U. Of M. Will Hold Annual Homecoming Day On October 8

Football Game With Virginia Poly Will Be Feature Of Full Program

University of Maryland will celebrate its annual homecoming day at College Park on October 8 when a football game between the Old Liners and Virginia Poly, an old rival, will feature the occasion.

However, while the grid battle will be the big event and the one in which the returning alumni, their wives and friends, will take great interest, it will be only part of an all-day program.

Registering of alumni will begin in Ritchie Coliseum, the handsome new athletic building, at 10:30 o'clock, a buffet luncheon will be available there at noon, the annual meeting of the "M" Club for the election of officers and the discussion of various topics will be at 1 o'clock, the football game will be at 2:30, dinner will be served in a special room at the dining hall, and the day's activities will wind up with a dance in the gymnasium from 9 o'clock until midnight.

Various Games Listed

During the forenoon the physical education department classes will stage games and there will be a soccer contest between the sophomores and freshmen on the practice field just east of Byrd Stadium at 1:30.

James M. Burns, '11, president of the "M" Club, is assisting George F. (Rosey) Pollock, '23, assistant alumni secretary, in perfecting the details for the occasion. It is expected that U. S. Senator Millard E. Tydings, '10, president of the Alumni Association, will be among those present.

Virginia Poly, a fellow member of the Southern Conference, which will provide football opposition, is one of Maryland's oldest rivals, and they have met on the gridiron 17 times since they first opposed buck in 1896. However, only four of the games were played prior to 1919 and beginning with that year the Old Liners and Gobblers have met annually.

Maryland is one down on the long series, having won eight and lost nine contests, so that a victory is needed on October 8 to square matters. However, Maryland has won the last three years and Poly, with a new coaching system that is expected to make the best of fine material to turn out a powerful eleven, is banking on ending the Old Liner's streak.

Campus Is Pretty

The Maryland campus, which has been improved greatly during the summer, never has been as attractive as it is this fall. Among the recently completed improvements was the building of a brick wall along the west side of the Washington-Baltimore Boulevard, topped off by a handsome gateway. The shrubbery that was planted several years ago also has grown to a stage where it adds much to the beauty of the campus.

There also has been a general cleaning up of the recreational field, with a revamped steel fence encircling Byrd Stadium, for which Ritchie Coliseum, praised for its beauty as well as its utilitarian worth, forms an inspiring background. Twenty tennis courts, 12 for the men and 8 for the women, also have been added during the summer and now are being played upon.

Many Recent Changes

Those old grads who have not been back for a couple of years will find the changes many and pleasing. During the 1931-32 term, in addition to Ritchie Coliseum, a women's field house, a horticultural building and women's dormitory were dedicated, and an addition to the engineering building was made and the structure revamped generally. The auditorium was refurnished and new seats installed to make it highly attractive. A handsome library, which houses the administrative offices, post office and student store, was occupied during the latter part of the 1930-31 term.

In fact, Alumni who have not been back in several years will need quite a bit of time if they wish to thoroughly inspect the campus.

Invest in Books

You can own much and possess nothing. Many a pauper with the indefinable quality of taste is far richer than the people who own the greatest amount of things. It is a problem of use. A book is paper, printing, binding. You must bring to it the touch of the vital mind. A library not used with the appreciation and taste is a charnel house, and books merely arranged in rows on shelves are like the coffins of distinguished families placed in their shells in vaults. Money has never yet been wasted on libraries. A book is like the widow's cruse of oil; you dip into it again and again, and the contents remain exactly what they were. Investment in books is a capital investment, the capital of which never undergoes wastage or deterioration.—J. Ramsay MacDonald.

HIS CHOICE

Dorothy (who quotes Shakespeare) —What is your favorite play?

Charles—Well, I believe I like to see a man steal second as well as anything.

Stronger Than He Was at Twenty

FIFTY-FIVE years old, and still going strong!

Do you want the secret of such vitality? It isn't what you eat, or any tonic you take. It's something anyone can do—something you can start today and see results in a week! All you do is give your vital organs the right stimulant.

A famous doctor discovered the way to stimulate a sluggish system to new energy. It brings fresh vigor *to every organ*. Being a physician's prescription, it's quite harmless. Tell your druggist you want a bottle of Dr. Caldwell's syrup pepsin. Get the benefit of its fresh laxative herbs, active senna, and that pure pepsin. Get that lazy liver to work, those stagnant bowels into action. Get rid of waste matter that is slow poison so long as it is permitted to remain in the system.

The new energy men and women feel before one bottle of Dr. Caldwell's syrup pepsin has been used up is proof of how much the system needs this help.

Get a bottle of this delicious syrup and let it end that constant worry about the condition of the bowels. Spare the children those bilious days that make them miserable. Save your household from the use of cathartics which lead to chronic constipation. And guard against auto-intoxication as you grow older.

Dr. Caldwell's syrup pepsin is such a well known preparation you can get it wherever drugs are sold and it isn't expensive.

Wake Up Your Liver Bile —Without Calomel
And You'll Jump Out of Bed in the Morning Rarin' to Go
If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.
For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.
If this bile is not flowing freely, your food won't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.
It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.
But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931, C. M. Co.
