AGRICULTURAL NOTES

MILK CUT THIRTY CENTS

(BY COUNTY AGENT McVEAN)

Producers of milk for the Philadelphia Market have been notified of a reduction in price effective February 16th. The reduction is Thirty Cents ($.30) per cwt. The distributors take a small cut in their margin but put the milk on the door steps for Ten Cents per quart or Six Cents per pint, a cut of One Cent on Quarts. The plan of paying basic price for 90 per cent. of the basic amount continues. The price for surplus is not affected by the cut. It is governed by the New York price of butter fat.

A slight reduction in Receiving Station charges is reported. Under the new regulations a flat rate of Twenty-two cents per cwt. will be charged where a half cent per quart was the former charge.

The price cut was necessary to keep out milk from other markets. The Philadelphia price is much higher than the New York price to producers. It is also hoped that a lowered price will induce increase consumption.

The price reduction is not good news nor welcome. However, the fact remains, milk is still relatively high priced as compared with any other farm products. Let us hope no further price cuts will be necessary. The value of the producers' organization is again very apparent. One wonders how many months back—cuts would have been inflicted—also what the price would be if there were no bargaining agency to battle for the producer. Milk is reported as selling at Ten Cents per gallon in the unorganized middle west.

Japan Clover For Waste Land

Many people are considering the use of some form of Lespedeza for pasture, hay, or soil improvement corp. Several factors should be considered before investing in seed. None of the Lespedezis are good for hay this far north. Alsike clover ranks ahead as a hay crop in this State. As a pasture crop some forms are better than others—due to their habit of growth. Lespedezas reseed themselves each year and thus perpetuate themselves. If, however, the seed are formed when the catle can eat them along with the green forage, the effect is apt to be disasterous to the stand of Lespedeza.

For this section, Professor Metzger of the University of Maryland, recommends the common Japan Clover (Lespedeza Striata). Its lower branches are on the surface of the ground and inspite of grazing, cattle cannot get all the seed and as a result the plant reseeds well each year. It is cheaper and more effective and is therefore recommended. It is used to best advantage on rough or waste land. It is a soil improving crop. It furnishes grazing during the hottest, dryest weather when most other grasses are at a standstill. It will grow on acid soil but not so well as on soils needing no lime. Try Japan Clover—common Lespedeza—on your waste land or non-plowable pasture.

Orchard Specialist Here March 1st and 2nd.

The Orchard and Fruit Specialist of the University of Maryland Extension Service, Mr. A. F. Vierheller, will be in Kent County March 1st and 2nd to serve farmers with orchard, pruning, spraying management, fertilizer or other problems. Anyone seeking advice along these lines should notify the county agent—so that all who went the service may get it.

NAMED ALMS HOUSE TRUSTEE

G. E. LEARY TO FILL VACANCY

At the regular meeting of the Commissioners of Kent County on Tuesday of this week. Mr. G. Ellsworth Leary, of Rock Hall was appointed a Trustee of the Kent County Alms House.

Mr. Leary's appointment is to fill the vacancy caused by the death of Mr. Harry Willis, of Fairlee. He is proprietor of G. E. Leary & Son lumber business in Rock Hall, organizer of the Rock Hall Motors and a director in the Third National Bank and the Kent County Chamber of Commerce.

WASHINGTON DEFEATS SWARTHMORE

EXTRA PERIOD NEEDED TO DECIDE GAME

The Washington College basketball team defeated the Swarthmore College team last Tuesday night in the Washington gymnasium by the score of 40 to 36. When the second period ended the score was 32 to 32 and an extra five minutes was needed to decide the contest..

Only two substitutions were made, one by each side, during the entire contest. Both of these were made due to personal fouls. Proudfoot went in as center for Washington near the end of the first half after Johnson had fowled his man three times. Swarthmore's substitution came near the end of the game.

Washington sprang into the lead in the early part of the game. Hodgson, of Chestertown and a former member of the Chestertown High School, was the sensation in this early lead, making a shot that amazed Coach Kibler so that he slid off the bench to the floor.

Washington's early lead was soon cut down however and at half-time the score was Washington 18, Swarthmore 17. Turner, center for Swarthmore could not be stopped.

The second half was close neither team getting much of a lead and both teams were playing good basketball. At the end of the second half the score was 32 all.

In the extra five minutes needed to decide the contest Swarthmore scored first but Corozza who had not made a field goal during the contest made two in this period. Proudfoot made a goal and Captain Robinson made the final goal making the score of the game, Washington 40, Swarthmore 36.

Alfred Hodgson, of Chestertown, was the man that started Washington's flashy attack. He did his scoring in the early part of the game. Although he did not score in the latter part of the game he was the key man in most of the plays. Both Washington centers were outjumped but about three-fourths of the time Hodgson got possession of the ball from the tap-off. On the defensive Hodgson did not allow his man to score a point. Fans are looking forward to seeing him play in the Mt. St. Mary's game.

Corozza the other flashy forward for Washington is like Hodgson in two respects. Both are small of statue and both are about as fast as any Washington ever had. Corozza was unable to score during the regular sessions but in the extra period he registered two long shots. Corozza is a good floor man.

Johnson who started at center for Washington is an exceptional passer and shows a good knowledge of the game. However he was forced to foul his opopnent in order to stop him.

Huey usually a star was not quite up to par Tuesday night, although he made a very creditable showing. Huey scored one goal and three out of three chances from the foul line..

Captain Robinson was the high scorer for his team. He played his usual good game and against Smarthmore he seemed to have a knack of getting chances at the basket. He scored 6 times from the flour and 3 times from the foul line. However if he had made his many easy chances there is no telling what the score would have been. Robinson missed many very easy shots.

Proudfoot who went in as center helped his team with four field goals.

Referee Klein should certainly be given mention, He was a very impartial and about one of the best referees ever seen on the floor here. He gave the spectators and players a very clear account of the trouble every time the whistle was blown. He was very peppy and on the job and just the type to referee a fast, hard-fought game.

Freshman Lose

As a preliminary to the Washington-Swarthmore game, the college freshman team played a team from the First Baptist Church, of Chester. The freshman were much larger than their young rivals, but were outclassed in every department of the game. The final score was Baptist 23, Freshman 12.

CELEBRATES WASHINGTON'S BIRTHDAY

DR. PRINCE PRINCIPAL SPEAKER

The program for the assembly at Washington College on Thursday morning was devoted to the Bi-Centenial of Washington's birth. The Orchestra of Washington College rendered delightful music and patriotic songs were sung by the large audience They were led by Mrs. Cleveland Smith, of Easton. The speaker of the occasion was Dr. Prince, prof. of history at Dickinson College. He gave a most eloquent address on the life and character of Washington. Washington College was most fortunate to secure so noted a speaker as Dr. Prince. His charming personality, his wit and eloquence held the large audience enthralled. Chestertown cannot too highly appreciate the many advantages we derive from having the college here. Dr. Titsworth by his untiring energy has succeeded in securing many noted speakers for these Thursday assmblys and every one who can should avail the apportunity of hearing them.

HOME DEMONSTRATION NOTES

NOTICES OF MEETINGS

Wednesday, February 24th—Rock Hall and Swan Creek Flower Project Demonstrators meeting at 2 p. m.

Thursday, February 25th—Fairlee Women's Club at Mrs. Robert Moffett's Chesertown, 11 a. m. to 3 p. m.

Friday, February 26th—Chestertown, Quaker Neck and Fairlee Flower Project Demonstrators at 2 p. m.

Saturday, February 27th—Flatland Girls Club at Mary Virginia Brown's at 2 p. m.

Swan Creek Club

The past week has been a busy time with the Women's Clubs. Swan Creek held their regular meeting at Mrs. John Atkinson's on Tuesday evening. There were fourteen members present. Mrs. George Carroll of the Flatland Women's Club as a visitor. The husbands also meet at this time. Mrs. James Bigelow gave the demonstration on the "Culture of Flowers." This included kind of soil to use in making a permanent bed. The soil should be:

One (1) part sand
One (1) part garden soil
One (1) part leaf mold or well rotted manure or pulverized peat.

The top soil should be removed from four to six inches—dip up the subsoil working in organic matter, fertilizer and drainage material if needed. The top soil is then replaced and properly fertilized.

All fertilizer or other material should be thoroughly mixed with the soil. The perennial bed is more permanent than those for annuals and preparation should be more thorough. It is difficult to improve the soil after beds have been planted.

The depth planting depends [illegible] the size and species of the b[illegible] roots and divisions are gene[illegible] ed the same depth they were in the nursery row. She also showed how to "Care for Beds"—Stakes, disbud, what kind of Insects infest our gardens and how to control them.

Quaker Neck Club

The Quaker Neck Neighborhood Club met for their all day meeting at the Quaker Neck Community House. Mrs. I. Price Ewing gave an interesting talk on "When to Call the Doctor." There were twenty present. After lunch served by Mrs. Harry Goodman, Mrs. Robert Goodman, Mrs. Aubrey Faucett, Mrs. E. V. Walbert, the business meeting continued. It was decided to have a Saint Patrick supper on March 17th. Mrs. E. V. Walbert was made chairman of the supper committee. Miss Schellinger gave a demonstration on knowing "What is in the Can you buy."

Flatland Women's Club.

The Flatland Womne's Club entertained the Chestertown and Worton Farm Bureau Locals with a short play "The Beauty Parlor." Mrs. Oscar Leager, Mrs. Harry Thompson, Mrs. L. A. Sutton, Mrs. Walter Taylor, Miss Helen Schellinger, and Mr. Stanley Sutton were the cast coached by Mrs. George Cornell.

Chestertown Woman's Club

Chestertown Women's Club met at Mrs. Edgar Pyle's on Thursday afternoon. The Culture of Flowers was presented by Mrs. Barber Bartley and Mrs. Jane Chaires.

Rock Hall Women's Club

The Rock Hall Woman's Club entertained their husbands at a turkey supper on Thursday evening. 54 were present. Mrs. Walter Wirts had charge of the literary program and Mrs. Elwood Burgess the recreation.
