KENT COUNTY HAD A serious loss this week in the death of Dr. Paul E. Titsworth. Although having moved out of the county he was still interested here. During his ten year stay he devoted much of his time to the progress of the county and we are still enjoying the results of his activities. He possessed the faculty of being able to mingle with all classes of men and his association was always uplifting. He had vision and was able to put it into practice for the betterment of all. There was rarely a request made of him that he did not ably fill and his sudden death came at a time when he was steadily climbing toward national prominence. He will always be held in the highest esteem by those who were fortunate enough to know him.
