### PROSPECTS BRIGHT FOR BIGGER AND BETTER SHOW. JANUARY 25 AND 26 DATES AT ARMORY, CHESTERTOWN

## $100,000 LEFT TO DR. H. A. KELLEY

In the Will of Miss Kate Gleason, of Rochester, New York, $100.000 is left to Dr. Howard A. Kelly, of Baltimore, "to whom I am grateful for his expert knowledge in the use of radium."

Dr. Kelley states that he could not say now to what purpose he would devote the bequest from Miss Gleason, but probably would use it for the suffering poor. Dr. Kelly has helped many persons unable to pay for treatment. He is said to be wealthy. Miss Gleason's will named "Dr. Lorenzo Kelley," but the doctor received a letter from Mrs. Andrew Gleason, a sister-in-law of Miss Kate Gleason, explaining the error and saying that Miss Gleason left the money to him.

Dr. Kelley has often visited Chestertown in the interest of religious work to which he devotes a large portion of his time.

## 88 KENT STUDENTS AT W. C.

### KENT STUDENTS DOUBLE THOSE FROM ANY OTHER COUNTY

Kent county stuednts at Washington College more than double the number attending from any other county in the state and represent 35 per cent of the entire enrollment from Maryland. Registration from Kent County is 41 men and 47 women making a total of 88 students out of a total enrollment of 248 Maryland students. The total enrollment is 293.

Queen Anne's comes second with 19 men and 16 women, making a total of 35, with Baltimore city third with 24 students. The other counties in the state range from 8 students to 1.

Of the students at the college, those whose parents are agriculturists, including forestry and agriculture, lead with 79 students. Those whose parents follow some trade are second with 72, while the sons and daughters of those engaged in professional service are third with 50.

Of the 95 Freshmen registered this year, 20 are graduates from Chestertown High School, 4 from Rock Hall, and 1 from Galena making a total of 25 or 26 percent of the entire class. Centreville High School is second in this class with 6 and Cambridge High School is third with 5. Of the Freshman class, 71 are from Maryland and 24 are from other states. Delaware leads the other states with 9 with Connecticut second with 4. New Jersey and New York are tied for third place with 3 each.

These figures appeared in the Annual Report Number of the Washington College bulletin issued in December, 1932, and were a summary of the report of the Registrar, Dr. William R. Howell. This issue of the bulletin is very valuable to those interested in Washington College as it includes a complete report of the college for 1932.

According to a report by Professor Fred W. Dumschott, Graduate Manager of athletics, the income of the Athletic Department exceeded the expenditures by $351.78, including the student's athletic fees. The only athletic sport of the year which returned a revenue above expenses was football which showed a profit of $51.67. The basket ball receipts fell short by $855.-06 and Lacrosse receipts were short of expenses by $845.04.

## GALENA HIGH SCHOOL NOTES

D. M. C.

Our ever-faithful P. T. A. played Santa Claus to us this year, yes, even in this fourth year of the G. D.—and are we pleased? Somehow or other they found the money to have the walls in Miss Ware's room, the home room or juniors and seniors, painted a beautiful cream color, so clean, so pretty, so conducive t better wrk! We want to take this means of expressing publicly our deep appreciation of their goodness to us.

Everybody had a good time at the senior dance on January 14. We now have $66.00 in our treasury. The seniors are planning a general acceptance of the invitation to the Beacom College Club ball at the du Pont Hotel in Wilmington on February 3. We are quite keyed up at the prospect of such a social event.

The chemistry class is learning all there is to know about kinds of materials used for clothing. The next time we go to buy any yard material, I suspect we will make a test right there in the store. to find out if it is the real thing.

We shall soon be so busy there will be very little time to write notes of any kind, either social or journalistic. Industrial Arts and Home Economic work began on February 1, and that means fewer study periods for everybody.

We regret very much that the Rock Hall Field Ball team lost the state championship, but we know they did their very best as they always do.

Roy Freeman, President of the Handy Andy 4-H Calf Club near Galena, who was high individual in the State Contest last September and Walter Rees, Vice-president of the Kent 4-H Clover Club, who stood fourth in the contest, are the two Kent Members who would have judged at the National Dairy Show last October if the show had not been called off because of the lack of finances. The Harrisburg trip is a substitute for the bigger trip but will not keep the boys from judging again next year. Several other club members are also spending a day at this show, which is the largest Farm Products show in the East and is well worth seeing.

## WASHINGTON WINS

### DOWNS WESTERN MARYLAND

Winning their first State victory after two unsuccessful attempts puts hopes into the hearts of Washington fours. Western Maryland was outclassed and Washington trimmed them to the tune of 37 to 24.

After a poor start Washington soon overcame a lead that Western Maryland had and were out in from 13-10 at half time.

In the second half Washington from the start had everything its own way and many substitutions were made before the game ended. The final score was 37-24.

### MEETING SCHEDULED FOR COURT HOUSE AT 2 P. M.

A meeting of Kent County tax-payers for the purpose of discussing a program of tax reduction will be held today, Saturday, at the Court House, Chestertown, at 2 p. m.

At a public meeting held last summer, a committee composed of one representative from each district in the county was appointed. This committee has had several meetings and proposed a number of recommendations for Legislative action that are designed to reduce the Kent County tax rate. The meeting today will be confined to consideration of these recommendations which include a 26 cent reduction in the school tax, a 20-cent reduction in the road tax and the turning over to the counties of certain license fees that now go direct to the State. A number of smaller items are included which would still further reduce the tax rate.

## BASKET BALL SUMMARY

Washington College has lost three state games out of three starts. Johns Hopkins and Mt. St. Mary's nosed Washington out on there trip this week. Both of these teams will play here later in the season and no doubt Washington will easily defeat them both. Western Maryland was easily disposed of Tuesday night and will play here in Chestertown again this Saturday. They should be easy meat for Washington. Delaware defeated Washington Wednesday night in Chestertown.

The record so far.

## W. G. SMYTH APPOINTED POSTMASTER

### LACKS SENATE CONFIRMATION

Mr. William G. Smyth, present postmaster here, was appointed this week by President Herbert Hoover to succeed himself. He was one of seven named by Mr. Hoover in Maryland but they have not been confirmed by the Senate and it is not likely that they will as it is generally understood that the Senate will not confirm any appointments made by the President until the next session.

Mr. Smyth was appointed by President Coolidge and his present term expires in February.

## GRIDIRON MURDER

### ON SCREEN AT NEW LYCEUM HERE

Phillips Holmes, Dorothy Jordan, Charlie Ruggles and Johnny Mack Brown head the cast of "70,000 Witnesses," a murder-mystery set on the football gridiron, which comes to the New Lyceum Theatre as part of a double-feature program on Friday and Saturday, January 27 and 28.

The story has to do with the attempt of a gambling ring to "fix" a big football game by eliminating the star player of the favorite team.

They fix it so well that the star, breaking loose and en route to a touchdown in a clear field, is suddenly seen to stagger, stumble and fall. Physicians find him dead, with not a mark on his body to explain how he was killed—though they know it is murder.

The boy's teammates and buddy and a clever detective finally solve the case however.

Holmes plays the role of the teammate, with David Landau as the detective. Brown is the victim; Ruggles, a wise-cracking reporter at the game to "cover" it via radio.

### MEN'S CLUB MEETS

The Men's Club of the Protestant Episcopal Church met in the Parish House on Thursday evening of this week. Moving pictures were shown of life aboard a schooner rigged ship, a trip through the West Indies, and pictures of the regatta at the Chester River Yacht and Country Club.
