THE DEMOCARTIC National Convention will meet in Chicago on Monday 27th to nominate a candidate for President and a candidate for vice-president and adopt a platform setting forth the campaign issues that the Democrats propose to follow should their candidates be elected. It is to be hoped that the Democrats will follow their former traditions and formulate a platform that can be understood by every voter in this country. The straddling of issues mean nothing, except that if their candidate succeed in the election, that the issues can be interpreted to suit their convenience and serve their political ends. Should Governor Albert C. Ritchie be nominated there will be no question as to his position on the important questions of the day. It will be clean cut and too definate for argument, and the voters will know for whom and for what they are voting — there will be no deception or pussy footing about it. Nominate Ritchie and have a President of progressive and sound principles.

TO DR. PAUL E. TITSWORTH and the chairman of the various committees of the Sesqui Centennial and George Washington Bi-Centennial celebration goes the credit for the most elaborate and efficiently managed affair ever staged in Kent county. Dr. Titsworth is chairman of the parent commitee made a wise selection of chairmen of the subcommittees, and succeeded in interesting the entire county in the affair. The value of Washington College to the community was again emphasized. The memory of June 11th will long remain in the minds of those who took part in and witnessed it but more valuable than that are the records of the authentic history of the county compiled through days of research work made by Mr. Marion deK. Smith, Jr., with the assistance of Mr. Thomas Dixon. The data was taken from the records in the Clerks office and George Washington's diary and the various markers throughout the county tell the story of Washington's visits here.
