TAXES

The state requires now a ½ per cent. to be added to all unpaid STATE TAXES and the Treasurer, H. S. Startt, is anxious to have this fact known to those who still owe. So, when the tax payer sends check, money order or cash he or they must include the ½ per cent addition.. This will avoid the neccessity of having the Treasurer return same for correction for the ½ per cent. He has no other alternative. He must collect it. The additional ½ per cent is added for each month thereafter up to 6 per cent.

DUCKING LAW DEFINED

SEASON OPENS AT NOON NOVEMBER 16

The State law provides it to be unlawful for any huntng rig to cross the line of the Susquehanna Flats before 3.15 a. m. of the legal gunning day. Federal regulations provide it to be unlawful to hunt wildfowl until 12 o'clock noon in the opening day of the season, namely: November 16th. Rigs may cross the line any time after 3.15 a. m. on the morning of the opening day, November 16th; however, they will not be permitted to hunt therefrom until 12 o'clock noon. On the Susquehanna Flats, the open days for hunting will be Mondays, Wednesdays and Fridays. On the Chester River, between Wickes' Beach on Eastern Neck Island and Drum Point in November, Monday and Fridays; in December, Mondays, Wednesdays and Fridays. On the Chester River and tributaries above the Chester River Bridge and from the mouth of said River to Wickes' Beach at a point dividing the properties of R. Nelson Stevens and Alan A. Harris, and on the Bogle's Basin property, it is lawful to hunt waterfowl every day except Sundays, November 16th to December 15.

It is unlawful to hunt wildfowl on any of the waters of Queen Anne's County during the month of December on Tuesdays and Thursdays.

It is unlawful to hunt widfowl on the waters of the Patuxent River and its tributaries and on the waters of the Wicomico Rver in St. Mary's County on Tuesdays and Thursdays.

Federal regulations supersede the State laws, except where the State laws further protect, then they supersede the Federal regulations.

The reduction in the open season for the hunting of wildfowl this season was brought about by the proclamation of President Hoover of August 25th, as recommended by the United States Department of Agriculture thru the Biological Survey, which, after making lengthy and thorough investigations of the conditions in the great breeding grounds of Canada and the northwestern states of the United States, realized that it was apparent something must be done quickly to save the fast diminishing breeding stock of a number of species of wildfowl.

Many Ducks In Upper Bay

Birds are reported at this date as being very numerous at the head waters of the Chesapeake Bay. However, this seems to be the only section in Maryland where large numbers of birds have made their appearance up to this time. We understand that the next waters which have shown a oncentration of large numbers of birds at this time are Back Bay in Virginia and Currituck Sound in North Carolina. We fully realze that Maryand's large watered area furnishes more feeding and resting areas than any state long the Atlantic Coast, and the sportsmen of Md., who hunt wildfowl will be blessed with a larger supply than other states of the Atlantic seaboard. The Maryland Department has arranged to co-operate with the Biologicl Survey in the enforcement of the Federal regulations and will have at least fifteen United States Deputy Consevation Officers in Maryland who will work in co-operation with Orin D. Steele, United States Deputy Conservation officer for the Maryland District.

The bag limit for wildfowl is not more than 15 in the aggregate of all kinds in any one day; wild geese, 4; Brant, 4.

RED CROSS ROLL CALL STARTS WEDNESDAY

REV. JOHN WHITE NAMED CHAIRMAN

The annual Red Cross roll call for Kent county will start next Wednesday, November 11th, and will continue until Thanksgiving.

The Kent County Chapter of the Red Cross is the only organization in the county, aside from the churches and the County poor fund that will look out for the needy in the county this winter.

Of the donations made during this drive, 50 cents of each donation goes to the National Chapter and the remainder stays in the county for relief work. This county fund is most judiciously spent for those who are in dire need.

Rev. John White, of Fairlee. has accepted the chairmanship of the county and appeals to everyone to give as liberally as possible due to the unusual demand for help that is expected this winter.

A meeting of the Kent Chapter is set for Monday, November 9th, at 2 p. m. at the home of Mrs. James G. Beck. At this meeting, to which all members are invited, officers will be elected and business transacted.

Last winter the Kent Chapter used the money in its treasury to relieve suffering in the county and this year one-half the sum received from the sale of memberships in Kent will be returned to the local chapter for use here. The other half will go to the National organization.

The officers of the Kent Chapter are: Howard Turner, Chairman; Mrs. James G. Beck, vice-chairman; Mrs. Frank W. Smith, secretary; and Alan A. Harris, treasurer.

HONORED BY DELAWARE I. A. A.

DAVID McMENAMIN ELECTED VICE-PRESIDENT

The Delaware Interscholastic Athletic Association met in Dover last Saturday morning and Mr. David McMenamin, of Chestertown, principal of the Alfred I. Dupont school, near Wilmington, was elected vice-president of that organization.

The organization will endeavor to stop competition in athletic sports between the different schools of the state. Instead of spending money in traveling around the State to win championships, they hope to get every member of the schools into the sports and merely have class competition within the respective schools. Some schools in Delaware have already adopted this policy.
