# PRESIDENT ROOSEVELT HERE NEXT SATURDAY, OCT. 21

## To Speak at Inauguration of Dr. Gilbert W. Mead---Will Receive LLD. Degree

## Trip to be Made by Boat---Will Land at Country Club Pier

President Franklin Delano Roosevelt, accompanied by Mrs. Roosevelt will be in Chestertown next Saturday, October 21st, the occasion being the official inauguration of Dr. Gilbert M. Meade as president of Washington College. The invitation was extended by Mr. Staunton Brown, President of the Board of Visitors and Governors of the college and following his acceptance, the board decided to confer upon him the degree of L. L. D. on the occasion of his visit.

President Roosevelt will be the second President of the United States to visit Washington College and receive the L. L. D. degree. On the 29th of July 1789, George Washington, four months after he was inaugurated as the first President of the United States, was awarded a similar degree at this college. The college may well feel proud of the privilege of entertaining two of the greatest leaders the country has known.

The President, his wife and his staff will make the trip to Chestertown by boat, boarding the Sequoia, his private yacht, at Annapolis Friday night and arriving at the Country Club pier at 10.30 a. m. Saturday morning. Accompanying the yacht will be a U. S. Navy submarine chaser, and the yacht clubs in this section of the bay have been invited to join the party in the trip up Chester River. The party will embark immediately upon arrival at the pier and proceed by automobile to Washington College campus where exercises will start at 11 a. m.

The exercises will be brief and will be staged in the open air on a platform which will have William Smith Hall as a background. This will provide ample room for the thousands of spectators who are expected to assemble for the occasion. Seats will be provided for a large number but as the program will be brief and sufficiently amplified, there will be plenty of room for all to see and hear.

The invocation will be delivered by Bishop George W. Davenport after which Colonel Hiram S. Brown, President of the Board of Visitors and Governors, will introduce Dr. Gilbert Mead. Dr. Meade will deliver an address, which he promises will not be over fifteen minutes. He will then confer the degree upon President Roosevelt which will be presented to the President by Colonel Brown. It will be attractively mounted in a leather case opposite a photographic copy of the degree conferred upon George Washington in 1789 Governor Ritchie and other dignitaries will probably be called upon for remarks.

Immediately following the exercises the President and his party, accompanied by Dr. and Mrs. Meade, and Senator and Mrs. S. Scott Beck, will motor to Godlington Manor, the home of Mr .Staunton Brown for luncheon after which they will again board the yacht for the return trip. Fifty guests are expected at the luncheon.

The degree which will be conferred upon President Roosevelt, will be presented in a large leather folder. It will be mounted opposite a photographic copy of the degree conferred upon George Washington in 1876.

Dr. Gilbert Meade and Colonel Hiram S. Brown visited the White House on Wednesday and were honored by a persoal interview with the President and Mrs. Roosevelt. In an interview with Dr. Meade following his return, he stated that the President and his staff are enthusiastic about the trip to the Maryland Eastern Shore and are looking forward to their visit to this section of the Chesapeake Bay country. Accompanying them will be the official family and attaches at the White House.

Among other dignataries who are expected to attend are Governor Ritchie and Staff, Senators Tydings and Goldsborough and high officials of the Army and National Guard.

A batallion of Maryland National Guard, under the command of General Milton a Reckord, will escort the President.

## The Curbstone Diplomat

### WILLIAM S. COLLINS

Just one week from this Saturday, Chestertown will entertain the most distinguished visitors it has had since the visit of George Washington and that was a long while ago. So long ago that no witnesses can tell us about it, other than by the printed word.

The exact details of the visit are unknown so we are told.

When will they arrive? This can be answered a lot better than when will they leave.

The President and party are supposed to leave Washington on Friday night and motor to Annapolis. Here they will board the President's yacht the "Sequoia" (hope that is the way you spell it) which will be there to meet them. They will arrive at Chestertown Saturday morning and are scheduled to land around ten o'clock.

Where will they land. Some think at the old Steamboat wharf now owned by Mr. Wilbur W. Hubbard. Most of the wise guys seem to think the landing will take place at the Country Club pier. From there they will motor to the college.

This much is known, President and Mrs. Roosevelt will take part in the Inaugural ceremonies for Dr. Meade and President Roosevelt will receive an honorary degree.

When will they leave? According to the local representative of the Associated Press this is something no one knows yet. One surmise is that the party after the ceremonies will immediately board the yacht.

The Athletic Association at the college thinks differently. They have changed the University of Delaware football game from Newark to Chestertown so the President can see it. Again some know and officially that he will dine at the home of Mr. Hiriam Staunton Brown, member of the Board of Visitors and Governors, of Washington College, who was responsible for the President coming here. At this dinner it is reported here will be forty people. President Roosevelt and party, Governor Ritchie and party and some other guests will be there and some more who would be guests will not be there, so the rumor goes.

There are some that wish to know if they will get a chance to shake hands with the president.

It is a case of making your own chance. At the Road Celebration some years ago, (that celebration that Harry Russell loves to refer to every now and then) Gov. Ritchie was shaking hands up on the Athletic field. He shook hands with Mr. Harry Fallowfield and they accused Mr. Harry of holding the Governors hand for fifteen minutes. This was an exaggeration for it was really only five minutes.

This visit of the President's is quite an honor and the College is making every effort to make the iaugural a big affair. Many invitations were sent out and the boys at the post-office worked until ten or after Wednesday nigh. That's the truth, the reason they were out so late was becausa hey were working. Let's hope all the wives understood this.

All the town has to do is sit still and look pretty. The town council has voted to pay one hundred dollars ($100) to have the town decorated for the President's visit. Another wise thing is having the landing take place as far down the river as possible.

The town waterfront is nothing to brag about and each wharf harbors a sewer. Another duty to perform is to see that Country Club pier is ready to receive visitors. Modern youth frolic at the Country Club pier and it is so well explained in the "Squadron Log" elsewhere in this issued.

## MINISTERIAL UNION ORGANIZED

On Monday of this week the ministers of Chestertown met at the home of Rev. Charles L. Atwater and organized the Chestertown Ministerial Union with the election of Rev. Charles L. Awater, President, and Rev. E. A. Sexsmith, Secretary. The regular meetings of the Union will be held on the third Monday of each month and will consider matters pertaining to the moral and spiritual welfare of the community as well as cooperative activities of the churches.

We believe the creation of this organization will add largely to the christian fellowship and united efforts of the churches of our community. There are many interests which are common to all and should have the cooperative support of all the churches. We believe the union vesper services of the summer have opened the way for this larger fellowship.

### Self-Denial And Church Attendance Month

One of the first efforts growing out of the organization of the Ministerial Union was the designation of November as Self-Denial and Church Attendance Month in the churches represented in the union. The details of the program for the month will be left largely to each church to plan as may best suit their condition and needs, however, the general program will be observed by all.

You will receive further announcements of the plans through the local papers and from the church notices.

E. A. Sexsmith, Secretary.

### ALL CARS MUST BE INSPECTED BEFORE LICENSE WILL BE ISSUED

Sunday, October 15 marks the opening of the state wide SAVE-A-LIFE campaign and on Monday morning motorists will start visiting the more than a thousand official inspection stations which have been established for the purpose of eliminating faulty mechanism from vehicles on the roads and highways. The campaign will end on November 15th and by that time it is hoped that all of the more than 300,000 motor cars and trucks in the state will have been inspected, according to E. Austin Baughman, Commissioner of Motor Vehicles.

The inspection of motor vehicles during the SAVE-A-LIFE campaign is compulsory by state legislation and those failing to comply with the inspecion requirements will be refused registration for their cars in the coming year. There is no charge whatever for the inspection.

## REPORT OF KENT JAIL

### SHERIFF JOHN F. VICKERS

### INSPECTION MADE LAST MAY REPORT TAKEN FROM DEPARTMENT OF WELFARE

"This jail, which was reported last year as showing improvement over the very unsatisfactory conditions which had existed previously, showed still further improvement this year. The home made beds had worked out satisfactorily after some corrections of faults found in the original experiment, and some worn out cots were to be replaced similarly as soon as possible. Some mattresses were in bad condition and should be replaced.

The interior of some of the cells had been whitewashed and some painting done on the outside of the cells. The white wash improved the light of the cells and of course helps the sanitary condition. The shower bath inclosure has been lined with metal but the toilet in that room was out of order. Generally the jail was clean and orderly.

A room on the third floor was fitted up a couple of years ago for use by women prisoners, but the one women prisoner serving a sentence was locked in a dark cell on the lower floor. The men on this tier were permitted freedom of the corridor during the day.

Spouting on the outside of the building is almost gone, this has been reported several times, but not yet repaired or replaced. Food conditions are satisfactory and there was no complaint of vermin, although it had been a serious complaint in the past.

The Sheriff has kept up to date the card index in his office and has installed a locked key rack for the various jail keys. Twelve Federal prisoners, all white men, were serving sentences. Of eight State prisoners, one white man was awaiting trial, and one white man, five colored men and one white woman serving sentences.

If you want the respect of your associates, he courteou.

## W. C. LOSES TO HOPKINS

### OUT-PLAY HOPKINS IN LINE— FIGHTS TO BE STARTED AT CENTREVILLE

Washington College suffered a defeat at the hands of Johns Hopkins last Saturday by a score of 21 to 0. It was the first game of the schedule for both teams and was played at Homewood.

Washington showed more strength than Hopkins in the line and was able to gain more ground in running the ball. Hopkins as usual took advantage of all the breaks and by clever passing were able to score three touch downs. This is Hopkins usual game. They seldom have much line strength but by taking advantage of the other teams mistakes they are usually able to defeat the smaller teams on their schedule and make a fair showing.

Washington should defeat Gallaudett this Saturday at Chestertown. Last year Washington won 6-0.

### FIGHTS AT CENTREVILLE

Pugulits fans will soon be able to see fights every Friday night at the Centreville Armory according to those promoting he affair. Many from Kent used to attend regularly.
