WHEN you start at sudden noises, worry over trifles, can't bear the noise that children make, feel irritable and blue—ten to one it's your nerves.

Don't wait until your overwrought nerves have kept you awake half the night and paved the way for another miserable day. Take two teaspoonfuls of Dr. Miles' Nervine and enjoy the relief that follows. Take two more before you go to bed. Sleep—and wake up ready for the day's duties or pleasures.

Dr. Miles' Nervine is now made in two forms—Liquid and Effervescent Tablets. Both are the same therapeutically.

Liquid or Effervescent Tablets at all drug stores.

HICH SCHOOL NOTES

BY RUTH FOX

THOUGHTS:—

It is over. Or shall I say it has begun? People stop you on the street and they say, "Well, are you glad you have graduated?" And you answer, "No, I'm sorry." More people stop you in a store and ask, "Well, are you glad you have graduated?" And you answer, "Yes, I'm glad." They look at you a little when you say that. After all it does sound strange, for they expect you to be sorry. That makes you think and you say to yourself, "Look here, what are you anyway—glad or sorry?" And after you have rumpled your hair a few times you come to the conclusion that while you are very sorry to have left the sheltered protection of high school, still you are very glad to begin something new and different. So now when people stop me in the postoffice and say, "Well are you glad you have graduated?" I say, "I am glad, and I am sorry." Which remark I know well causes glances more strange than before, but doesn't youth have to "show off" a little bit? Especially, now that we've graduated.

Already graduation night seems a trifle too far back in the past. I try to remember Betty Thibodeau's valedictory address and I discover that I can only remember that it was called "Fields of Service for Women." I was so sure that every word would stick in my memory, but the part that comes to me just is: "This is my valedictory not said in sorrow, but in joy, for tho these years are completed, there are others ahead rich in opportunity . . ."

Mr. Blades hit the nail on the head. What he said was the absolute truth and the audience realized that fact. The present school building is inadequate, and overcrowded. Kent County needs a new high school. Why don't we have the building? All because of a few cents extra taxes! The youth, hopes, ideals and dreams of Kent are not worth the extra pennies! Perhaps I feel so bitterly because I have been so closely associated with it for so long, but if that is true then I sincerely hope that those citizens who balk at the idea of an improved school, become more closely associated with conditions as they are. It is my hope that the future students of Chestertown High School know the rich joy and contentment of a library, have large, airy, sunshiny and uncrowded classrooms.

How happy we all were when Billy Rinehart won the Copper Medal. Billy deserved it. But, oh, how he blushed!

Many are talking of going away to school. Eugene Thornton to Iowa, Priscilla Grainger to Sweet Brier, Deborah Brown to Goucher. Far away some of them, perhaps I shall never see many of them again. "Many," did I say? I am wrong, for just about half of the Senior Class of C. H. S. will be Washington College Freshmen next year.

Tireless Executive.—An old Scottosh woman, who had never been known to say an ill word about anybody, was one day taken to task by her husband.

"Janet," he said impatienly, "I do believe ye'd say a guid word for the de'il himself."

"Ah, weel," was the reply, " he may na be sae guid as he micht be, but he's a very industrious body."—Montreal Star.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes these good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25c at all stores. ©1931, C.M.Co.
