Rejoinder That Stung

Thomas Sparta, once bishop of Rochester, in England, later became chaplain to the witty and profigate duke of Buckingham, it is related in Brand's "Observations on Popular Antiquities." At his first dinner with the duke, his grace, observing a goose opposite his chaplain, remarked that he wondered why it generally happened that geese were placed near the clergy.

"I cannot tell the reason," Sprat said, "but I shall never see a goose again, but I shall think of your grace."

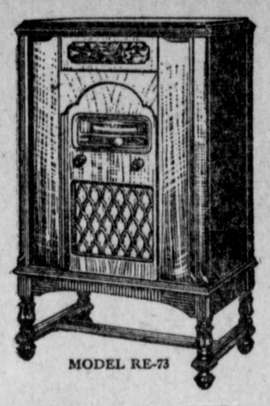

"Inspired" by Hasheesh?

It is generally supposed that the "Arabian Nights," and others of these strange weird Eastern tales were written under the influence of hasheesh, which lends such a marvelous brilliancy to the imagination.

SOUR STOMACH

JUST a tasteless dose of Phillips Milk of Magnesia in water. That is an alkali, effective, yet harmless. It has been the standard antacid for 50 years. One spoonful will neutralize at once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes.

But don't depend on crude methods, try the best way yet evolved in all the years of searching. That is Phillips Milk of Magnesia.

Be sure to get the genuine Phillips Milk of Magnesia, the kind that the physicians prescribe.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.
