monk, and introduced into Christianity with special prayers to the Virgin Mary, or "Ave Marias" mingled with recitations of the Lord's Prayer, to be memorized by the beads, and repeated. It was the age when such observances were just making their way into the faith of many Christians. Naturally the hymn on Mary at the Cross, "Stabat Mater Dolorosa," as it was called, suited the fashion of the age, and was introduced into the service books in 1414, whence its use spread over the whole Roman Catholic church.

A LITTLE TWISTED, WHAT?

"Dearest Annabelle," wrote Oswald, who was hopelessly in love, "I would swim the mighty ocean for one glance from your dear eyes. I would walk through a wall of flame for one touch of your little hands. I would leap the widest stream in the world for a word from your lovely lips. As always, your Oswald.

"P. S.—I'll be over Saturday night if it doesn't rain."
