WRITES BOOK ON KENT COUNTY

William R. Howell, Ph. D.

Dr. Howell has recently published book, "The Government of Kent County," which is interesting and instructive to those who have any connection with this county.

In preparing the book Dr. Howell spent months of study and research, not only among the records of Kent county but also in Baltimore, Annapolis and Washington. The first part of the book includes the early settlement of Claiborne on Kent Island, the struggles of that early period with Lord Calvert, and the form of government in that early period. It includes the history of each of the public offices in the county and the functions of the office. Its educational value makes it well worth while aside from the fact that it is very interesting. References for the material are given in a foot note at the bottom of each page. Many of the names referred to in the early period are familiar names in the county today.
