SMALL TOWNS LEAD BUSINESS RECOVERY

ASST. SECY. OF COMMERCE TO TALK ON VALUES OF SMALL-TOWN

"Small-Town Chambers of Commerce" is the subject of a radio talk to be given Sunday, January 22, from 7.00 to 7.15 p. m. Eastern Standard Time, by Dr. Julius Klein, Assistant Secretary of Commerce of the United States. He will speak from Washington over the coast to coast network of the Columbia Broadcasting System.

Dr. Klein will uphold the view that students of business matters should not concentrate unduly upon the big industrial centers and money-marts of the country, but should also scrutinize with utmost care the conditions, sentiments, and efforts in the smaller communities. From the well-spring of small-town vigor and inteligence, the Assistant Secretary believes, potent forces for our business recovery are flowing, and are destined to gain in strength.

Dr. Klein will show how much forces find expression through the local newspapers, whether daily or weekly, and through active chambers of commerce in these smaller cities and towns. He will cite numerous instances in which such agencies have rendered remarkabe service to their communities in combating unusual perplexities of the depression—overcoming grave local difficulties through energetic concerted effort. Urging that he small-town chambers of commerce be loyally supported, Dr. Klein will discuss their principles, problems, and possibilities for even broader usefulness in the future.

WASHINGTON DOWNS DELAWARE

As usual Washington made a poor start in their game Wednesday night. Delaware put up an airtight defense and managed to score six points before Washington was able to tally.

Huey made Washington's first score with a foul. Proudfoot scored a field goal and a few minutes later Skipp caged one. With the score 6-5 neither team was able to score for quite awhile. Huey was fouled and made his shot good to tie the score 6-6.

The tide had turned and during the rest of the game, Delaware chances to score were few. Delaware made a foul which kept them in the lead 7-6. Proudfoot soon followed a Washington shot and caged the ball to put Washington into the lead for the first time 8-7. Delaware tied with a foul. Fouls scored by Skipp and Proudfoot gave Washington a two point lead at half time 10-8. Washington made 3 goals and four fouls. Delaware had made 2 goals and four fouls.

The second half opened and neither team was able to score for a few moments but Delaware finally caged one to tie the score 10-10. Proudfoot soon put Washington into the lead and they held this lead for the rest of the game. Delaware's only scores were made from the middle of the floor, and the foul route after this. Washington went wild, the whole team playing well and ran a score up to 30-19.

Delaware put up a fight until the last and scored the last three points made. Delaware has a good team and will probably give Washington plenty of trouble at Newark but when a team gets the o ld spirit in it like Washington had Wednesday night, they are hard to stop. This makes the fourth game since Friday that the College has played. It looks like the larger the dose the better they can swallow it.

In the preliminary game St. Paul Church School of Chester, Pa., defeated the Washington Junior Varsity 19 to 13.

LOSE TO MT. ST. MARY'S

Washington took a tough one on the nose on at Emmitsburg last Saturday night when they lost to the Mt. St. Mary's five 34-29.

At the start the game was rather slow but finally Washington sprang into action and at half time were leading 19-17.

In the second half Washington continued its fast play and with only four minutes to play had a five point lead 29-24. Everything was looking fine for Washington when Skipp made a personal foul. This was his limit and he was put out of the game.

In these four minutes Mt. St. Mary's came back with a desperate rally and scored ten points to win the game 34 to 29. The Washington defense was unable to stem the tide.

"OF THEE I SING" AT FORDS

"Of Thee I Sing," with it's original cast featuring William Gaxton, Lois Moran and Victor Moore, will come to Ford's Theatre, Baltimore, for one week only beginning Monday, January 23rd, with matinees Wednesday and Saturday, direct from its phenomenal run of fifty-five weeks on Broadway, bringing its many-scened productioo, its fine company of distinguished principals, and its large and beautiful singing and dancing chorus fresh from their Manhattan triumphs.

"Of Thee I Sing", in addition to being the outstanding musical hit of the past and present season, is the only entertainment of its type to have been awarded the enviable Pulitzer Prize, a distinction that has placed it in a niche by itself in the theatrical hall of fame.

So great has been its success, that it is difficult to allot the honors in their right proportions. Certainly to Sam H. Harris, its producer, must go a large sharge of the credit for the elaborateness, the taste and the beauty evidenced in its production; to George S. Kauffman and Morrie Ryskind go to the plaudits for a book that promises to make political history; and to George Gershwin for his whistling score, and to Ira Gershwin for his satirical lyrics are due an equal share of the high praise that has been bestowed upon this unique production by the public and the press.

In sending "Of Thee I Sing" to visit the leading cities of the East, Mr. Harris has introduced another innovation in road tours in that not a single change has been made in the New York cast, which, in addition to William Gaxton as the dashing president of the United States; Lois Moran as the petite Mary Turner who becomes the president's wife under amusing circumstances; and Victor Moore as the wistful vice-president with the name no one can remember, there will also be seen all the remaining splendid characters offered by Grace Brinkley, June O'Dea, Florenz Ames, Sam Mann, Edward Robbins, George Murphy, Harold Moffet, Dudley Clements, George E. Mack, Ralph Riggs, all aided and abetted by the finest singing and dancing chorus in America.

Announcement

Having severed my connection with Bordley & Son I am now representing the English-American Personal Tailoring Service and am prepared to take your orders for made-to-measure clothes.

It's an old fashioned idea, but a lot of people still believe that made-to-measure clothes are only for the fellows who can't be fitted any other way. Nothing could be farther from the truth! Made-to-measure clothes are for every man! And with our extremely low prices for quality tailoring we've done a lot to convince folks that there's nothing like a made-to-measure suit.

Right at present we are featuring a 20 per cent. reduction on more than a 100 patterns of fall and winter styles.

Drop me a card, or give me a ring, the phone number is Chestertown 36-J, and I'll be glad to call and show you samples of our many styles and patterns.
