Foreign and Local Representative
THE AMERICAN PRESS ASSOCIATION

Entered at the Postoffice at Chestertown, Md., as Second Class Matter.

NUMEROUS PRESS REPORTS and radio broadcasters would make it believed that the people of the Eastern Shore desire to secede from the State of Maryland and become a part of Delaware. The people of Eastern Shore are noted for being descendants of the early settlers of Maryland and this section was the scene of many of the earliest settlements. They are proud to be known as Marylanders and have no desire or intention of ever losing that distinction. The Delaware Legislature apparently has taken these wild dreams of newspaper reporters seriously, but the Eastern Shore will always remain a part of Maryland. The people on both shores of the Chesapeake Bay are closely related politically, socially and commercially and anything that may be tried to seperate them is detrimental to the peace and prosperity of the State and Nation.

THE QUESTION THAT arises in the minds of those who take time to think of the future, is who is going to pay the bill for the numerous relief, public works and civil works projects that are costing millions of dollars weekly. For instance in Kent County, which is a mere spot in this great nation, sums totaling more than $3,000 weekly are being spent on the civil works projects alone, the return for which is mostly the fact that that amount of money is being distributed among the people of the county, some of whom actually need it. The idea of President Roosevelt of making work for those who have been compelled to accept charity is ideal but the question arises whether the money is being confined to that class alone or whether each community is more interested in getting the work done than carrying out the President's idea. It is said, what difference does it make to us, it is not costing us anything, the money is coming into the county and the Government is paying the bill, but then we must realize that we are the government and the money is our money. Money spent must be replaced through taxation and we, directly or indirectly, must help replace it. We are willing to help those in dire need and applaud the spending of funds for this purpose but it is our (the tax paying citizens) business to see that this purpose alone is carried out and the money not squandered to fill the pockets of those who are in a position to meet their own needs. In carrying out this, our business, let us assist those who are serving in an official capacity in preventing the grab for federal funds just because we are not directly paying the bill. We can do this by reporting those who we know are refusing work and posing to the officials as being unable to get employment. It canot be justly worked out without your assistance.

ORGANIZE CAMPFIRE GROUP

FIRST MEETING HELD TUESDAY

The Massowomak Campfire group has been organized in Chestertown by two of the members of the Octomaquathe group, Mary Woodland Westcott and Harriett Louisa Rogers. The officers are: Miriam Newcomb, President; Fredrica Metcalfe, Secretary; Eleanor Beachley, Treasurer; and Mary Jane Strong, Scribe. The other members are: Betty Beck, Ellen Bordley, Frances Kreeger, Sarah Speicher, Helen Strong, Grace Valiant and Helen Westcott. No more members will be taken in for at least six months.

Our first formal meeting was held Tuesday, December 5, at the home of Mary Woodland Westcott. Eight of the eleven girls were formally taken into the group. The other three were absent because of sickness. The girls have now begun their work for ranks in campfire. A hike is planned for this Saturday. The campfire watchword is "Wohelo," meaning Work, Health and Love. All the girls are striving to abide this watchword, and we hope to be an aid to the community.

Mary Jeanne Strong, Scribe.

MemorialS

EVERLASTING

MARBLE AND GRANITE

Once in almost every person's life there comes the responsibility and privilege of selecting a memorial tribute to one whose treasured memory should be preserved for all posterity.

PERPETUATE the MEMORY of that loved one by erecting a suitable memorial. You will be surprised how reasonably this can be done.
