KENT CO. HEALTH REPORT

ACTIVITIES OF LOCAL HEALTH ORGANIZATION

The following is a partial report of the activities of the health work carried on in Kent County duinrg the month of January under the direction of Dr. R. G. Beachley:

Communicable Diseases

During the month of January one case of measles, one case of scarlet fever, and three cases of chicken pox were reported. There were fifty-six cases of influenza, this being due to the pidmic which has swpt over the country during the past sixty days. Most of these cases have been of the mild type. Eight cases of pneumonia, two cases of erysipelas, one case of gonorrhea, and one case of vincent's angina were reported. Five cases of syphilis were reported through the Venereal Clinic. Several follow up visits were made to the man who was taken ill with diphtheria while a prisoner in the county jail and was moved to his home in Melitota.

Medical Inspection Of School Children

Children in the Galena, Kennedyville, and Rock Hal schools were given a preliminary examination before the visit of the health officer. The examination of school children constitues one of the most important phases of the Health Department. Parents of children with defects are notified and advisd to take their children to the family physician for future treatment.

Hospitalization

Seven cases were sent to the hospitals through the Health Department during the month. Practically all of these were entered as free patients and the consent of the family physician was obtaind before each case was hospitalized. They were as follows:

1 Tuberculosis Case, State Sanatorium, Sabillasville, 1-4-33.

1 Heart Condition, Johns Hopkins Hospital, Baltimore, 1-2-33.

1 Cleft palate, Union Memorial, Baltimore, 1-4-33.

1 Injury of hand, Easton Hospital, 1-10-33.

1 Obstetrical case, Easton Hospital, 1-18-33.

1 Appendicitis case, Easton Hospital, 1-26-33.

1 Social case, Nursey & Child's Hospital, Baltimore, 1-28-33.

Midwives—Number visited 6, total midwives under supervision 30.

Communicable Diseases— Measles 1, Scarlet fever 1, Influenza 56, Chickenpox 3, Pneumonia 8, Erysipelas 2, Gonorrhea 1, Syphilis 5, Vincent's Angina 1.

Laboratory—Blood for Wassermann 18, Sputum for tuberculosis 1, Water analysis 3, Pus smears for gonococci 5

Statistical—Births 22, White 17, Colored 5. Deaths 27, White 17, Colored 10.

Causes of Deaths— Still births 4, Convulsion 1, Premature birth 1, Bronchial pneumonia 3, Lobar pneumonia 1, Heart disease 1, Apoplexy 1, Chronic Pericarditis 1, Cerebral hemorrhage 2, Chronic nephritis 1, Abscess of leg 1, Misscarriage 1, Acute bronchitis 1, Arterio sclerosis 1, Pulmonary tuberculosis 1, Chronic myocarditis 4, Asthemia 1, Arterio stenosis 1.

Clinics

Four Venereal Clinics were held during the month at which time 53 patients were treated and a total of 94 injections of salvarsan were given. Eighteen blood specimens were taken for the Wassermann test five of which were positive.

Toxoid, the preventive treatment for diphtheria, was administered in sixteen colored schools in the county. One hundred and eight children are in the process of being immunized. Kent County has one of the largest percentages of children receiving this protection of any county in the state.

Dr. F. A. Holden held two Eye, Ear, Nose and Throat Clinics in the Health Center at which twenty-two patients were examined and treated.

Miscellaneous

Both of the nurses have been called upon to do a large amount of social service work and assist the Red Cross in bringing help to needy cases. This has been especially true of the colored nurse in her work with the colored group. In many instances families were found not only with out the necessities of life but badly in need of medical aid.

The colored nurse was directed by the State Department of Health to attend a course at the School of Hygiene and Public Health at the Johns Hopkins University for two weeks.

IN MEMORIAM

In memory of our dear father and husband, John Ward who departed this life ten years ago February 23rd.

Deep in our heart you are fondly remembered.
Sweet happy memories cling round your name
True heart that loved you with deepest affections
Always will love you in death just the same.

The world may change from year to year
And friends from day to day.
But never will the one I lose
From memory pass away.

Not dead to us who loved him
Not lost but gone before.
He lives within our memories
And will forever more.

From this world of pain and sorrow.
To the land of peace and rest
God has taken our dear father
To a land of love and peace.

Loving Wife and Children.

IN MEMORIUM

LECOMPTE.—In sad but loving remembrance of our dear mother, Adeline R. LeCompte, who departed this life two years ago February 23, 1931.

Death has robbed us of our Mother,
Whom we loved and cherished dear;
It was mother, yes, dear mother,
Can we help but shed a tear?

Yes, we miss her, oh, we miss her,
When we see her vacant chair;
How sad the room without her,
For there is no mother there.

Sleep on, dear mother, and take your rest,
God called you home, He thought it best;
He saw your suffering there so great,
And opened wide the golden gate.

She shall sleep, but not forever,
There will be a glorious dawn,
She shall meet, to part, no never,
On that resurrection morn.

By her devoted children.

HE HOLDS THE QUEEN

"What I am today I owe to my wife," he said proudly.

"Well, what are you?" the other sneered.

"I'm the husband of the best bridge player in our neighborhood."
