KENT AGAIN WINS NEGRO HEALTH AWARD

WINS THREE CONSECUTIVE YEARS IN NATIONAL CONTEST

Kent County was again this year judged winner in the Rural Population class in the National Negro Health Week Campaign. This is a nation-wide contest to prevent disease and for the conservation of health, and the result is a credit to the health work in the county.

Dr. R. G. Beachley, Deputy Health Officer and Marjorie Forte, colored health nurse are in charge of this work in Kent county.

This is the third consecutive year that Kent county has even this award. In 1930 a silver cup was awarded to Kent county, in 1931 a gold seal certificate. and in 1932 a gold seal certificate. Should Kent county again win in 1933, a special award will be made.

The letter received by Dr. Beachley, notifying him of the results of the contest follows:

Washington, D. C.
August 1, 1932

Dr. R. G. Beachley,
Deputy State Health Officer
Chestertown, Md.

Dear Dr. Beachley:

We are pleased to notify you that you that Kent County has again ranked First in the Rural Population Class in the National Negro Health Week Campaign, Year 1932.

You and your co-workers are congratulated and heartily commended for this achievement.

The Kent County reports of its Health Week activities are evidence of fine organization in planning and great care in effecting performance and record.

Special commendation is given for the year-round scope of the activities. The Health Week is a period for emphasis and exhibition to be integrated in the continuous program for the prevention of disease and the conservation of health.

The CERTIFICATE OF MERIT with Gold Seal will be sent to you as soon as it is ready for dispatch.

A copy of this letter is being sent to interesed persons in the County, who, we are sure, will appreciate the good news.

Sincerely yours,
Rosecoe C. Brown, Chairman
National Negro Health Week Committee.
