IT WAS VERY evident at the taxpayers meeting last Saturday that those present were willing to leave the question of Legislation for tax relief in the hands of Kent's representatives. These men are aware of the fact that there is a strong sentiment for a large reduction in taxes which can only be obtained through legislation. Kent's present tax rate of $1.47 is distributed as follows: 67 cents for schools, 30 cents for interest and retirement of bonds, 20 cents for roads and 30 cents for all other county expenses. The only items that can bring about a large reduction in the tax rate are schools and roads as even a 25 per cent reduction in county expenses would mean a reduction in the tax rate of less than 8 cents. The debt tax cannot be changed and the school and road tax will be two of the principal subjects at Annapolis. There is no doubt that a reduction in those two items will be made through the levying of other indirect taxation. Just how much this will be will probably be decided at Annapolis next week.

THE following letters which we received from the Hon. T. Alan Goldsborough this week, speak for themselves:

The Chestertown Transcript
Chestertown, Maryland
My dear Mr. Collins:

A short time ago, the question arose as to whether or not a member of the United States Senate or House of Representatives should, on the question of prohibition, vote in accordance with the views of his constituents or in accordance with the party platform.

Without placing upon anyone else the responsibility for any action I have felt in duty bound to take, or will feel in duty bound to take, I am sure it will be of interest to the people of the Eastern Shore to have the views of the President-elect of the United States on this question.

On August 31, 1932, the Rev. Christian F. Reisner sent the following letter to Governor Roosevelt:

"Dear Governor Roosevelt:

Your past courtesy makes me bold to send this letter. If you do not think it wise or do not have the time to answer it, I will understand and never refer to the fact that I had written it. If, however, you can answer it and are willing, I will give it wide publicity and know it will do good. I admire you so much that I am sincere in my desire to get a reply to the questions:

1. How would you make it impossible for the saloon to come back?

2. If before Prohibition "dry" states could not be protected what plan would you propose for the future?

3. Do pou think it wise to make the sale of wine and beer so common as soft drinks are now?

4. Do you understand that all Democrats and Senators and Congressmen are bound by the platform to vote for "Repeal" and the return of beer and wine whatever their personal convictions or those of their constituents?

With very high regard, I am

Yours respectufily,

(Signed) Christian F. Reisner."

On September 12, 1932, Governor Roosevelt replied as follows:

"Mr. Christian F. Reisner
639 West 173rd Street
New York, New York
My dear Mr. Reisner:

I am always glad to hear from you. I believe that my talks so far on the prohibition plank of the Democratic platform outline my views on this subject. Regarding the last question, I might say that Democratic Senators and Congressmen are duty bound to vote in accordance with the views of their constituents regardless of their personal opinions.

I would suggest that you read my speech made at Sea Girt, New Jersey on August 27, copy of which I am enclosing.

Yours very sincerely,

(Signed) Franklin D. Roosevelt."

I later wrote Governor Roosevelt asking if he had any objection to my using the letter he had written to Mr. Reisner. His replay is as follows:

Personal

Dear Mr. Goldsborough:

I have no objection to your using my letter, but hope you will make it doubly clear that I believe that the Democratic sweep this year was a definite endorsement in the overwhelming majority of the Congressional districts of the Democratic platform!

Very sincerely yours,

(Signed) Franklin D. Roosevelt.

Hon. T. Alan Goldsborough
Denton
Maryland."

As indicated above, I believe the people of the Eastern Shore of Maryland will welcome the views of the President-elect and I will, therefore, be very grateful if you will publish this letter.

Very respectfully,
T. Alan Goldsborough.

"Character is What You Really Are. Reputation is What Other People Think You Are"

Character is the Most Important Thing to Acquire, and the One Thing That Each Person Must Get for Himself

You cannot get character any other way than by winning it. No substitute can procure for you the capital prize in the game of life. Your parents cannot give you character. It is every man for himself. Heredity is overvalued. One may inherit characteristics—but not character. Your conditions, your temperment, your family, your abilities, your weaknesses are the elements out of which you must form that supreme thing—character.

It is not things that matter; it is all in the way you look at things—your attitude of mind.
