WHEAT PROCESSING TAX TO APPLY THIS YEAR

30 Cents a Bushel to be Added to Market Price

According to a statement made this week by County Agent J. D. McVean, Federal authorities have decided to put the 30 cent processing tax in effect on this year's wheat crop regardless of the market price of wheat.

It was first thought that the processing tax would only be applied so as to bring the price of wheat to $1.05 and probably would not need the 30 cents to bring the price to this figure, but the decision reached this week will add 30 cents to the market value for that proportion of the wheat crop that is used for domestic purposes.

What does this mean to Kent County Farmers?

1st. That they will sell their wheat crop at any time they desire for the market price.

2nd That they will receive 30 cents a bushel above this market price for the proportion of the country's wheat crop that is used for domestic purposes.

3rd That two-thirds of this 30 cents a bushel will be paid to the farmers in September and the remaining one-third will be paid when the provisions of the act is complied with.

4th That the farmers must comply with federal regulations with reference to reduction of acreage.

A rough estimate of Kent's wheat acreage this year is placed at 80 per cent of the average and estimates of the crop this year is placed from 12 to 15 bushels to the acre.

Intricate details of the processing tax are being taken up and will shortly be in the hands of the county agent.

STATE TAX RATE 25 CENTS

STATEMENT OF REDUCTION TO 22 CENTS IN ERROR

Due to a misinterpretation of the state budget law, numerous Maryland counties this year were under the impression that the reduction in the state tax rate would become effective in 1933. As a matter of fact the decrease from 25c to 22c does not become effective until next year.

The Legislature in 1931 set the State tax rate for 1932 and 1933. The recent session of the Legislature reduced the rate to 22 cents for 1934 and 1935.

This will bring Kent's total tax rate for 1933, 93 cents County and 25 cents state to $1.18 instead of $1.15 which has been previously stated.

Mr. William Toulson will move to the Skirven farm, recently purchased by the Old Line Construction Co. Mr. William French, present occupant of the Skirven farm will move to the J. P. Nicholson farm near Fairlee.

Miss Helen Schellenger, Home Demonstration Agent, has been confined to her apartment this week due to illness.

COMMUNITY SERVICES START SUNDAY

FIRE COMPANY BAND TO FURNISH MUSIC

The Sunday evening community services in Chestertown will start next Sunday, July 2nd, at 7 p. m. and continue through the months of July and August. The churches combining in this service are Christ M. P. Church, Chestertown M. E. Church, and Emmanuel P. E. Church. This service will take the place of the regular Sunday evening service in all three churches.

The program of the community service includes a twenty minute address by one of the three preachers of the above churches and sacred concert by the Chestertown Volunteer Fire Company band. The address at the service this Sunday will be deilvered by Rev. C. L. Atwater, July 8th, Rev. Dr. Sexsmith; and July 15th, Rev. Frank White.

The committee in charge of the services is composed of Rev. Frank White, John C. Davis and Samuel C. Kreeger, of the Chestertown M. E. Church; Rev. Dr. E. A. Sexsmith, Fred G. Usilton and C. C. Jones, of Christ M. P. Church; Rev. C. L. Atwater, Theodore Wood and Charles Schreiber, of Emmanuel P. E. Church; and C. L. Bacon, leader of the band. Dr. Sexsmith is chairman of the committee and Rev. Frank White is secretary.

The services will be held in the public square in Chestertown.

JAPANESE BEETLE TRAPS

The U. S. Department of Agriculture placed one hundred Japanese beetle traps in various parts of Chestertown this week. These traps will be examined twice weekly to determine whether there are any of these insects in this section. Chestertown has been free of these pests which have done untold damage in nearby cities.

NOW AND THEN

THE LITTLE YELLOW ROSE
BY ALICE MATHEWS

The quaint little rose of a golden hue
Has returned to the Garden of Earth again,
All perfumed sweetly for man to view
As a bit of Heavenly ordered gain,
I marvel at roses far and near,
The red and the pink and the glorious white,
But the yellow rose seems to appear
Closer the Realm of Eternal Light
'Tis a richer, rarer, wonder flower,
And is seldom in large clusters found:
But its fragrance brings a wealth of power
Wherever its golden gleams abound.
For the great Eternal, stands it proof
'Twas sunbeam-colored, from some Star-Roof.

Summer is upon us in reality. The green wheat has changed to golden sheaves which are shocked up in the fields. The blossoms which made the trees a thing of beauty, are bringing promise of ripened fruit in the near future. The bright faces of school girls and boys are absent from our streets, and the school bell is no longer heard in the land. Chestertown has settled down to its midsummer quiet though the boatmen are still active and golf matches are the order of the day.

The noise of fire crackers announced that the 4th of July is near. Such a long holiday it will bring this year. Saturday, Monday and Tuesday and all of this time our president is surrounded by fog in the New England coast. We hope that the fog is only a natural occurrence, and that our resourceful president is not enveloped by a mental fog in these eventful times.

Piney Grove, the home of Capt. Edward Emory and his sisters, Miss Julia and Miss Belle, is lovely at all times, but it never looked lovelier than it did last Thursday evening when the Women's Literary Club sponsored a picnic there, given in honor of the retiring Secretary-Treasurer of the club, Mrs. P. E. Titsworth, whom every one regrets losing from our midst. Tables were placed all over the lawns and the bright summery dresses of the participants added to the beauty of the scene. A very bountiful collation was served by the members of the club, and altogether it was a most enjoyable occasion. The clouds, which overshadowed the sky for a while, most obligingly cleared away in time for those who wished to study the heavens to see the bright stars one by one come out, the stars which Longfellow calls—"the forget-me-nots of the angels.'

"TREASON"

Buck Jones, the greatest Western star of the movies, goes back sixty years to the hectic days in Kansas at the close of the Civil War, when various large armed bands of Confederate sympathizers made an armed battle-ground of that territory, in his latest Columbia picture, "Treason," due at the New Lyceum Theatre as part of a Double Feature Program on Friday and Saturday, July 7 and 8.

The story takes a leaf from history, presenting Jones in the colorful characterization of Jeff Connors, famous army scout, who is detailed to capture and bring back, dead or alive, a remarkable young Joan of Arc of modern times, who has established by might of arms the Republic of South Kansas. She has a large band of followers and has terrorized Kansas by her lightning-like cavalry raids, destruction of towns and confiscation of valuables.

How Jones succeeds in reaching the inner councils of this remarkable young woman, fighting several of her rascally followers and capturing her, only to discover that by his action he has signed the death warrant of the girl he loves, makes wonderful screen entertainment.

Shirley Grey, who was one of the talented actresses of the New York stage before entering films two years ago as heroine in several of Richard Dix's pictures, is Buck Jones' leading lady in "Treason." Other prominent character actors in this picture are Robert Ellis, Frank Lacteen, Ivar McFadden, Charles Hill Mailes, Edwin Stanley, Ed J. Le Saint, Art Mix and Nick Cogley.

"Treason" was directed by George B. Seitz.

BILLY SUNDAY AT SHILOH CAMP

BANK EXPECTS PLAN TODAY

According to information received from Washington on Thursday, final action on the plan for opening the Third National Bank was expected on Friday, the outcome of which was expected today, Saturday.

Indications are that this long drawn out procedure by the various branches of the Federal government is about completed.

TO EXPLAIN FARM LOANS

LAND BANK OFFICIAL TO BROADCAST ON FARM CREDITS

Through the courtesy of Radio Station WBAL, Baltimore, Maryland, (1060 kilocycles), Mr. Charles S. Jackson, President of The Federal Land Bank, of Baltimore, will give five short talks over the air, in conformity with the Bank's policy to acquaint all of the farmers of the Second Federal Land Bank District, which is made up of the States of Maryland, Delaware, Virginia, West Virginia and Pennsylvania, as well as the Island of Puerto Rico, with the provisions of the Emergency Farm Mortgage Act of 1933 which was enacted May 12, 1933.

The Emergency Farm Mortgage Act of 1933 has broadened the scope of the Federal Land Bank's operations very considerably, as well as brought about a more liberal policy with respect to its present borrowers, and has made it possible for many farmers not now among its borrowers to avail themselves of its facilities.

Mr. Jackson will discuss the benefits that the farmer may derive from these farm credits and desires to reach every farmer in the above mentioned States over the air.

The broadcasts will be at 12.15 noon on July 5, 9, 16, 23.

DID YOU KNOW?

DID YOU KNOW THAT:

A news item appearing in Virginia Gazette, August 21, 1752, reported from Annapolis, Md., said. "We hear from several parts of this province, particularly the Eastern Shore that their corn and Tobacco is almost burnt up for want of Rain. In some places they will make no Tobacco and scarce corn enough to serve their families."

DID YOU KNOW THAT:

In the issue of Time and Tide one of the outstanding publications printed in Londan England, in its issue of April 29, 1933 appears this advertisment. "Maryland Chicken Waffles." Cooking that is different". The far away English have heard of the Eastern shore, and who have not?

DID YOU KNOW THAT:

Back in the sixteen Hundreds the colonist of the Eastern Shore were groping their way from place to place by way of trails and difficult paths through forests and almost endless stretch of timber infested by Indians and all manner of dangers, and that in the year 1666 an Act was passed by the General Assembly of Maryland "For clearing roads, building bridges marking highways, and making the heads of rivers, creeks, branches and swamps passable for horse and foot."

DID YOU KNOW THAT:

An Act of October 3, 1704 provided that "any road on the Eastern Shore in Talbot County that leads to the port of William Staat (Oxford) at the entering into the same, and upon parting with or dividing from any other road shall be marked on the face of a tree in a smooth place cut for that purpose with the letter W and with two notches all along the road. The roads leading to any County Court House to have 2 notches on the trees on both sides of the road, and another notch a distance above the other two. A road leading to a Church to be marked at the entrance into the same with a slip cut down the face of the tree near the ground. A road to a Ferry, and dividing from other public roads, to be marked with 3 notches of equal distance at the entrance into the same. All public and main roads were to be cleared and well grubbed, fit for travelling, 20 feet wide, and good and substantial bridges were to be made over the heads of rivers, creeks, branches and swamps where they were needed in the judgment of the County Justices.

ELMER JARMAN NAMED ELECTION CLERK

Mr. Elmer Jarman, of Galena, was named clerk to the Board of Supervisors of Election at a meeting of that body on Monday of this week to fill the vacancy caused by the death of Mr. W. O. B. Knight.

WEDDING NOTES

A pretty wedding took place Saturday evening at eight o'clock when Miss Elva Frances Urie, daughter of Mr. and Mrs. George Tilden Urie, of Rock Hall, became the bride of Arthur LeRoy Wheat. The ceremony took place at the home of the groom's brother-in-law and sister, Mr. and Mrs. Charles Jacob, on the Haven, and was performed by the Rev. C. W. Spry.

Mr. Norman E. Pennington, son of Mr. and Mrs. Edgar R. Pennington, of Kennedyville, and Miss Caroline Lipscomb, daughter of Mr. and Mrs. Harry Lipscomb, of Kennedyiville, were quietly married by Rev. J. Lee Marker at the parsonage of St. James M. P. Church on Saturday afternoon of last week, June 29th.

FRED G. USILTON HEADS CHAMBER OF COMMERCE

APPOINTED TO SUCCEED DR. TITSWORTH

At a special meeting of the directors of the Kent County Chamber of Commerce on Monday evening of this week, Mr. F. G. Usilton was apointed president of that organization to succeed Dr. Paul E. Titsworth who leaves Kent County on Saturday for Alfred University where he has accepted the presidency of that institution. Mr. Usilton has been vice-president of the Chamber of Commerce since the election of officers in January. Dr. Gilbert Meade, newly appointed president of Washington College, was elected a member of the Board of Directors of the Chamber. Mr. Howard Turner, of Betterton, was elected vice president.

The prinicipal topic of discussion at the meeting was the Federal appropriation for construction purposes of which it is said $50,000,000 will be available for Maryland. A committee, composed of Messrs. W. B. Copper, Marion deK. Smith and R. H. Collins, Jr., was appointed to represent the Chamber of Commerce in this matter.

Light burdens, long borne, grow heavy.

PUBLIC WORKS PROGRAMME PLANNED FOR KENT COUNTY

County and Towns Presented Construction Plans

FEDERAL FUNDS MADE AVAILABLE BY CONGRESSIONAL ACT

Kent and Wicomico counties were only two counties on the Eastern Shore who presented a public works program at a meeting called by Congressman T. Alan Goldsborough at Denton on Thursday to which representatives of all the counties and towns on the Shore were invited.

The purpose of the meeting was to explain the recently passed Federal Public Works Bill which places approximately $40,000,000 to be spent on public works in Maryland.

While the details of the public works bill are not available it is generally understood that the program includes a tremendous construction project for the purpose of relieving unemployment and stimulating industry. The temporary provisions of the plan is that money is available for each municipality and county for construction work to be paid by the Federal government and then the various municipalities to pay an interest rate not to exceed 4 per cent on 70 per cent of the cost, the government paying outright 30 per cent of the cost. An important detail which is not known at the present time is whether there will be an evidence of debt to the government for the 70 per cent of the cost.

While a number of the counties were represented, Kent and Wicomico were the only two who had their program complete. Kent's program included the expenditure of approximately $600,000, as follows:

Remodeling Court House and construction of a third story to be used as a jail which conforms with the most modern practice, $155,000; new Chestertown High School $155,000; enlargement and remodeling other schools $80,000. Chestertown Construction of streets, side walks, curb and gutter, sewers, $117,300; disposal plant $25,000; Water Board $10,000; Total $152,300.

works and mains $30,000.
works and maines $30,000.

Betterton—Sewers $30,000; water works $30,000; streets $7,000; total $67,000.

The total amount included in Kent's program was $639,300. This does not mean all or any part of it will be carried out but is just an estimate of what this amount of money could be used for if available. No requests were made from Millington and Galena.

Representatives from the County Commissioners, the Chamber of Commerce, and Commissioners from Chestertown, Rock Hall and Betterton attended the meeting.

HIGH TIDE WINS OCEAN RACE

WINS HANDICAP AND BEST TIME CUPS

The High Tide, handsome sailing yacht owned by Mr. Eugene E. du Pont, was victor over 43 contestants in the annual New London, Connecticut, Gibson Island ocean race which started at New London last Saturday morning at 10 a. m.

The High Tide is the pride of Chester River and her home port is Napley Green in Greys Inn Creek.

She was the first boat to cross the starting line getting over five seconds after the starting gun with a spanking breeze, under the command of John S. Lawrence. Saturday night a heavy fog was encountered which held until Sunday night but the southerly breeze did not die and when the fog lifted she was directly on her course. Aside from a short calm in the ocean and in Chesapeake Bay sailing conditions were ideal.

A squall was encountered at the mouth of the capes but she was driven into it with all sails set and during the blow she covered thirty miles in three hours.

Following the squall a three hour calm was encountered in the bay during which time she was anchored but following that period a breeze sprung up which lasted until she crossed the line at Gibson Island at 1.40 a. m. Tuesday, having completed the 447 mile trip in 61 hours and 40 minutes.

The High Tide was awarded three cups for the race, one for crossing the finish line first, another for winning the handicap race and a third for winning in her class.

The crew of the High Tide was composed of Messrs. Eugene E. du Pont, owner, John S. Lawrence, former owner of the famous Yankee, who acted as Master of ship, H. Rodney Shark, Jr., navigator, A. Felix de Pont, George T. Weymouth, Louis Wailey, Clarence Brown, C. F. Ashley, S. T. Skimerborne, and Howard B. Strong, of Chestertown. Aside from the above named crew, the regular crew of the ship, including a captain and three men, were aboard.

CHESTERTOWN GIRLS AT CAMP PAWATINIKA

Two Chestertown girls will be at Camp Pawatinika, near Annapolis, Md., this summer. This camp is under the direction of the Baltimore Y. W. C. A. which is sponsored by Women's business clubs of that organization.

The girls from Kent are: Miss Edith S. Reese, teacher of Mathmatics and history at Easton, Md., High School. Miss Reese is a graduate of Washington Collee, Md., has had a wide experience in counselor work, and will attend the American Red Cross Institute at Camp Pawatinika, June 18 to 28.

Miss Ann Kreeger, a 1933 graduate of Washington College, will have charge of land sports. Miss Kreeger carried the same responsibility on the camp staff last year.

Miss Doris Metcalfe a student at Washinton College will be one of the Junior Counsellors.

WEST KENT WINS

WEST KENT NOSED OUT LYNCH ON SUNDAY AFTERNOON BY THE SCORE OF 8-7

CHESTERTOWN DEFEATS KENNEDYVILLE

BILLY NICH KNOCKS HOMER

Kennedyville grabbed 3 runs in the first inning and held this lead for four innings, behind the tight pitching of Spencer at Hopewell on Sunday. Spencer started off strong but weakened in the fifth when Chestertown put over two runs. Three more were scored in the sixth and Wheat was put in to pitch for Kennedyville.

Porter started off pitching easy for Chestertown and allowed three runs the first inning. After that he grew stronger as the game progressed and allowed no more runs until the ninth. In the ninth Kennedyville started a hitting spree and several boots by Chestertown enabled Kennedyville to score three more runs. With the score 7-6 and two men on bases Archibald drove a line drive to left-field but it was not quite high enough to escape Joe Russell who made a pretty catch.

The feature of the game was Bill Nicholson's home run.
