SHOPPING 'JEFFERSONS'

Gentle Readers—the letter this week has for its solemn theme, "Those who think before they shop," or "A plan in time saves nine—dresses."

In other words, sisters, let me beg and implore you to use your heads before buying your fall clothes. Style notes are all very well, we must have 'em, but for Pete's sake, if wearing the Swanky huge sleeves will make you look like a Dutch windmill gone wrong. well, with due regard for your sense of humor, lay off. And if the new closely molded line in a dress makes you look either like a feather bolster or a caved in hat rack, again, lay off.

Just as important it is to work out a color plan for your clothes if you care about looking like a lady and a smart one. Remember it takes THREE colors to make a color scheme. Two is just early ninteen hundred. So choose your color plan and stick to it.

So now to Jefferson's. I want you to go with an open mind and good judgment. You deserve to be called "small-town" with a hearty sneer if you're not capable of seeing value and good looks wherever you find them—whether Baltimore or Jefferson's, Chestertown.

Starting at the top—the new hats are good. Still under $5, they look like ten. And, lassies, the sad truth this fall is that last year's hat screams last year at the world. You've GOT to have a new one. Look over those at Jefferson's, find your type, put it on RIGHT and be sure to look yourself over from every angle. Ask Margaret to tell you what you look best in. She knows.

One grand idea in the terribly good-looking new fall woolen frocks, and rough silks, is the "half size" plan, which means if you're short but need a size 40, at Jefferson's you'll get a perfect fit, length and all. Very slick. Let me repeat, sheer woolens and rough silks are the very last word and about the only one worth repeating.

Hist! Bargain Shoppers! Hurry down and see the winter coats at reduced prices.

And so farewell,

LYDIA LEE.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931, C. M. Co.
