SCHOOL DAYS — By DWIG

SCHOOL NOTES

CHESTERTOWN HIGH SCHOOL
By Janet MacVean

The results of some of the quarterly tests have been made known. To quote one teacher there were "very few casualties."

Mr. Stenger has recently acquired some white mice. Two of these are being used to show the effect of calcium on the bones. Rat A is being fed crackers and water and rat B is being fed crackers and milk. They are to be weighed daily. The results are to be marked on a chart which is tacked to the cage in which they are kept separated from each other. It's hard on the rats, but very informative to students.

The Senior French classes are preparing to correspond with French boys and girls. After each student receives the name of his correspondent, he writes a letter in English. The French boy or girl answers in French. Letters after that may be written in whatever languages the writer choose. Some former students of C. H. S. have kept up the correspondence started in school for five years and are still writing. One girl correspondended with a French girl in Algeria. The Seniors are looking forward to this correspondence.

Miss Fitz has been absent since the holidays because of illness. We hope to see her back soon.

The Science Club will meet this Wednesday.

Miss Kersey reports that Home Ec. is just swimming along.

The Freshmen have almost completed their sewing. One girl has bought two patterns and material for several extra articles which she has made in class for less than $1.50. Another girl has made bag, towel, apron, and cap for not over $.10. Christmas presents are to be the main subjects the week before Christmas vacation. The Sophomores are studying how to cook lunches. All kinds of soups and vegetables have been sending appetizing odors around the lower floor. Juniors have been applying the principles of rhythm balance, and harmony to costume design. Some of the results of Senior "tie-dying" are more attractive than many novelties seen in stores.

The Freshmen are struggling with punctuation in English, and those of General Course are making note books on agricultural.

On Wednesday the soccer game for the championship of Kent County and Cecil County was played on our field. The first half ended with Galena 2, Chesapeake City 2. Chesapeake City won 6 to 2 after a gallant fight by Galena.

The Caroline-Queen Anne's elimination game also was played.

Since the Thanksgiving holidays, school days seem longer than ever. Almost everyone was back, however, proving that the after-effects of the Thanksgiving dinners were not very serious.

The last day before vacation, Wednesday, was a big day. To begin with, the periods were shortened so that everyone could get out at one o'clock to see the soccer games which were to be played on our field. And last, but by no means least, we had a literary meeting. Everyone crammed into the assembly hall. Miss Riches called the meeting to order. The school song was sung. Then Alice Marian Sterling, the president, took charge. She and her committee, Virginia Yerkey, Edward Patton, Leon Hand, and Owen Anderson, had made up a most enjoyable program. The school orchestra played a selection which everyone applauded. Alice Marian then announced that the History Clubs would present a Thanksgiving pageant. This consisted of tableaus explained by the reader, Katherine Atwell. The evolution of Thanksgiving from the days of Noah enacted by James Wilson, through the Hebrews, James Wilson, Rumsey Anthony, and Janet MacVean, the thanks for the defeat of the Spanish Armada, portrayed by Elizabeth Westcott, Pauline Crew, Isabelle Brice, and Charles Wheatley, our own first Thanksgiving shown by Anna Bland, Viola Ford, Marian Reinhart and Edward Patton; Lincoln's first national Thanksgiving Proclamation illustrated by Dolly Porter, Olive Seward and George Massey; to President Hoover's Thanksgiving Proclamation played by Clyde Sparks; Billy Hodgson gave a talk on the origin of Thanksgiving; a piano solo played by Anna Oliffe was greatly enjoyed. A boys' quartette consisting of Oakley Valliant, George Rasin, Charles Clift, and Lewis Gordan sang a sea song, Lewis doing a sailor's dance during the chorus. Then George gave a monalogue during which he represented Levi calling up his girl Rachel. The ensuing complications were very funny. The program closed with another selection by the orchestra. Everyone hopes that these programs will continue.

On Monday afternoon several people had their last period cut short so that they could attend the first of a series of seven weekly instructive moving pictures, each of which illustrates five countries: Egypt, the Arabian Desert, the Sahara Desert, Central Africa and Switzerland were the five illustrated this week. The general opinion seems to be that the good old U. S. A. is plenty good enough to live in.

Sudlersville won over Ridgley by a 2 to 0 score. Robert Hopkins our own "Little Hop" scored the goal early in the first half. The game ended only after plenty of thrills.

TOUGH ON THE BUTCHER

Bursting open the door marked "Private," the butcher confronted the local lawyer.

"If a dog steals a piece of meat from my shop, is the owner liable?" he asked the man behind the desk.

"Certainly," replied the lawyer.

"Very well, your dog took a piece of steak worth half a dollar about five minutes ago."

"Indeed," he returned smoothly. "Then if you give me the other half, that will cover my fee."

Fifty and Fit

A MAN is as old—or as young—as his organs.

At fifty, you can be *in your prime.*

Why go along with "fairly good health" when you might be enjoying vigor you haven't felt for years?

There's a simple little thing anyone can do to keep the vital organs stimulated, and feel fit all the time. People don't realize how sluggish they've grown until they've tried it. The stimulant that will stir your system to new life is Dr. Caldwell's syrup pepsin. It will make a most amazing difference *in many ways.*

This famous doctor's prescription is a delicious syrup made with fresh herbs, active senna, and pure pepsin. It starts its good work with the first spoonful. That's all you need to drive away the dullness and headache of a bilious spell, and rid the system of that slow poison that saps your strength. It's better than a tonic for tired bowels, and unlike habit-forming laxatives you can take it freely or give it to any child. And it isn't expensive.

Get some syrup pepsin today, and take a little tonight. Don't wait until you're sick to give your system this wonderful help. You can *avoid* those spells of biliousness or constipation. A spoonful every now and then is better than constant worry about the condition of your bowels, or fear of auto-intoxication as you grow older. Dr. Caldwell's syrup pepsin protects the system. All druggists keep this preparation.

WHEN you start at sudden noises, worry over trifles, can't bear the noise that children make, feel irritable and blue—ten to one it's your nerves.

Don't wait until your overwrought nerves have kept you awake half the night and paved the way for another miserable day. Take two teaspoonfuls of Dr. Miles' Nervine and enjoy the relief that follows. Take two more before you go to bed. Sleep—and wake up ready for the day's duties or pleasures.

Dr. Miles' Nervine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically.

Liquid or Effervescent Tablets at all drug stores.
