WHEN FOOD SOURS

ABOUT two hours after eating many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been over-stimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is Phillips Milk of Magnesia—just a tasteless dose in water. It is pleasant, efficient and harmless. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips Milk of Magnesia prescribed by physicians for correcting excess acids. 25c and 50c a bottle—any drugstore.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

HICH SCHOOLNOTES

BY RUTH FOX

The Freshman, Sophomore, Junior and Senior Basketball squads are being formed. The upper class teams are still hanging in the balance, but the little Freshmen are organized and here is their team:

J. Brooks, f; K. Metcalf, f; J. Briggs, g; M. Knotts, lc; G. MacVean, sc, sub.; B. Barnes, mc; M. Speicher, rf; R. Harris, mg, sub.; M. Moffett, g, sub.; B. Strong, bc, sub.

The teams will play each other on Wednesday, Thursday and Friday of this week.

Did you know—

That a new "double" fountain has been installed in the lower hall?

It seems as tho something could be added here about young students quenching their thirst for knowledge at the fountain of wisdom, but somehow or other, I can't work it in. Fancy writing never appealed to me anyway. No indeed.

Twenty-five boys have appeared on the scene for baseball practice. Mr. Stenger can see only home-runs ahead.

And Mr. Blades told me that something would happen when "asparagus and onions come out"—but for fifty thousand dollars I couldn't remember what it was.

The eighth grade girls are studying Eggs, Eggs and more Eggs in Home Ec. Miss Kersey has at last, taught them to say soft cooked instead of soft boiled.

The Commercial Department is going to get all dressed up Friday and at 9:00 o'clock in the morning depart for Wilmington, where they will visit Beacom's Business College. Transportation will be accomplished by the privately owned cars of the students.

The State Employment Association held stenographic tests in the Commercial Department Tuesday afternoon, for the purpose of selecting a stenographer for the State Roads Commissioner.

Several of the high school students took these tests, not expecting to win out, but for excellent experience.

The Dragon has only thirty-six dollars to go.

TOMATO GROWERS FACE COMPETITION EROM CANADIANS

Tomato growers in this and other sections face the approaching season probably with greater uncertainty than at any time in recent years. As yet there are no reasonably definite price indications, and the competion of Canada in the production field is regarded as particularly menacing.

The Maryland tomato-cannig industry is being seriously threatened by Canadian imports, according to the Tri-State Packers' Association of Easton, which body this week informed Senator Phillips Lee Goldsborough that these imports had shown an increase during January and February approximately fifty-two times greater than in 1931.

The Packers' association said that their information regarding importation of canned tomatoes into this country from Canada was based on statistics of the Department of Commerce, which show that in 1931 total imports of this product from Canada totaled only 131,728 pounds, while in January they amounted to 3,340,998 pounds and in February of this year they had increased to 3,685,650 lbs.

Called "Alarming."

The Tri-State packers informed Senator Goldsborough that "it is alarming to note that while the per pound value of the Canadian tomatoes brought into this country in January and February, 1931, was 4.5 cents the pound value for Jan. and February of this year decreased to only 2.6 cents per pound.

"You will be interested, I am sure, to note the cost of packing No. 2 tomatoes in this State is practically 4-8 cents per pound," the letter stated.

Three years ago the Maryland tomato packing industry was greatly retarded by imports from Italy, and as a result of an investigation of foreign and domestic production, the Smoot-Hawley tariff act of 1930 boosted the tariff duty fifty per cent. At that time Senator Goldsborough informed the Senate that ninety-eight per cent of imported canned tomatoes came from Italy.

Italian Imports Cited

Imports from Italy 1928 amounted to 3,817,355 pounds and in 1929 increased to 24,597,389 pounds. Imports from all other countries during that year amounted to only 17,300 lbs.

The enormous increase from Canada, it is believed, is due to the drop in the Canadian exchange.

Both Senator Goldsborough and Representative T. Alan Goldsborough now have bills pending in Congress designed to meet this situation and they say this pending legislation, if enacted, will afford relief to the Maryland canners.

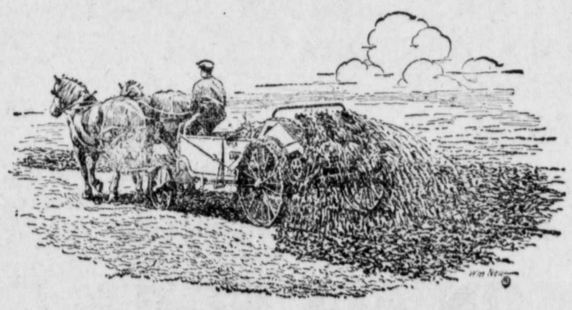

AND FATHER SHUT UP

Angry Father (at 5 a. m.): "Well, young aldy, explain yourself. Where have you been all night?"

Flapper Daughter: "Oh, daddy, dear, I was sitting up with the sick son of the sick man you are always telling mother you sit up with."

Better Now Than Ever

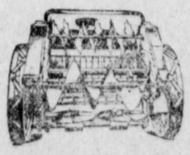

ana with a new Lime-Spreading Attachment

The

McCORMICK-DEERING

Manure Spreader

The Lime-Spreading attachment is separate and can be added in a few minutes. It has a wide, uniform, easily - controlled spread. Capacity 35 to 40 acres a day.

THE McCormick-Deering has been a popular spreader for years. It has built up a fine reputation for fast, easy, uniform spreading. Now we are offering a much improved model that is the best yet.

The box is low, steel-braced . . . stronger. It has eight roller bearings—a new, non-wrapping beater . . . an improved spiral . . . better driving mechanism . . . Alemite-Zerk fittings . . . and a new Lime-Spreading Attachment.

Drop in and see the improved McCormick-Deering.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931, C. M. Co.

HARRY G. HARRISON

AWARDED BRONZE VAIL MEDAL

Harry G. Harrison, a cable splicer in the plant department of the Chesapeake and Potomac Telephone Company, of Baltimore City, has been awarded a bronze Vail medal for his initiative, judgment and courage in saving the life of a man who fell overboard from a wharf at Pratt Street and Market Space, Baltimore, September 2nd of last year.

Mr. Harrison while standing by his automobile on the wharf awaiting two friends who were examining some boats, heard a cry, "man overboard." He immediately ran to the edge of the wharf and learned that a man had fallen into the water in the narrow space between the wharf and one of the boats. It was about eleven p. m., and objects were difficult to be seen in the darkness, but Mr. Harrison lowered himself into the water from a rope attached to a boat at the approximate point of the man's disappearance.

When the man in the water came to the surface, Mr. Harrison grasped him with one hand and called to bystanders to assist in pulling them from the water. After both had been helped to the wharf, Mr. Harrison, who had a good working knowledge of first aid from attending such classes in the telephone school of instruction, assisted in reviving the rescued man.

It was not until the rescue was completed that it was disclosed that he had saved one of his companions. The man who had fallen over board was a cripple, and according to bystanders would undoubtedly have drowned except for Mr. Harrison's prompt action.

As a result of his eforts in saving the life of this man, the Theodore N. Vail medal awarded committee of the telephone company has honored him with this medal.

Vail medal awards are made annually for meritorious service, according to Frederick J. Irish, general manager of the telephone company. They are a memorial to Theodore N. Vail, former president of the American Telephone and Telegraph Company, who was long recognized as one of the world's greatest business leaders and to whose conspicuous service in the telephone field are largely due the expansion of the Bell System and the development of the art of telephony.

PAGE MARQUIS OF QUEENSBERRY

"I disapprove of all brutal sports, prize-figting, angling—"

"Good heavens! How can you name those two sports in the same breath?"

"Why not? Isn't it the object of both pugilist and angler to land a hook in the jaw "

DECIMAL SYSTEM

He: "There are several things I can always count on."

She: "What are they?"

He: "My fingers."

WHEN you start at sudden noises, worry over trifles, can't bear the noise that children make, feel irritable and blue—ten to one it's your nerves.

Don't wait until your overwrought nerves have kept you awake half the night and pave the way for another miserable day. Take two teaspoonfuls of Dr. Miles' Nervine and enjoy the relief that follows. Take two more before you go to bed. Sleep—and wake up ready for the day's duties or pleasures.

Dr. Miles' Nervine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically.

Liquid or Effervescent Tablets at all drug stores.

Price $1.00
