IT IS VERY gratifying to see the progress being made by the two Kent County banks, who are under State and Federal regulations, toward the solution of their present problems. Both banks are working on a definite plan which, it is understood will bring about normal banking conditions within a very short time. It is understood that the Third National Bank, which is under Fedreal regulations, will open for normal business within the next few weeks and that when banking conditions are normal here assurance of sound banking institutions is assured.

Dear Fred,

You told me that you were thinking of your family as your car skidded and turned over the other day.

Have you thought how your family would have gotten along if you had not survived that accident?

I hope you have, and have arranged for such an emergency, but if you haven't, it would be a good idea to see Harper at Still Pond, the Massachusetts Mutual man.

Faithfully,
Doc.

The Third National Bank

CHESTERTOWN, MARYLAND

DURING the past two weeks National Bank Examiners completed a most thorough and searching examination of the Third National Bank.

At a meeting of the Board of Directors called by the examiners following their work, Mr. J. A. Amrhein, the Senior Examiner, stated to the Board that all accounts were found to be correct to the penny, and that there was no cr e directed toward the Officials and Directors in the management of the bank's affairs.

Mr. Amrhein stated that because of a large depreciation in the present value of the securities, and loans held by the bank, due to existing financial conditions, it would be necessary for the bank officials and the Treasury Department to devise a plan by which the liquidity of the bank's assets may be made such as would nable the institution to open for normal business. This plan is being worked out and will be given to the Stockholders and Depositors as soon as it is determined by the Treasury Department.

The Officials and Directors wish to express their appreciation of the very hearty cooperation of our patrons and friends in efforts now being put forth to bring about a speedy return to normal banking conditions.
