GOOD ROADS AND FAST motor vehicles have added to progress but like all god things, the crook has taken advantage of them and used them very profitably in the flying of his thieving trade. The robberies at the store of Bolton & VanDyke are an example of how a wholesale robbery can be committed and any quantity of merchandise carried away without any possibility of discovery. Merchandise stolen from warehouses and stores in the upper part of this Peninsula can be carried into Wilmington, Chester and Philadelphia and disposed of before the loss is discovered in the morning. The suggestion was made at a meeting of business men of the Peninsula that the State Police of Maryland and Delaware co-operate in guarding the outlets off the Peninsula at night and compel all trucks to be identified before allowed to pass. This suggestion also included that the State Police of the two states devote their major activities at night to help prevent the major toward enforcing the minor motor vehicle laws in the day time. Such a system would hamper the easy get-away of the thief and therefore help prevent the crime.

HOLDS THIRTEEN CLUBS

Mr. Horace Beck, while playing contract bridge at the home of his daughter, Mrs. Catherine Beck Jones, on Thanksgiving day was dealt a hand containing thirteen clubs. His bid was seven clubs, his opponent doubled and he re-doubled. The hand was a lay-down.

The score made on this hand was 1060 for slam bid, 560 for seven clubs doubled and re-doubled and 100 for contract making a total of 1660. A perfect hand is something seldom held by bridge players in a life-time.

STATE COMMISSIONERS MET

Should the one cent of the gas tax be used for county road purposes Kent County would have more than twice the sum alloted for road purposes this year without any county levy for that purpose.

A point that was overlooked at the meeting was that county road machinery, working on the county dirt roads such as tractors, trucks, etc., should be exempt from the State gasoline tax. This equipment is operated almost solely on dirt roads and is exempt from the Federal tax on gasoline and oil. The exemption of this machinery from the State gasoline tax would mean a saving of approximately $500 to the county.

A recomendation that would shorten the sessions of the Kent County Circuit Court would allow Justices and Magistrates to sentence in larceny cases where the value of the goods stolen is less than $25. The majority of the criminal work at the last two sessions of Court were larceny cases involving sums of $10 and under. This bill was proposed at the last session of the Legislature but was defeated because Magistrates do not have the power to parole and the opponents of the bill showed that in a large number of petit larceny cases the power of parole is advisable particularly where minors are concerned.

A recommendation was made that fines for automobile law violations be turned over to the treasurer of the county in which the violation is made. At the present time the fines of automobile law violators goes to the office of the Commissioner of Motor Vehicles but if the offender does not pay his fine and takes a jail sentence the county must bear the expense of that jail sentence.

One of the important recommendations referred to schools. This recommendation suggested the county levy for schools be reduced from 67c to 40c of the tax rate. Kent County Schools last year cost $165,350.91. Of this sum the County paid $108,005.91 and the State paid $57,345.00.

If there is no reduction in the expense of Kent County schools and the above recommendation is approved by the Legislature ,Kent County's proportion of the school expense will be $64,481.14 and the State's would have to be $100,869.77. If the county's levy of 67c is reduced to 40c and the present proportion of the State equalization fund is unchanged the annual cost of Kent's schools will have to be reduced approximately $50,000.

KENT BOYS 4-H CLUB NEWS

MARYLAND TEAM WINS FOURTH IN NATIONAL 4-H POULTRY JUDGING CONTEST

The Maryland 4-H Poultry Judging Team, of which Bayard Sutton, President of the 4-H Progressive Poultry Club, was a member, placed 4th in competition with other Teams representing the Eastern States in the National 4-H Poultry Judging Contest held at Madison Square Garden in New York City, Saturday, November 26th. The Maryland Team was selected at the State Contest held at Centerville on November 17th and had no training as a Team since the State Contest. The team was made up of a boy from Frederick County, a boy from Harford County, and Bayard Sutton of Kent County, and was taken to New York by Mr. Albert Ady. Assistant County Agent of Montgomery County. Kent County is proud of the part it had in making this team, which did so well in New York. Connecticutt was first in the contest. The boys returned home Sunday evening, a tired but happy group.

The following is Bayard Sutton's own account of the trip to New York:

"Well, I am back from one of the most interesting trips it has been my pleasure to take. A trip to New York, to participate in National Poultry Judging Contest, held at Madison Square Gardens. You know a trip to New York holds thrills for older people than I.

"The day after Thanksgiving, we started, a party of five, for New York. Our party consisted of Chester Stone, Mack Bowman, Harry Hopkins, Jr., alternate, our chaperon Albert A. Adey and myself. Right here, let me say we were all pleased up for our judging work on Saturwith Mr. Adey and were sorry to say good-bye to him. Our party was composed of nice congenial people, so you can guess what a pleasant trip we had. We left our car outside the city and made the trip in on a bus through a tunnel under the Hudson river. We registered at our hotel, took in a show at Roxy's then rested day. We judged against some fine teams. The winning team carried off the prize with ease and we considered ourselves lucky to come in fourth. After the show was over, around five o'clock, a banquet was served at the Taft Hotel. At this time the cups and medals were presented. Our team received medals. We enjoyed every minute of the time. We tried to climb all the tall buildings, saw Wall Street, heard Rudy Vallee, in fact we tried to see everything worth seeing. We went up over one hundred stories in the Empire Building and could see New York like a map below us and part of Connecticutt. I was anxious to go up higher in the building because an airplane mooring mast was at the top, but they would not let me go.

"Well, I don't think I will soon forget my trip and I thank everyone who made it possible for me to go. I surelp enjoyed every minute of the time."

KENT BOYS 4-H CLUB COUNCIL MEETS

Banquet Date February 17, 1933.—New Officers Elected

The Kent Boys' 4-H Club Council met at the Quaker Neck Community House, Saturday evening, November 2*th, and enjoyed a fine dinner, which was served by the Cliff City 4-H Girls Club. After the dinner, the group sat around a cozy fire and held a very interesting meeting. A committee composed of Miss Sarah Morris, Mrs. Frances Morris and Miss Schellinger, attended and after considerable discussion, it was decided to combine both the boys and the girls banquets this year and have one big one. This plan should give every family interested in 4-H Club work a chance to attend as well as increase the friendship and fellowship of those trying to live the Four Fold life.

The date of the banquet was set for Friday night, February 17th. The Council Executive Committee and a committee and a committee of the Girls Council will work out plans for the banquet.

The Council also elected officers to serve for the coming year. The new officers are: Frank Sutton, President; Roy Freeman, Vice-Presidnt; William O. Comella, Secretary; William Carroll, Treasurer, and Wilbur Morris elected. a member at large of the executive committee. The retiring officers are: Wilbur Morris, President; Frank Sutton, Vice Prseident; William Comello, Secrtary; Richard Sutton, Treasurer, and Walter T. Morris member of the executive committee.

TURKEYS

Considering present market conditions and future prospects our advice is to ship fancy young hen turkeys and fat medium weight young toms now rather than to glut the market just before Christmas.

NEW YORK CITY EATS TURKEY EVERY DAY.

Select and slaughter only turkeys in fat prime condition and make us a shipment every day in the week. This will help to prevent the market from being over-stocked at any one time, will give your turkeys not in prime condition a better chance to become prime, and will give you a steady income.

Write us for leaflet on how to select and kill prime turkeys, and for shipping tags, etc. We pay growers highest market price less expressage only, charging our commission to those to whom we sell where we think it rightly belongs as we buy turkeys from growers for them. No middlemen to pay between Meloney and retailers.

FORM COON-HUNTERS ASSOCIATION

Sportsmen interested in coon-hunting and coon dogs met at the home of Edgar Walls, near Crumpton, Monday night and formed "The Eastern Shore Coon-hunter's Club." The club has for it's object the raising of money with which to buy coons for liberation in counties from which it's membership will largely be recruited, Kent and Queen Annes counties, the promotion of better fellowship among lovers of the chase and the holding of at least two field trials a year.

The club plans to hold a coon supper during the coming months to which the public will be invited and the proceeds from which will go toward the fund for purchasing raccoons for stocking. As many members will come from the Rock Hall section of Kent County it is planned to alternate meetings, one being held in the Sudlersville section the next near Rock Hall.

Those attending this initial meeting were: Harrison W. Scoone, J. Harvey Brice, of Rock Hall; E. W. Carter, R. V. Carter, of Ingleside; Maurice L. Walls, William T. Roe, of Sudlersville; Sudler Loller, Chestertown; Lee Sweetman, of Golts and Edgar E. Walls, of Crumpton. William T. Roe was selected temporary chairman of the meeting and officers will be elected at the next meeting.
