KENT COUNTY LOST one of its best citizens last Friday night, February 26th, in the death of John P. Nicholson, of Fairlee. Mr. Nicholson was one of Kent's grand old men. Born and reared in this county where he spent his entire life doing good to others. He was a man of many admirable traits of character and was true and loyal to every trust imposed in him. A man of a kind and social nature, he gathered around him a large circle of devoted and admiring friends.

FROM THE PRESENT indications, Congrssman T. Allen Goldsborough will have no opposition in the Democratic primaries for his nomination in May. Mr. Goldsborough during his several terms in Congress has represented this congressional district with marked ability and given general satisfaction to his constituents. He ranks high with his fellow Congressmen and his ability is recognized by the leaders ot both the Democratic and Republican parties. Two years ago he was nominated without opposition which was the first time a nomination was granted him; the preceeding terms he was a candidate he fought opposition but succeeded in defeating his opponents. It is to be hoped he will not be opposed for the nomination this coming May as his record in Congress justifies his return to that body.

THIS WEEK WE received through the mail three typewritten pages of a satement made by Mr. Arthur M. Hyde, Secretary of Agriculture in which he, with the use of all of the derogatory political adjectives, criticizes the Democrtic organization in the House for the passage of a bill appropriating a large sum of money for roads. The communication was received from the United States Department of Agriculture by the use of the frank, no postage, with the wording where the stamp is generally placed, "Penalty for Private Use To Avoid Payment of Postage, $300." As to the justification of the passage of the bill, we are not able to comment, we however could not help but note the first lines of Mr. Hyde's statement; "yesterday, the Democratic organization in the House railroaded through a bill for $132,000,000 for roads." If the words "Democratic Organization" had been left out the article it may have been food for thought but those two words proved it to be political propagander. It seems to us that if Mr. Hyde and his department would devote their time and energy to devise ways and means for the relief of the agriculturists in the country who have suffered heavily for the past few years due to improper marketing facilities, and stop cluttering up the mails with political propagander sent out under the frank privilege, they might more nearly accomplish the duty with which they are entrusted.
