—The Baltimore Sun wants to redistrict Maryland. Acording to their idea instead of the Eastern Shore having a congressman, one congressman would represent the Eastern Shore and Southern Maryland. Then Baltimore City would elect four congressman instead of three as they are now doing. This will hardly suit the Eastern Shore.

—There is a town in the United State where it is law that the residents have to wear cowboy suits. See page 7.

—If you own a model T Ford, look at Eliason Motors offer on page 8.

—Simon Westcott, of Chestertown, had a fast joke pulled on him in Salisbury. It is old as the hills but he took it, hook, line and sinker.

—The total post-office receipts for Chestertown was over twenty-six thousand dollars ($26,000). The reported combined receipts from the Truslow and Brambe Poultry farms was around seven thousand ($7,000). —If you want to throw in a novel entertainment at a party, see Phil Kratzer at the Shore Radio Service. He will demonstrate for you how it is done.

There were 18 deaths, 6 were white and 12 were colored. Many communicable diseases were reported. Read about them on Page 2. You will be surprised at the number of diseases.

—Read a subscriber's idea of how to deal at home, in a letter on page 4.

—Eddie Blackway had not fear of any hoax of Friday 13th. He left for France during the war on the 13th of the month and boarded the ship to come home on a 13th. It took 13 days to make the passage home and he was at camp Dix 13 days before he was discharged.

—Not many attended the basketball game at Washington College on Tuesday. However all of the old regulars were there including the Millington gang.

COUNTRY CLUB ACTIVITIES

The annual stock holders meeting and election of officers of the Chester River Yacht and Country Club will be held on Tuesday evening, February 7th, at the club house. A buffett dinner will be served at this meeting.

A complimentary card party is being planned for January 20th by the entertainment committee, at which time the club will be the host to those who attended the series of card parties last fall.

Except during the two weeks period when snow was on the ground, golf has not been interrupted. All winter a few of the enthusiasts continue their exercise on the links and golf has proven to be a year-around sport in Chestertown.

YACHTING CLASSES AT CLUB

TO START MONDAY NIGHT, JANUARY 16TH

United States Power Boat Squadron Casses in navigation, piloting and seamanship will start at the Chester River Yacht and Country Club next Monday, January 16th, and continue each Monday night, starting at 8 p. m.

Instructors in the classes will be members of the Power Boat Squadron, Inc., who have successfully passed the examination and hold certificates.

Anyone interested in yachting is invited to attend the classes, whether or not you belong to the club or own a boat. It will not be necessary to take an examination at the end of the course unless you desire to become a member of the Power Boat Squadron.

The purpose of the course is to increase interest in yachting and instruct those who own boats in the proper handling of them.

TO PICTURE YACHTING ACTIVITIES

Pictures of the various waterfronts in Kent County, particluarly those habitated by yachtsmen, will be shown at the Motor Boat Show to be held at the Grand Central Palace, New York Cit on January 20th to 28th.

The request for these pictures has received in the following letter from the War Department, copies of which were received by the Chamber of Commerce and Mayor Satterfield:

This office has been requested to participate in the National Motor Boat Show at the Grand Central Palace, New York City, January 29-28, 1933.

It is proposed to exhibit a map of the Baltimore District surrounded with photographs. Accordingly, if you have at your disposal or can procure without cost to the Engineer Department, one or two photographs or snapshots of the

CHESTERTOWN WATERFRONT

It will be most genuinely appreciated if the same be forwarded to this office. Please bear in mind that pictures that might interest motor boat enthusiasts are primarily desired, and that in order to have our exhibit ready on time, the pictures you submit should be in this office not later than January 13, 1933.

By direction of the District Engineer.

W. L. FOWLER HEADS FIRE CO

HERMAN BLACKWAY AGAIN ELECTED CHIEF

Mr. W. L. Fowler was re-elected President of the Chestertown Volunteer Fire Company at the annual election held on Monday evening of this. Mr. Fowler is one of the oldest members of the company, in point of service, and has ably served one year as president. His re-election was unanimous.

Other officers were elected as follows:

1st Vice President—Laurence G. Brown.
2nd Vice President—John R. Hadaway.
3rd Vice President—L. D. Bowers.
Secretary—J. E. Blackway.
Asst. Secretary—Raymond East.
Treasurer—Joseph W. Lewis.
Chief—Herman Blackway.
Chaplain—Rev. C. L. Atwater.
Surgeon—Dr. H. G. Simpers.
Directors for three years—W. H. Elliott, H. S. Russell, George W. French, and C. N. Satterfield.
House Committee—Carl LeCates, Ben Hessy, J. T. Hadaway, Fred S. Russell, and Joseph W. Lewis.

A report by Mr. J. Hydie Thompson, statistician, showed that forty-four alarms were answered during the year 1932, of which 2 were automobile, 20 chimnies, 1 oil stove, 1 gasoline, 1 lightening, 7 field fires and 12 of unknown origin.

The loss by fire on real estate in Chestertown during the year did not exceed $200; while in the country, within the territory covered by the Chestertown company, the loss on real estate amounted to approximately $20,000. This latter loss may be attributed to the time taken to get to the fire and lack of water to efficiently fight it. The average number of firemen attending the 44 fires was 16 men.

A report from Chief Herman Blackway shows the record of attendance at fires made by the individual firemen fololws; the attendance at a fire counting one point and reporting at the fire house without attendance at the fire counting 1-2 point.

C. A. Bacon 24, H. Blackway 36, B. R. Bartley 18, H. Blyman 14, J. E. Blackway 35, Wm. Blakeney 18, K. Burke 13, R. George 38, M. Barwick 23, Foster Brown 17, R. H. Collins 28, R. C. Davis 18, F. In a report submitted by Mr. W. L. Fowler president of the company, it was stated that the apparatus was in good shape and that as the fire loss in Chestertown during the year would not exceed $500, the people of Chestertown should feel very thankful to the fire company for preventing further loss. Due to the few fire calls received this year the expenses have been less than in former years and the company has been able to function efficiently on their reduced income. All bills are paid with a fair balance on hand.

FIRE DESTROYS HOME

MAKES FAMILY OF 15 HOMELESS

Fire of unknown origin destroyed the large home on the Brice farm near the site of the old Brice mill in Broad Neck Saturday evening. This house was formerly the home of Mr. and Mrs. George Brice, of Far Hills, New Jersey, and until recently was occupied by Mr. and Mrs. John Brice. The present tenant on the farm is Mr. J. C. Connelly, who with his family of fourteen and a son-in-law and small grandchild who were visiting them at the time, were asleep at the time the fire broke out but were able to get out of the house uninjured. After making an effort to extinguish the fire and going about a mile to the nearest telephone to call the Chestertown fire company, it was too late to save much of the furniture. When the firemen arrived it was impossible to save the house due to lack of water, so they devoted their efforts to saving the outbuildings and household goods. Most of the furniture was destroyed together with some new furniture just moved in for storage by the married daughter. The family is now being carried for by relatives and neighbors. The building was partly covered by insurance.

4. What types are best purchased ready made and what types best made at home?
5. When does clothing, made at home, represent a wise expenditure of money?

Recommendations.

To consider value of clothes rather than cost.

Made-over clothes may be attractive, appropriate and well fitted.

Saving things that cost money is as important as saving money.

Children and grownups should care for clothing by cleaning, pressing and hanging up. No matter how expensive an article is, without care it will not last long.

The use of cotton materials for women's social affairs, commencement dresses, school functions, and all other practical needs.

Buy a small number of good quality garments.

Select conservative styles.

CONFERENCE TO MEET AT REHOBOTH

LAYMEN TO HAVE EQUAL VOTE

Rehoboth, Del.—Pastors and laymen of the Wilmington District Conference of the Methodist Episcopal Church are much interested in the announcement that the date of the meeting of the annual conference has been changed from March 15 to March 29. The conference will be held at Rehoboth.

Announcement of the change of time was made to the four superintendents of the Wilmington District by Bishop Edwin H. Hughes, resident bishop of the Washington area of the M. E. Church.

Bishop Adna W. Leonard, resident bishop of the Pittsburgh Area of the Methodist Church, has been designated by Bishop Hughes to preside over the conference. Bishop Leonard is well known here, having conducted a preaching mission last January in the Grace M. E. Church.

This will be the first session of this conference in which laymen, with an equal vote on all matters except the admission of members to the conference, passage of characters of ministers, and the ordination of ministers, will participate.

The admission of laymen to the annual conferences was directed by the session of the General Conference held in Atlantic City last May. The admission of laymen will mean that approximately five hundred persons will have to be entertained at the next session of the conference, as every charge in the conference will send a lay member as well as their pastor to the conference.

The next session will be entertained on the all pay plan, the cost to be defrayed from a special conference fund raised by a tax on the salaries of ministers. Entertainment will be provided in Rehoboth for all desiring it, and the conference sessions will be held in the firemen's hall as there is no church in Rehoboth sufficiently large, in which to hold the conference.
