CITY ELECTION MARCH 20

REGISTRATION HELD MONDAY

According to the new charter, Saturday last, March 4th, was the last day on which candidates may file their applications, each applicant being compelled to resent an application signed by at least ten taxpayers. WOULD POSTPONE M. E. CONFERENCE

Postponement of the Wilmington Annual Conference for thirty days was urged on Monday by sixty ministers of the Salisbury district of the Methodist Episcopal Church.

The ministers recommended the postponement because of incomplete church financial reports augmented by the state and national bank holidays.

The conference, comprising the Wilmington, Middletown, Dover and Salisbury district, has been scheduled to convene at Rehoboth Beach, Del., on March 29.

NOW AND THEN

WHICH ROAD?

By Nixon Waterman.

If you could go back to the fork of the road,
Back the long miles you have carried the load;
Back to the place where you had to decide
By this way or that through your life to abide;
Back of the grieving and back of the care,
Back to the place where the future was fair—
If you were this day that decision to make,
O brother in sorrow! which road would you take?

Then suppose that again to the fork you went back,
After you'd trodden the other long track;
After you'd found that its promises fair
Were all a delusion that led to a snare—
That the road you first traveled with sighs and unrest,
Though dreary and rough, was most graciously blest,
With balm for each bruise and a charm for each ache—
O brother in sorrow! which road would you take?

Some one asked me yesterday as I watched two happy little tots playing games if I would like to be a little child again. Certainly not unless I had the experience that I now have, to carry me over the many pitfalls and temptations that act as stumbling blocks across one's way.

Mr. Freeman J. Gosden and Charles Correll who play Amos 'n' Andy respectively, have portrayed sixty-five different characters in their radio sketches since they went on the air five years ago. Amos is currently playing Lightnin,' Kingfish, Brother Crawford and Gwindell, while his partner is kept busy with the lines that fall to Andy, Mr. Van Porter, Pop Johnson and the "landlord."

A La Mode

When all the world's against you,
And all your friends go by,
Disdainful of your worry,
Unheeding of your cry;
When everything is hopeless
And nothing looms in view
Except the dismal future,
Cheer up, and don't feel blue.

Though poverty surrounds you
And all your dough is spent
There's this for consolation:
No matter how you're bent,
Regardless of your feeling
And what you were before
You're now right in the fashion
With twenty million more.

JOHN HART.

The closing of the banks have certainly been inconvenient as it has caught many of us without money. Some have been reduced to one cent. We hear of rich men who have borrowed from their butlers or chauffeurs enough money for a meal. Meanwhile this depression may do much towards stabilizing currency, and that the people will return to more thrifty ways and let wild cat schemes alone.

March 4th was an unusual day for the inauguration as the new President was greeted with sunshine. Often the incoming presidents have had stormy days to welcome them in. We are trusting that the fair weather is a harbinger of better days. Never has a president entered in more stringent times than this. It is in such times that character and unselfishess are developed, and we hope that our states men will put patriotism above selfish interests and work for the good of our Nation.

TOWN COUNCIL MEETS

ORDINANCE WILL PREVENT SIDEWALK SKATING

At a meeting of the Mayor and Council on Monday evening of this week ordinances were ordered prepared which will prevent roller-skating on the sidewalks and pavements of Chestertown, and the use of bicycles after dark without lights.

The Council instructed Dr. R. G. Beachley, Deputy State Health Officer, to make monthly bacteria tests of all milk sold in Chestertown so as to insure a pure milk supply.

A request for a concrete pavement on the north side of Maple Avenue from Lambert's Dining Rooms to the Atlantic Filling Station, was deferred until it is determined whether the property owners will pay half of the cost of the pavement which is the policy followed by the Town Council in building pavements.

Common sense doesn't have the appeal—nor the lure—that other virtues afford, but it's the most important of all the virtues.

BENEFICIARY IN WILL

Miss Sarah Gemmill, formerly of Kent County, was one of the beneficiaries in the will of the late Mrs. Hallie Davis Edkins, mother of Ex-Senator Elkins, of West Virginia. Miss Gemmill, is a trained nurse and has been employed by Mrs. Edkins for several years. Her share of the estate was $50,000. She is a first cousin of Mr. P. A. M. Brooks of this town.

MAY USE SCRIP HERE

DEFINITE ACTION WILL BE TAKEN TODAY

As an emergency measure in order that labor may be partly paid so as to purchase the necessities of life, some of the business houses in Chestertown are planning to use scrip today. According to the present plans the scrip will be printed on paper the exact size of the new paper money and will be issued in denominations of 25 cents, 50 cents and $1.00. The wording of the scrip states that it has been given in exchange for merchandise or service, and will be redeemed in merchandise or service at any time within twelve months. It will contain the printed name of the business firm who issues it and the signature.

The first series will be limited to $200 for each user and that amount of security will be deposited in the hands of Mr. Stephen R. Collins, who has been designated as banker, before the scrip is issued. This will give the scrip a value.

Those firms who are contemplating using the scrip have been meeting this week and unless the banks open tomorrow it will be used for payroll. The bank holiday caught many firms without sufficient cash for their payrolls and the scrip is to be used to enable employees to secure the necessities of life. The firms who have shown an interest in the use of scrip are P. M. Brooks, Metcalfe Bros., Stavely & Bowers, Eliason Motors, Truslow Poultry Farm, C. W. Kibler & Sons, Ben Heller, Joseph W. Lewis, and G. T. Cooper. A committee composed of Messrs. P. M. Brooks, S. R. Collins and P. G. Wilmer are acting as a finance committee.

OPPOSITION TO BRIDGE

TALBOT ORGANIZATION ACTIVE

If the talk of a bridge across Chesapeake Bay has accomplished nothing else, it has apparently been the cause of the organization of a Chamber of Commerce in Talbot county. These Chambers of Commerce are good things in the counties and even if their organized efforts at the present time are against a progressive move we can't blame them for fighting something that may stop the ferry company's dollars from rolling their way. Their objection cannot be from a standpoint of State expenditure, because we have seen no effort on their part to relieve the State of appropriating a large annual subsidy to that particular ferry.

It is an old story that the traveling public is going to use the most convenient and economical route between two points. If the Claybourne-Annapolis Ferry Co., meets these requirements, the Talbot County Chamber of Commerce has nothing to worry about but it is very apparent, from their activity against the bridge, that they know the public will use the bridge, which after all is what the bridge is proposed for, the traveling public, you and me.

However the activity of this newly organized body is getting results on the Shore, what they are telling we do not know, but the following organizations have found the bait to their liking and letters have been received from the Mayor and City Council of Pocomoke City, Mayor and Council of Berlin, the Princess Anne Rotary Club, the Denton Chamber of Commerce, the Federalsburg Chamber of Commerce, the Mardela Springs Commissioners, the Sharptown Commissioners, the Sharptown Commissioners and the Business Men's Association, the Cambridge Rotary Club, the East New Market Commissioners, the Centreville Rotary Club and the Young Men's Business Association.

BANKING SITUATION UNCHANGED

LOCAL BANKERS IN DAILY CONFERENCES STUDYING CONDITIONS

The banking situation is unchanged and while the Federal Government is rushing through legislation to insure an early opening of the banks all over the country, probably next week, there can be no definite statement now as to when depositors may draw on their old accounts. The local banks are keeping in touch with the situation and are operating under State and Federal rules and regulations. The State regulations under which local banks are operating now are as follows:

BULLETIN NO. 1

By authority of the Emergency Banking act of the General Assembly of Maryland, approved on Saturday, March 4th, 1933, and in conformity with the regulations issued by the United States Treasury Department, John J. Ghinger, the Bank Commissioner for the State of Maryland, with the approval of the Governor and Attorney General, today made and promulgated the following rules and regulations for the conduct of business of all banking institutions doing business under the laws of Maryland during the continuation of the legal holidays.

RULE I.—The present directors, officers and employes of every banking institution accepting deposits and doing business under the laws of the State of Maryland are hereby designated and appointed to continue to conduct the business of the respective institutions.

RULE II.—All transactions of each banking institution shall be completed and the general books closed as of March 4th, 1933, the effective date of the Maryland Emergency Banking act.

RULE III.—No withdrawals from present deposit accounts of any nature whatsoever will be permitted until further notice, but any banking institution may cash United States Government checks and present the same for collection to the Federal Reserve Bank, provided, however, that no gold or gold certificates shall be paid out in cashing such checks.

RULE IV.—Banking institutions are hereby authorized to make loans upon adequate security whenever necessary for periods not to exceed thirty days for the purpose of handling drafts or other documents in connection with the shipment, transportation or delivery of food or food products and may pay out the proceeds of such loan, but no gold or gold certificates shall be paid out for such purposes and no loan for any other purpose shall be made until fur-

MOVIE BRINGS REAL MAE WEST TO FILM FANS

"She Does Him Wrong" breezes into the New Lyceum on Wednesday and Thursday, March 15 and 16 and will give local film patrons an idea of what the real Mae West is like when she's starring in a play of her own authorship. They had a glimpse of her in "Night After Night," but it has remained for "She Done Him Wrong" to bring out the real Mae West—the Mae West that Broadway knows. See her picture! It's a different kind of a treat and a different kind of a thrill!

The film tells a vivid story of the Bowery, with Miss West as the lady known as Lou, who sings for her diamonds at Jordan's Diamond Palace. She sings "Frankie and Johnny" as it's never been sung before, and also introduces two new members, "A Man What Takes His Time" and "Haven't Got No Peace of Mind," both especially written for her by Ralph Rainger. And if ever there were no story to be told, Miss West's singing of those three songs would be worth the price of admission.

The fine supporting cast includes Cary Grant, Noah Beery, Owen Moore, Gilbert Roland, David Landau, Rafaela Ottiano, Rochelle Hudson, Grace LaRue, Fuzzy Knight, Tammy Young and others. Lowell Sherman wielded the megaphone.

But the film is first and last—Mae West! Author, actress, singer and personalty! See it!

—Two mad dogs were killed in Queen Anne's county this week. It is not known what damage they had done before they were killed.

—C. H. S. basket ball team will play Tri-County High School of Queen Anne's county on March 13th at the Centreville Armory. The winner of this contest will play on Thursday the winner of the Oxford-Cambridge game. These games are part of the state championship series.

—Next week will be farm equipment week at Jones & Satterfield and the week's programme will interest every farmers. See advertisement on page four.

—Special offerings of merchandise continue at Jefferson's, a study of the advertisment on page eight will be worth while.

—The fur market is partly crippled by the lack of cash and prices for rat hides were 30c and 40c this week.

—All that is holding back the construction of the Chesapeake Bay bridge now is a trivial $6,250,000 which the bridge company hopes the R. F. C. will loan them.

—A small amount of scrip will probably be issued today to pay labor. As long as this scrip is handled properly it may prove to be a big help as immediate relief.

—Mr. Joseph E. Magrogan, of near Lynch, was taken to Easton hospital Wednesday afternoon for treatment.
