County-Wide 4-H Club Banquet Date Changed

The county-wide 4H Club Banquet date has been changed to Thursday night, February 23rd. Due to a number of complications, it was thought wise to change the date from February 17th to February 23rd, at a meeting of the Banquet Committee Tuesday night.

4-H LIBRARY

Plans are being made to conduct a 4-H Library where 4-H Club members may secure good books for their reading. A small start has been made and anyone who has a good book they have finished with may pass it on to other Club members.

An hour with a book would have brought to his mind
The secrets that took him a whole year to find
The fact that he learned at enormous expense
Were all on a library shelf to commence
Alas for our hero! Too busy to read,
He was also too busy, it proved to succeed.
We may win without credit, skill or a smile,
We may win without patience or purpose or wit,
We may even succeed if we're lacking in grit;
But take it from me as a mighty safe hint,
A civilized man cannot live without print.

Did You Know That—Up to 1789, the present town of Centreville was known as Chester Mill, and that the change of name was because of the confusion of the name with Chester Town?

Did You Know That—In the year 1778, Kent county, and upper Queen Anne was infested with Tories (persons loyal to England) and that Governor Johnson "found it necessary to send 32 of our mattresses, 2 field pieces and 200 small arms, with instructions to proceed to Chester (Chester Town) if wind serves, if not land at Queens Town, and send as Express if stop is made at Queens Town."

Did You Know That—Joseph Scott, in "a Geographical Description of the State of Maryland and Delaware," said in 1807, "Indian Corn and Tobacco are the chief productions of the State, South of Baltimore," he wrote further, "Cotton is raised almost on every plantation; wheat is cultivated only by a few, and in small quantities for the use of their families." He also said further, "On the Eastern Shore, wheat and Indian corn are the principal productions, the culture of tobacco rapidly declining."

Did You Know That—Joseph Scott, the geographer, said further, "The Chester River is one of the longest and most beautiful rivers on the Eastern Shore, rises partly in New Castle and Kent counties, and has a course of about 43 miles."

Did You Know That—Writing of Chestertown in 1807, Mr. Scott said, "Chestertown had already lost the foreign trade which had at one time given it special importance among the Eastern Shore towns."

CLARA BOW RETURNS AS FILM STAR

MAKES NEW DEBUT AS LEAD IN TIFFANY THAYER'S "CALL HER SAVAGE"

Clara Bow returns to the screen at the New Lyceum Theatre on Monday and Tuesday, Feb. 6 and 7. "Call Her Savage," her initial Fox starring picture has its long-awaited engagement.

As the heroine of Tiffany Thayer's dramatic story, a role which she herself selected, the famous red-head is said to portray a life nearly paralleling her own hectic career. It is the fight waged by a misunderstood girl to curb the conflict of desires that rage inside of her extraordinarily intense heart.

Film Called Courageous

In both screen adaptation by Edwin Burke, and the star's interpretation of the title role, "Call Her Savage," has been hailed as the most courageous portrait of a woman's soul yet screened.

As the half-breed sweetheart to whom she turns when society has failed her, Gilbert Roland heads the supporting cast. Others featured include Thelma Todd, as her honey-haired rival; Monroe Owsley, her weak-willed husband; Wilard Robertson, her stern parent; Estelle Taylor, her indiscreet mother; Anthony Jowitt, as a wealthy suitor; Weldon Heyburn as her mother's lover, and many others.

John Francis Dillion directed "Call Her Savage."

MEDAL WINNERS AT TURKEY SHOW

SPECIAL AWARDS MADE

In last week's issue a complete list of winner's at the Maryland Turkey Show was published. Below are a list of special awards which were not available for last weeks issues.

John W. Biggers was the winner of the Special Rosettes offered at the Maryland All-Turkey Show and National White Holland Turkey Club, South East District Meet, by the National White Holland Club. His birds were first in all classes.

Mr. Biggers won the American Poultry Association Gold Medal for the best bird in the Show. A wonderful yearling hen won this signal honor. Roe Wallis' Bourbon Red pullet the was runner-up.

Among the Bronze Beauties on display, Mrs. Edward D. Prince, of Bridgetown, Md. won the bronze medal with a beautiful young tom. This was a very large class and competition very keen. It is a real honor to win in such company.

Mrs. James Moore, of Greensboro, furnished the medal winner among the Narragansetts with a splendid yearling tom. This bird received much attention.

Roe Wallis supplied the quality for the medal for best Bourbon Red in a pullet. This bird was much sought for by buyers of breeding stock. Many more birds than were available could have been sold at the show. Each year the show affords much demand for stock birds of the different breeds.

Pioneer Point Farm carried off the Black honors with a pullet. This relatively scarce breed attracts much attention from the casual show visitor. Many people are not aware that there are six distinct breeds of turkeys. The Slate breed is not at all common, none are bred in Maryland so far as known.

Five of the six breeds were well represented by the 151 birds in the show. Some classes were large. Competition was keen all the way. High class judging was given by Mr. Rice who was ably assisted by H. L. Shrader, of Washington. An interested group watched and listened at the tables were the birds were given the final checkup. A chart showing the scale of points set up as the standard of perfection, was frequently referred to. This type of demonstration judging and discussion is very helpful to beginners in the show game.

Donors of the birds given away at the show were Red Acres Farm (Mrs. H. T. Williams): Wood Chester Farm (Biggers): Rambo Turkey Farm: Mrs. Robert Wallis: Blooming Neck Turkey and Fruit Farm. (Mrs. W. B. Harris) Mr. L. A. Sutton; Mrs. James Matthews. The generous support of these good folk is much appreciated as is the help and donations of many other people whose only reward is the satisfaction that they had a part in making the show a real success.

TOXITE GOING BIG

SHIPMENTS TO ALL PARTS OF COUNTRY

ORDER SENT TO IRELAND

Toxite, an anticeptic for the control of Coccidiosis among chickens, descovered and manufactured by Truslow Brothers at Truslow Poultry Farm, near Chestertown, is rapidly gaining in popularity in all parts of the country.

Shipments are being made to many states as far West as California, and this week a shipment was sent to Belfast Ireland. A whole carload was sent this week to Indianapolis.

This anticeptic is manufactured here and at the present time twelve people are employed at the plant.

The Truslow Brothers have been working and experimenting to find something that would control the dreaded disease, Coccidiosis, among chicks and last year a preparation was finally descovered that met every test and although this product has been on the market only a comparatively few months, the demand for it is increasing daily. The continued growth will probably develope this industry to one of the largest on the Eastern Shore.

WILMINGTON DOLLAR DAY

Wednesday, February 8th, will be the Spring Dollar Day in Wilmington under the auspices of the Mercantile Section of the Chamber of Commerce and affiliated stores, which will be designated by the display of the official emblem of the Section which will be shown prominently in display windows and on counters within official stores. Dollar Days have been conducted under the auspices of the Wilmington Chamber of Commerce for twenty years, and have become widely known, throughout the entire country, as a remarkable bargain event where real, absolute bargains are given to everyone.

Unusual efforts have been made by the retailers affiliated with the Mercantile Section to make this the premier Dollar Day of the long series, and for weeks purchasing authorities of these stores have been combing wholesale markets for additions to their already widely diversified stocks, in order to be in a position to give shoppers the benefit of the highest possible values at Dollar Day prices. Undoubtedly this will mark the highest peak of effort possible to insure taking ample care of the crowds which are certain to attend and take advantage of it, but to see that they are thoroughly satisfied with their purchases, and that these purchases shall represent real bargains.

These semi-annual Dollar Days are anticipated with much pleasure by many thousands of housewives on the Del-Mar-Va Peniusula and nearby points in Pennsylvania, Maryland and New Jersey. The number of visitors from these places increase with each year, and each year more and more stores are so crowded with smiling visitors as ofttimes to require the assistance of "traffic policemen" to prevent such congestion that no one could get near the counters.

The concert is for the benefit of the Kent County Welfare Association, an organization that has been providing food and clothing to many families in all parts of the county, and while the donations of old clothing have been generous, yet the efficient functioning of this organization has affected a large saving to the county in public expenditures.
