WHEN you start at sudden noises, worry over trifles, can't bear the noise that children make, feel irritable and blue—ten to one it's your nerves.

Don't wait until your overwrought nerves have kept you awake half the night and paved the way for another miserable day. Take two teaspoonfuls of Dr. Miles' Nervine and enjoy the relief that follows. Take two more before you go to bed. Sleep—and wake up ready for the day's duties or pleasures.

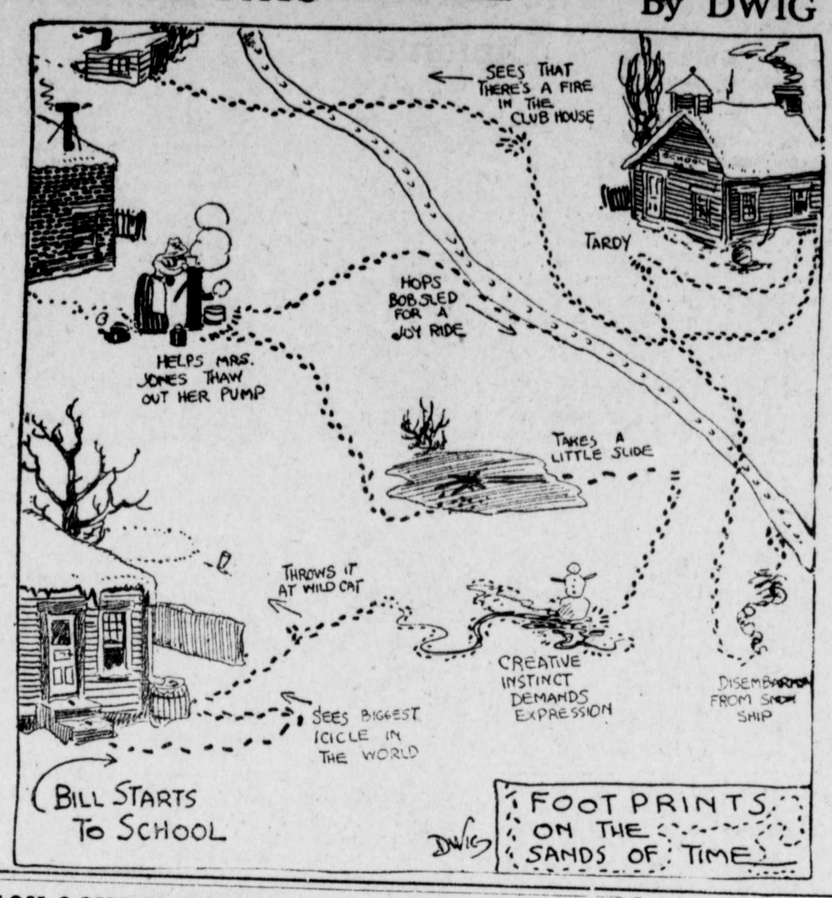

Dr. Miles' Nervine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically.

Liquid or Effervescent Tablets at all drug stores.

SCHOOL DAYS — By DWIG

HICH SCHOOLNOTES

BY RUTH FOX

I've felt Spring fever getting ready to work its effect on me for the past two weeks, but this week my temperature has soared. April has caught me and all I can do is feel terribly lazy, hunt violets, watch robins, and day dream while I should be studying. Good night, what AM I supposed to be studying.

Perhaps one of the things that knocked me into this dazed state is a perfectly lovely plan voiced by Helen Harris. "Our pear trees will be in bloom next week," Helen explained, "and wouldn't it be wonderful if we could have a honey and waffle party in our pear orchid?"

"Honey and waffles, spring, pear blossoms," I interrupted (notice the dazed state appearing).

"And we can go horseback riding down to the point, sail on the bay, and, and," Helen stopped. After all what more could she say? But she did say something else. "Lots of people come down to see the trees. Why couldn't we sell them waffles and honey " Helen wanted to know." "We could charge twenty-five cents for a jug of honey, a waffle, and a cup of coffee. Each succeeding waffle would be ten cents. Think of the money for the DRAGON! And then the horseback riding—and she got no further. This time she really could not add anything. All of the response she received from this bonehead was a: "Spring, waffles, honey, pear blossoms, sailing, water, horseback riding, point and Betterton." What a glorious place to live in. Helen's a lucky girl. And if any of you readers want to enjoy yourselves come to Helen Harris' farm at Betterton, next Saturday, April 30.

The Literary Society met Friday morning. Reginald Cooper called the meeting to order and Alice Marian Sterling read the minutes of the last meeting. The program was the best ever given. Here it is:

School Song—Mrs. Greene at piano.

Double Quartett—Spring Song—Oakley Valliant, Louis Dill, Mary Jo Wheatley, Anna Lewis, Katherine Atwell, Henrietta Duyer, and George Rasin.

Violin Solo—Reginald Cooper, Evelyn Williams at the piano.

Baseball at C. H. S.—Mr. Stenger.

A Pianologue — "When You Haven't Said Your Prayers"—Carolyn Jewell.

Girls' Athletic Association—Miss Bryan.

The Honey Proposition—Helen Harris.

Piano Solo—Alice Marian Sterling.

The highlight of the program was Mr. Harry Russell's talk on "Running Newspaper." A poem which Mr. Russell read occassioned a great deal merriment. In fact so much was enjoyed that I would like for you to hear it.

THE CUB REPORTER

He was a cub reporter, and oh, what a cub was he,
His head was bone, it is widely known and here is his history.
The boy was a flop on murders, on fires he was worse than that,
On City Hall he was worst of all, for the top of his dome was flat.
He couldn't write a prize fight, or cover a baseball game,
And he'd gum the facts of the racing tracks, and the story of their shame.
But one thing the boy could write of, and wrote most amazingly well:
Of a bridge club tea in society, his copy would ring the bell.
They sent him to Jones' wedding, when he married Miss McGee,
"Now don't fall dead," said the city ed," but bring back a yarn to me."
He phoned in a little later, this cub with the head of bone,
To report that the ceremony, they had decided to postpone.
"For Jones, who was somewhat pickled, shot the old man 'thru the head.
Then he took the life of his promised wife, and the preacher, too, is dead,
So boss there can be no story, as you can most plainly see,
But I thought I'd call and explain it all, so you wouldn't raise Cain with me."
And that is the pitiful story of the cub with the head of bone,
For the City Ed on the floor fell dead by the side of the telephone.
But the cub in the years that followed could never quite understand,
Why he lost his job on the Daily Blob when he seemed just about to land.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blouts up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931, C. M. Co.

MARYLAND BIBLE CONVENTION THIS MONTH

Four motor caravans from Baltimore City, northern and southern portions of the state will convey delegates to the third annual convention of the Maryland Federation of Men's Bible Classes to be held in Hagerstown, Md., on Saturday and Sunday, April 23 and 24, 1932. The Convention will open at 2.30 o'clock in the auditorium of the St. John's Lutheran Church. The three lines of buses and private automobiles will start from Mt. Rainier in the south, Elkton on the Eastern shore and Cumberland in the west.

N. Ellsworth Bunce, of Baltimore City, Regional vice president of the National Federation of Men's Bible Clases, announces he has obtained squads of State police to act as escorts for the Baltimore division that will meet at the City Hall Plaza, and that the Baltimore City Police will escort the caravan through the city traffic to the city line on the Frederick Road where the State Police will meet the groups.

The attendance a this years convention is expected to reach 1500. The opening session will be held in St. John's Church and the banquet and mass meeting at night will be held in the Masonic Temple.

Rev. Paul E. Holdcraft, of Hagerstown, chairman of the program committee, announced today the speaker for the mass meeting will be the Rev. Otho F. Bartholow of Mt. Vernon, N. Y. Dr. Bartholow is called the "Father of the Federation" for it was he who first had the vision of a mighty army of men gathered together from churches of various denominations into one body of Bible Class Men. Dr. Bartholow is the teacher of a men's Bible Class of 2,000 men and a women's Bible class of 1200 ladies. He is Pastor of the Mt. Vernon (N. Y.) M. E. Church and chaplain of the National Federation of Men's Bible Classes which has an enrollment of 6,000 Men's Bible Classes and a total membership of over two-million men. The Maryland Federation is affiliated with the national body.

THE "JOY RIDING" SEASON

We're getting around to the season when automobile thefts for joy-riding purposes are numerous, and when the temptation to take someone's machine from its parking place for a few hours ride is too great for a good many young fellows to resist. Autos have always had and always will have a great atraction for youth. Given the opportunity, the call to take a car is almost irresistable with some lads, and once they get away with it without bieng detected it becomes a habit. Motorists who may have occasion to park their cars in places not perfectly familiar to them can do a great deal to prevent this theft of autos for joy-riding purposes. Too many leave their cars unlocked and too many leave the keys in the ignition lock. In such cases it is merely a matter of stepping into a car and making off.f

The end of the joy-ride is in most cases only an empty gasoline tank. But in some cases there is a smash-up, with serious damage to the car. Then the driver deserts it and leaves the owner to get it to a garage and pay the cost of repairing it. But all this can be avoided by taking the usual precautions to protect automobiles from thieves. Careful motoirsts seldom fail to lock their cars, and thus save them from damage at the hands of the joy-riders. It takes but a moment to lock a car; it takes quite a while to get over the anger that is sure to result if you have a big repair bill to pay shaply because you did not do so.

JOB FOR A PLUGGER

"Could you learn to love me?" asked the young man.

"Well," sighed the young lady, "I learned shorthand in three weeks."

When PAIN Comes

WHAT many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes the acids instantly. And the best alkali known to medical science is Phillips Milk of Magnesia.

One spoonful of this harmless, tasteless alkali in water neutralizes instantly many times that much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.

Be sure to get the genuine Phillips Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.
