TOXOID CLINIC IN SCHOOLS

ANNUAL ADMINISTRATION OF TOXOID TO SCHOOL AND PRE-SCHOOL CHILDREN

With the opening of school each year one of the first activities of the health departments in all parts of the country is the prevention given children against is he prevetion given children against diphtheria. While great strides have been made in the control of this disease it is still prevalent to such an extent that it is expedient for parents to have heir children protected against the disease.

Toxoid is the newer preparation used in this work. Two injections are necessary and are given a month apart under the skin of the arm. The child is then rendered immune against the disease for a number of years. There is no charge for this service. Practically 80 per cent of the children in this county have been immunized against diphtheria and a drive will be made this fall to have 100 per cent of the children take the serum.

It is also advisable to have children of the pre-school age immunized and they may go to their family physician or come to the schools on the dates listed in the schedule. The family physician is supplied with the Toxoid through the local health department.

In Equity No. 2844

The object of the Bill filed in the above entitled cause is to procure a Decree for the sale of the real estate of Matthew A. Clough, deceased, for the payment of his debts which remain unsatisfied by the application of the proceeds from his personal estate.

The Bill states:

1. That Matthew A. Clough departed this life intestate on or about the eighteenth day of July, 1931, survived by his wife, Esther M. Clough, and the following infant children: Marshall Clough, age about thirteen years; Henry Clough, infant, age about ten years; Sylvia E. Clough, infant, age about four years; Mary Jane Clough, infant, now about eighteen months of age, who was born about three months after the death of the said Matthew A. Clough, being the child of the said Matthew A. Clough; and all of the above are the heirs of the said Matthew A. Clough.

2. That the said Matthew A. Clough owned at the time of his death a property located in Millington, Maryland, a description of which is as follows: All that lot of land and premises situate, lying and being in the town of Millington, Kent County, aforesaid, and described as follows, that is to say: Beginning for the same on the East side of Crane Street at a point two hundred feet from the South side of a fourteen foot lane between the lands of Jonathan G. Moore and E. A. Wilson and running thence with the said street to Edward W. Spear's Mill Race; thence with said Mill Race to the lands of J. C. Moore and Leonard Wilson, thence with the lands of said Wilson 150 feet to the place of beginning, being the same property conveyed to the said Matthew A. Clough by the Millington Building and Loan Association by deed dated May 23, 1916 and recorded among the Land Records for Kent County, Maryland, in Liber A. P. R. No. 3, folio 447, etc.

3. That the said Matthew A. Clough at the time of his death was indebted to your Orator, Layton and Company, Incorporated, a body corporate, in the amount of four hundred twenty dollars and forty nine cents ($420.49), a copy of said bill being filed herewith and marked Exhibit "A" and as per Administration Account of the said Matthew A. Clough filed herewith and marked Exhibit "B," there was no money from his personal estate with which to pay the bill of your Orator, or any other bills presented against him.

4. That your Orator is credibly informed and believes that the personal estate of the said Matthew A. Clough is not sufficient to pay the just debts due and owing by the said intestate; and that any deficiency in said personal estate ought to be supplied by a sale of all of the real estate of the said Matthew A. Clough. That there was filed in the Orphan's Court for Kent County, Maryland, against the estate of the said Matthew A. Clough, the following bills:

Leonard Wilson	$ 18.30
