WE WISH FOR our patrons and friends the new year will bring them happiness and prosperity.

TWELVE O'CLOCK Thursday night brought to an end the year 1931, a year of unbearable burdens and woe, the like of which has never been experienced before, and it is hoped will never return to our people. Every year brings to some sorrow and trouble, to others joy and happiness, but never before has such financial depression brought such poverty and suffering to our people as a whole. Fortunes have been swept away in a day leaving suffering and privation in its wake. Lets hope that 1932 will bring renewed relief and prosperity to our people and instil new strength and vigor to the souls of our depressed ones.

FIRE COMPANY ELECTION JAN. 11

The annual election of officers of the Chestertown Volunteer Fire Company will be held on Monday, January 11th, at which time the President, Secretary, Treasurer, directors and chief will be elected.

HAVE YOU SEEN DOLLY;

Dolly has parked herself in the show window of Mr. A. L. Spark's store. Go there and take a look at Dolly and she will show you how you can help the Kent County Ambualnce Association.

The Ambulance is at the service of all Kent Countians. Gas is furnished for it free by the Holt Oil Co. This however does not defray all the expenses.

The public is asked to help out. Go see Dolly and she will explain to you just how it can be done.

NO CLUES YET

People of Sudlersville and community are justly indignant about the damage done the cemetery in that town. 78 grave stones in forty-six different lots were partially wrecked by vandals last week.

Although the County authorities with the aid of a Baltimore Detective are working hard on the case they have only one clue to investigate. The nature of this clue they decline to disclose.

The belief however is that the damage was done by white men who were not residents of the section.

DOG SHOW IN BALTIMORE

Dog fanciers in practically all of the counties of Maryland are expected to have entries in the Nineteenth annual dog show of The Maryland Kennel Club, Inc., to be held at the Fifth Regiment Armory, Baltimore, February 5 and 6. Especially is this true in the case of American Foxhounds where there will be especially keen competition in the Local Classes. The proceeds from the show will be given to charity. Entry blanks for the show are to be had at the office of The Maryland Kennel Club, 514 Park Bank Building, Baltimore, Md. Blanks will be filled out at headquarters, if desired. Entries will close January 23. The sponsoring committee for the show is headed by Governor Albert C. Ritchie and Mayor Howard W. Jackson, of Baltimore.

WHAT A NERVE

R. O. Harton, of Sparrows Point, writer to the Baltimore Sun as follows:

"The great cit yof Chicago has sent to Maryland a representative to investigate unlawful conditions in Maryland.

"The State of Illinois has the nerve to investigate conditions in Maryland!

"A State where men are assasinated, six at a time, by machine guns, sends a newspaper reporter to criticize a State which, from the time when America was struggling for freedom, has been for State rights!

"Chicago has enough trouble without trying to tell Baltimore what to do.

"The Eastern Shore has never asked Chicago for anything. So, Chicago, look after your own gunmen. The Eastern Shore doesn't need your assistance.

"When six men were assinated by machine guns in Chicago, did the Eastern Shore send one of their noble sons out to try to humilate the great State of Illinois?

"This is simply a political stunt and if not so pathetic would be ridiculous."

—Joe Sleeper, Secy., of the Chester Rotary Club will be the speaker at the next Monday night meeting of the Chestertown Rotary Club.

The annual New Year's dance at the Chester River Yacht and Country Club was a great success and the new year was ushered in with proper ceremony. 250 members and guests attended the dance including a large number of out of town guests.

The Curbstone Diplomat

By WILLIAM S. COLLINS,

Lindbergh flew across the Atlantic Ocean, "The Charge of The Light Brigade," Leonidas and His Three Hundred Spartans," all showed a lot of nerve but roll them all into one, their nerve cannot compare with that of the Chicago Tribune. Imagine anyone from that graft and vice infested city of Chicago, condemning the Eastern Shore. The boy that gave us that old motto "People that live in glass houses should not throw stones," surely wasted his time.

The very mention of the word "Chicago" is enough to nauseate a true American citizen and the time is about ripe to consider it profane language. Working on the principle of association of words, Chicago would instantly bring to mind communism, murder, stealing, gangsters, racketeering graft, etc. That city now is in a state of bankruptcy, caused by graft of public officials. A tax strike is on. Citizens are refusing to pay their taxes. If this continues it means the closing of the public schools, abolishment of the police force and everything else that is dependent on taxes. All this is not enough to keep the Chicago Tribune busy and so they trot a reporter down to Maryland, to investigate the lynching of a man, guilty of first degree murder and it is rumored, the murder was planned at a communist meeting.

All investigations show the lynching was caused by the contempt the people had about the way another murder case in the same locality was being handled. The consideration that was being given a representative, of a reported communist organization, was too much for true American citizens and so they took the Administration of justice in their own hands.

The lynching was a direct insinuation, as to the opinion the people have of the delays in higher courts of the state and nation. If the first murder case had been tried in the lower court without the outside interference, probally no lynching would have taken place.

When the lower courts of the state convict a man and give him a stretch in the state prison, what is the result? Higher state officials turn them loose before they finish their sentences. This is done despite the protests of the lower officials. Many convicts escape through the "pardon hole," which has been dug in the prison wall. Our Attorney-General might use some of his efforts in having this hole repaired.

Mr. Reporter for the "Chicago Tribune," you think this mob action and lynching on the Eastern Shore is deplorable. Well it is deplorable, but the most deplorable part is the fact that we have to stoop to this method to administer justice.

Take a look at Duker, guilty of first degree murder. Shot and killed a man, for a small sum of money and for the sport of the thing. What is to become of him? When?

Mr. Reporter it looks to us like conditions of this sort are bad in Maryland but we are informed that Maryland stands high among the states in the administration of justice. As the mouse to the lion, I will tell you the thing for the large city papers to do, is to try to check the growth of communism in the cities and keep it from spreading to the rural communities.

Here on the Eastern Shore we do not believe in lowering ourselves to the level of the inferiors. You call this hate and prejudice. When the inferiors reach our level maybe you will see a change in our attitude, but you must consider we have several centuries advantage.

We think these gangster killings in Illinois and many of the other states are deplorable. Maryland is compartively free of this sort of thing. The one we had recently, can be credited to the District of Columbia, although it happened at the edge of the Maryland line. When we consider that Maryland ranks high in law enforcement we feel sorry for the other states. Again we appeal to the city papers to take the side of justice, condemn communism and faster the true American home life.

This week Chestertown sold bonds to the extent of $25,000. This money will be used to build a concrete road on Cross St. and to pay off all the town debts. The road on Cross street is a much needed improvement. The towns debts are consolidated and we have a systematic method of paying off our obligations.

Very good; it is nice to think that in a space of ten years the town will have the bonds paid off and be out of debt. This sounds very good in this time of depression.

But there are many necessary improvements that should be made as soon as the funds are available, such as, a sidewalk to the High School, a disposal plant and better street lights. The street lights on High street are so dim, that when the merchants turn their lights off at nights, it looks like the town has taken in its side-walks.

The By-Kota Club of the Chestertown M. E. Church will meet in the social hall of the church on Monday, January 4th, at 8 p. m., to be entertained by Mrs. Annie Crew, Mrs. Etta Robinson and Mrs. Marie Legg.

SHORE BEAN INDUSTRY

Del-Mar-Va peninsula marketed last year 800,000 cases of lima beans for commercial purposes more than half the nation's entire output, according to Ralph C. Dulaney, of Fruitland, Md., at the Peninsula Horticultural Society.

He declared that the center of the lima bean canning industry of the United States has, in recent years, shifted from New Jersey to this peninsula and that last year 15,000 acres on the Eastern Shore were planted in beans.
