Will you please allow us the courtesy of your columns to correct a current rumor to the effect that local labor is not being employed on the new Hospital building. The exact opposite is true. Nothing but local labor is being used, as many as fifteen men being employed at one time. At the present time nine local carpenters are at work upon the building.

A statement from Mr. Marion deK. Smith who is in charge of the local branch of the National Re-employment Service informs us that all this labor is secured through his office and that the contractors, C. E. Brohawn and Brother are co-operating one hundred percent.

LEGISLATURE TO MEET NOV. 22

LIQUOR TRAFFIC AND PUBLIC WORKS PROGRAM MAJOR BILLS

The Maryland Legislature will meet in special session at Annapolis on Wednesday, November 22nd.

The two major projects to come before that body are the system of dispencing liquor in the State and the amount and use of the Public Works funds which the State will borrow for roads, etc.

The Federal Eighteenth Amendment ceases to be a law the early party of December and as Maryland has never passed a State prohibition law the old system of dispensing liquor would go into effect if no special session was called.

While the State Administration has not stated the plan which will be presented at the session, it is understood that the question of the return of the saloon will be of major importance. The replacing of the saloon with licensed liquor dispensaries where liquor will be sold in packages and not consumed on the premises will be considered.

As far as Kent County is concerned, the present State law prohibits the sale of liquors with the exception of wines and beers containing not more than 3.2 per cent alcohol which may be sold at licensed establishments.

There is a question as to whether Senator S. Scott Beck will represent this County in the Senate or whether his appointment as Comptroller of the Customs will make him ineligable to take his seat. This question will be determined by the Senate itself as it is the judge of its members.

Representative Arthur Brice, of Betterton, will be the lone representative in he House due to the recent death of Representative Ellsworth C. Bowers.

Again, the much discussed question of liquor comes to the attention of the residents of Kent County. On December 15th the 18th Amendment will be repealed and the question before us of Kent is, how will it be dispensed? At present, Kent has its Local Option Law but this can be changed at this session of the Maryland Legislature which meets this month.

The present indications are, according to some of our law-makers (not breakers), that Kent will retain its local option law as far as hard liquors are concerned. It is probable that the gallon a month limit will also remain. With beer it will probably be a different story. The places selling beer will still be allowed to sell beer, but will not be held down to the 3.2 limit.

Now maybe such regulations as these will allow us to enter the "Pearly Gates," but there is a chance that the city of Baltimore will be cast to the Devil. Over there it is understood they want the old time saloon. At least they want to give it a trial and as far as the Maryland Legislature is concerned they will have their shot at it. Of course nobody knows just what laws we will have, but we do know, "It wont be long now."

There seems to be little interest in the subject here, but there has been some talk on the regulations. One of our bone-dry magistrates says "the old gallon a month law was very satisfactory." Another dry O. K's. the gallon a month law and wants Queen Annes and Cecil to have the same law so Kents residents cannot slip over the line. Another resident with an eye on the County finances wants a county dispensary system. He would let the county have the profit on the sales and have the gallon limit. He says "Why let Baltimore merchants have the profit."

To some of the younger generation who do not remember the days before prohibition, our local option law worked something like this. No liquor was allowed to be sold in Kent County. Orders were sent to Baltimore and the shipment was made on the boat or by express. You signed up at the freight office or express office for the amount you received. These reports were sent in every month and the authorities checked up to see that you did not receive more than a gallon a month. Quite a bit of red-tape. Of course it was sold illegally here also.

People have become used to buying illegally now and it is doubtful that they will go through the old red-tape. It will not be that they want to disobey the law but they will just refuse to be bothered.

The meeting of the legislature this November will settle the question for the state and each county. There will probably be a wrangle between the Eastern Shore and Baltimore.

The next political appointment to be filled in Kent County will be that of Police Justice for the fourth election district. This vacancy will be caused by the resignation of Mr. Wm. B. Usilton, Jr., who has been appointed Postmaster at Chestertown. The appointment is in the hands of Governor Ritchie.

The regular channel for this appointment is that the State Senator will recommend someone to the governor. The only two we have heard of that would like the appointment, are Mr. William Frazier Russell and Mr. Will Wheatley. This position pays a salary of $600 a year. It was raised from $400 to $600 during Mr. Usilton's term of office.

Mr. Wm. B. Usilton, Jr., was notified of his appointment as postmaster at Chestertown on Thursday morning of this week and took office Thursday afternoon. The appointment was made at the recommendation of congressman T. Alan Goldsborough. Mr. Goldsborough told all other applicants for the position two months ago that he would appoint Mr. Usilton.

This appointment will bind the old organization to the support of Mr. Goldsborough next year or else somebody will be fooed mightly. The other organization has always been friendly to Mr. Goldsborough so now by giving the Old organization all of the federal appointments it is figured Mr. Goldsborough will now have united support of both of the factions. So far the Old Organization is betting nearly 1000 per cent on state and federal appointments. Senator Beck having the ear of Governor Ritchie and Senator Tydings while Mrs. Charles Whaland controls Congressman Goldsborough. Mrs. Whaland was appointed on the School Board this year. This took quite a bit of influence as Chestertown already has one member of the School Board. All members of the school-board are from districts that send the children to Chestertown High School.

BETTERTON

Messrs. Howard Beauchamp Owens, Galen Clark and Allen Bonwell returned last Sunday morning from a three months camping trip through the Canadian woods, in the interest of the Boy Scout work. Mr. Bonwell and Mr. Owens are both teachers at the McDonough School in Baltimore.

Mr. John Harris was taken to Easton Hospital Sunday afternoon for an infected nose following an accident that he had several days before with his car. Captain and Mrs. James Curry and Mr. and Mrs. Harvey Moore motored through the Shenandoah Valley last week end.

The P. T. A. served a fine supper last Saturday evening at the Chesapeake House, about one hundred fifty persons, being served.

Mr. Elmer Brice, the son of Mr. and Mrs. George Brice has a position on one of the Merchant and Miners boats, sailing between Philadelphia and Florida.

Mrs. Minnie Coleman and daughter are spending the week in Chestertown.

The Sunday School Club held their second monthly meeting in the Sunday school room last Monday evening with a large attendance and thirteen new members added to the roll. The children and grown ups both had a good time.

WILMINGTON DAY

OFFICIAL EVENT TO BE STAGED WEDNESDAY, NOV. 15TH

Wednesday, November 15th has been designated by the Mercantile Section of the Wilmington Chamber of Commerce as the date of the Official Fall "Wilmington Day" when more than one hundred of Wilmington's leading merchants will combine their efforts in a great community-wide event in offering to the shoppers of Delaware, Eastern Shore Counties of Maryland and adjacent counties of Pennsylvania and New Jersey a wide variety of bargains in dependable, seasonable wearing apparel, merchandise for the home and practically all other lines.

In addition to the fact that the event offers to shoppers an opportunity to buy a bargain prices it also offers these shoppers an opportunity to see, as a result of the combined effort of the Wilmington merchants, the very latest Fall and Winter creations in wearing apparel for men, women and children and furnishings for their homes.

For the past month the various committees representing the Mercantile Section as well as those merchants who will participate in the forthcoming event have been exerting every effort to make this "Wilmington Day" the premier event since its inception two years ago.

Anticipating a great influx of shoppers the more than one hundred merchants have made unusual preparations for the occasion.

Arrangements have also been made to see that shoppers from out-of-town are shown every possible courtesy by members of the Bureau of Police. All members of the Bureau have been instructed by the Superintendent of Public Safety, Bureau of Police, to do their utmost to show every possible courtesy to visitors, as is the custom of the Bureau, and also be to be prepared to render any service possible to expedite the shopping of visitors. Several of the mid-city garages are cooperating also by offering parking service at reduced rates for the occasion.
