NEW MODERN PLANT

READY FOR BUSINESS

We have completed our new three story feed building, installed new machinery and rearranged our old for more efficient and up to date work.

In view of the small returns, if any, from our farm products, we have branched out in effort to make cheaper and better feeds, in hope that you might realize some profit from milk, eggs and poultry.

Would be pleased to have you call and look over our modern plant.

If you have any open formula you like we can grind your grains, add any concentrates called for and surprise you how cheap you can make your Dairy and Poultry feed.

Our 16, 20 and 32% supplement feeds are made from the very best ingredients and carry no filler.

The sound and sweet ingredients used in our laying mashes will produce results.

Hard facts; we want your business, and you want results, so give us a call as we are equipped to serve you.

TURKEYS

Considering present market conditions and future prospects our advice is to ship fancy young hen turkeys and fat medium weight young toms now rather than to glut the market just before Christmas.

NEW YORK CITY EATS TURKEY EVERY DAY.

Select and slaughter only turkeys in fat prime condition and make as a shipment every day in the week. This will help to prevent the market from being over-stocked at any one time, will give your turkeys not in prime condition a better chance to become prime, and will give you a steady income.

Write us for leaflet on how to select and kill prime turkeys, and for shipping tags, etc. We pay growers highest market price less expressage only, charging our commission to those to whom we sell where we think it rightly belongs as we buy turkeys from growers for them. No middlemen to pay between Meloney and retailers.

The Curbstone Diplomat

BY WILLIAM S. COLLINS

As Walter Winchell would say, "O. K. Mr. Man that put on the swimming exhibition."

A one man show put on a very unusual act, at Chestertown water front, on Thursday morning and also in the afternoon. A one man show it was; advertising manager, business manager all rolled together and making a man weighing close to three hundred pounds.

Wednesday night a voice could be heard booming about the streets of the town, announcing that a man would go swimming the next morning at the water front. He was right there at the foot of High street on Thursday morning and many spectators were there to watch him.

The one question that everyone was asking was, "What is he advertising." It turned out that he was not advertising anything but was going to pass the hat for his services. Pass the hat he did and the collection may have been enough to suit him. A lot of us would have wanted a lot of dough to make the plunge. One boy remarked that it would cost a million dollars to get him in. This boy will grow up some day and be ready probably to cut the price.

With the collection taken up and pocketed by THE MAN, the show began. A three hundred pound human being, dressed in a one piece bathing suit upon which was sewed the words "World Champion," balanced himself on the edge of the dock and took a shallow dive into the cold waters of Chester River

Then he started his stunts with two bottles of Coca Cola, purchased from Herb Ward and five water glasses, reported to have been borrowed from the same place.

As it was so cold, some had to leave before the show was over. Our fat friend, swimming in the "Cess Pool," did not seem to mind the weather and balanced his bottles and glasses at leisure.

With the stunts over, Mr. Man came on land. He invited people to feel him and his skin was unbelievably cold.

During the exhibition the actor had a continuous flow of wise cracks, all of which would have passed in most anybody's parlor. The man had an honest racket and deserves to do well.

The big post-office man was here Thursday afternoon. Very soon he will select the site for the new building. Protests as to the location will follow immediately after his decision or have they already begun.

"The "Centreville Observer" is having a straw vote, as to whether or not thieves should be punished at a "Whipping Post." To date one hundred and forty-five votes have been cast and all favor the whipping post. The ballots are sometimes accompanied by letters from irate farmers wives, who have had their poultry stolen. The stealing is supposed to be the work of organized gangs working out of Wilmington and Philadelphia. They are aided by local tipsters. It is claimed the "Whipping Post" has slowed down these large raids in Delaware.

Dec. 16, 1932.

Dear Santa Claus:

Please bring a pint of good rye whiskey to that dry barber in town who makes out he wants it for Christmas.

Raise the price of wheat, corn, milk etc., and encourage our people to deal at home or else build a seventeen foot road to the poor house.

Keep the Legislature from giving our friends on the hill a cut.

Don't bring that little boy the snow he is asking for to use his new sled on.

Please give us some new organizations. There are still a few people in town that belong to none.

If the above things are too hard, just keep us out of war with Japan until warm weather.
