LOSES HARD FOUGHT GAME

A TOUCHDOWN WITH TWO MINUTES TO PLAY ONLY SCORE

Losing a foot ball game in the last two minutes of play was the fate of Washington College in their only home game of the season last Saturday against Mt. St. Mary's, the score being 7 to 0. Fighting against a much heavier team the Washington eleven out guessed their rivals from the start.

Up until the time of the only score of the game Washington seemed to have the advantage throughout the game through foot ball tactics.

Whenever Washington's goal was threatened the much lighter team held their rivals for the fourth down and Rinehold's punting placed the ball well odwn the field.

Washington's aerial attack was the feature of the game and the local eleven scored 12 first down's against Mt. St. Mary's 7.

The game was costly to the Washington eleven as three men were taken out due to injuries. Ward, tackle, Carozza, end and Rinehold, right half back, three of the outstanding performers in the game were the three injured and they proved to be heavy losses to the team.

The score made by Mt. St. Mary's may be laid directly to Rinehold being out of the game. Al Giraitis who took care of the punts after he was taken out kicked one straight into the air which hit one of the Washington players before it hit the ground causing a 15 yd. penalty. This put the ball on Washington's 20 yd. line and a well played end run by Hopkins, of Mt. St. Marys, crossed the line.

Although the game was lost, foot ball fans had the opportunity to see how the local eleven has been holding much stronger elevens to a small score. The lacking in weight is made up by fight and foot ball tactics and Coaches Kibler and Ekaitis are to be congratulated on the performance of the team this year.

Registration Notice

AFFECTING CITIZENS MOVING INTO THE COUNTY FROM ANOTHER STATE

Citizens moving into Kent County from another State and desiring to vote in the elections of 1932 must comply with the Acts of Assembly of 1902, which require that such persons must declare their intention of becoming citizens of the State of Maryland before the Clerk of the Circuit Court one year before the next general election in order to be eligible to register and vote in such election.

The General Assembly of 1929 attempted to repeal this law and enacted a substitute which the Court of Appeals has ruled unconstitutional. The Attorney General of Maryland, by whose opinions this Board is guided, has ruled that the decision of the Court of Appeals has made the Act of 1929 imperative and that it will be necessary for all persons moving into the State to declare his or her intention of becoming a citizen of Maryland before he or she is eligible for registration.

The opinion of the Attorney General in part, is as follows:

In 1902 the Legislature enacted a law requiring every non-resident moving into the State, wishing to vote, to register his intention of becoming a resident before a Clerk of Court one year before an election, in oder to register to vote at said election. The Legislature, by Act of 1929, Chapter 578, attempted to repeal said provision and to provide that a non-resident need not go before the Clerk, but might register upon his own affidavit and that of two voters, before the registration officers, that he had actually resided in the State a year. This new law, however, excepted two counties from its operation and on that account the Court of Appeals declared it unconstitutional (on October 31, 1930, in Bangs vs. Fey, in Md., 548), as the Constitution says that the General Assembly shall provide for a uniform registration of the names of all voters in this State, and the Court of Appeals further declared that the said law of 1902 therefore still in force.

"It is therefore, clear, under the law as it now stands, that no person who has moved into Maryland from another State is now entitled to registration unless he or she has complied with the above requirements of the law."

Persons who were able to get on the books under the act which was declared unconstitutional must appear before a clerk of the court in Chestertown before November 3 to declare their intentions. Otherwise, they may be placed on the suspect list and their names erased from the books. It would then be too late to file their intention and their right to participate in the Presidential election would be lost.

A Text For Every One

What Comfort, what Strength, what Economy there is in Order—Material Order, Intellectual Order, Moral Order. To know where one is going and what one wishes—this is order; to keep one's word and one's engagements—again order; to have everything ready under one's hand, to be able to dispose of all one's forces and to have one's means of whatever kind under command—still order; to discipline one's habits, one's effort, one's wishes; to organize one's life; to distribute one's time, to take the measure of one's duties and make one's rights respected; to employ one's capital and resources, one's talent and one's chances profitably—all this belongs to and is included in the word order. Order means light and peace, inward liberty and free command over one's self; order is power. Order is man's greatest need and his true well-being. Order is the greatest need of business. It is the slogan and the inspiration of every progressive person, to establish it in one's life is to set the scene for assured success.
