SCHOOL BUS ROUTES

The following change in bus route and the new routes established during the summer vacation are announced at this time so the children living along the routes will know at what hour to meet the bus.

The bus that formerly ran from Sassafras to Galena by way of Massey has been rerouted as follows to accommodate the children living in the vicinity of Wilson's Cross Roads in the abandoned Cedar Grove school district. It will now start at Hurlock's Corner at 8.15 A. M. to carry the elementay school children from that section of the Cedar Gove distict to the Massey school. It will then carry the high school children living in that village and along the route to Sassafras and Galena to the Galena school. After passing the limits of the Sassafras district it will pick up both elementary and high school children until it reaches a point within one and one-half miles of Galena.

The new routes established and the hours at which the busses will start their runs each morning are:

1.—Turner's Creek District to Kennedyville School. The bus will start at the junction of the public road and the private road leading from the Clothier estate within one-eighth of a mile of Turner's Creek school at 8.00 o'clock. It will arrive at Kennedyville before the high school bus leaves that village for Chestertown.

2—Worton Point District to Hanesville and Chestertown. The bus will leave Mr. Bruce Usilton's gate near the Worton Point school at 8.15 a. m.

3.—Broad Neck and Lankford to Fairlee School. The bus will leave the store near the end of the slag road in Broad Neck at 8.20 a. m. If the road between the Lankford school site and Baker's Lane is slagged by the County, the Board of Education will route the bus by way of Baker's Lane. This would provide much better service for a number of the school patrons in the Lankford district.
