The Hospital Board has sufficient funds n hand to complete this first unit and the construction of the other two units which it is understood can be completed for an estimated cost of $14,000, will be started when needed and sufficient funds are available. W. C. DEFEATS GALLAUDETT

WASHINGTON COLLEGE FOOT BALL TEAM WINS 47 TO 0. FIRST VICTORY ON HOME GROUNDS FOR NUMBER OF YEARS

After a scoreless first quarter marked by fumbles and blunders the Washington College foot ball team coached by C. W. Kibler and George Ekitias romped over the Gallaudett mutes from Washington.

During the whole game Gallaudett made but three threats for a score. In the third quarter the mutes by a series of reverse plays carried the ball to Washington's two yard line. There they lost the ball on downs. Gallaudett later completed a pass but the runner, who was slow, was caught by two Washington College tacklers. In the final quarter Gallaudett again made a serious scoring threat when they had the ball near the Washington goal line.

Washington's line played well and the backs made a good job of carrying the ball. The team is heavy enough for anything on the schedule. There plays look good and there never was a time when the interference looked better as more men are getting in on the plays. Their tackling is also good.

There were just enough blunders made to turn victory into defeat. Two passes were missed that might have team these chances do not come so often. If the college can cut down on their bunders Saturday they stand a good chance of trimming Delaware.

$60,000 TO WHEAT GROWERS

PROCESS TAX TO BE RECEIVED SHORTLY

Wheat growers of Kent county will receive checks aggregating $60,000 within the next three weeks if the work of signing contracts goes forward as expected.

This $60,000 represents part of Kent's share of the wheat processing tax and will be paid by the Collector of Internal Revenue as soon after November 1st as possible. The part or the tax to be paid is 20 cents a bushel on 300,000 bushels which is based on the agreement of wheat growers to reduce acreage next year.

The total processing tax receipts will be between 28 cents and 30 cents, the remaining 8 or 10 cents to be paid sometime in the spring.

May Reduce Corn Acreage

It is understood that there will be an effort made to reduce the corn acreage in the country but whether it will be handled in a way similar to what is not known at this time.

The wheat committee, under the direction of County Agent McVean, held meetings in various parts of the county for the purpose of assisting wheat growers in signing the final contracts.

N R A QUESTIONAIRES

SHOULD BE ANSWERED BY ALL

Properly completed questionnaires are expected, in the course of the National Recovery Census now under way, from every business establishment in the country, including those in which there are no paid employees.

A return from every busness is essential, it was today pointed out by the National Recovery Administration in a statement requesting the owners of stores and other business in which the owner does all the work, to be particularly prompt in filling in and returning the questionnaires now being distributed. Many cases have been reported where owners have mistakenly believed because they have no employees they need make no return.

Such owner-operators should insert the word "non" as the answer to questions asking for number of employees and amounts of salary or wages paid.

It was particularly pointed out that returns are also expected from noncommercial institutions. Churches, private schools, charitable organizations, social and fraternal groups, are also requested to answer the questionaire and return it promptly."

Guests of honor were: Mrs. Henry Zollers, of Baltimore, State Regent, chairman of the School Committee, of the State organization, who were speakers of the occasion.

Dr. Esther M. Dole, historian of the local chapter also addressed those present.

'SATURDAY'S MILLIONS'

Football began early in Hollywood this season.

Two months before the usual time, teams composed of many of the West's outstanding gridiron stars were pounding over the turf in Los Angeles' great Coliseum, annually the scene of the University of California's greatest games. Such famous players as Ernie Nevers, characterized by Coach "Pop" Warner as the greatest football star who ever lived, took part in exciting scrimmages, while spectators in the packed grandstands cheered on their favorites.

And all the time motion picture cameras were recording the action, for the game was specially staged for scenes in "Saturday's Millions," Universal's stirring football comedy-drama which comes to the New Lyceum Theatre on Friday and Saturday, October 27 and 28. Robert Young, who plays the principal male role in the picture, was the star player on the field, member of the Western University team captained by Johnny Mack Brown. In the grandstand sat Leila Hyams, who plays the leading feminine role, as well as Andy Divine, Mary Carlisle, Lucille Lund and other members of the cast.

"Saturday's Millions" is said to present a story of unusual dramatic interest, and the most exciting football game ever brought to the screen. It is the 1933 successor to "The All American" and "The Spirit of Notre Dame," and was arranged by Christy Walsh, noted sports authority.
