SQUADRON LOG

BY THE STOWAWAY

There never was a finer party given at the Chester River Yacht and Country Club than the cabaret last Saturday.

Rob Ryan brought his orchestra and a troup of cabaret entertainers, one of them being "ohe Little Girl with the Great Big Voice," who sings on the radio every so often just before Lowell Thomas struts his stuff. She did her "Nasty Man" song and if you like it on the radio, you would be better pleased than ever to see the little girl pull her song off in person, rolling a wicked eye and shaking a Naughty finger. That is, you'd like her if she did not shake her finger at you.

Having fallen into the habit of big doings, the Chester River Yacht and Country Club is again putting on a big event for this week end, this time a swimming meet, staged by Tom Kibler, athletic director of Washington College and, incidentally, president of the club.

On Thursday at 4 p. m., the first enter class swimming meet of Washington College was held off the Yacht Club Pier.

When the weatherman decided to let us have some warm weather, the idea of a class meet took form, and classmen from Fresh to Senior began to select the representatives to uphold the honor of their class. Two from each class competed in each event.

The events were:
50 yard free style.
100 yard free style.
50 yard back stroke.
50 yard breast stroke.
Dining.

The Sophmores had the meet pretty much their own way, winning three events and carrying off honors indiving.

100 yard free style was won by all Bilanchion, Soph, with Y. W. Jones, fresh, second and Hodson third.

50 yard breast stroke was won by Clifford, soph, Perry, soph, second, and Greims, first, third place.

In the 50 yard back stroke, the sophs bowed to the freshmen, with Bratton the winner and Dole second, both freshies with the sophs coming in fr third place with Taylor.

The 50 yard free style was unique. There was a junior entered in the race and what is more he won. Lord, junior, took first place, Bilanchioni, soph, second and Giritis, Senior, third.

The diving honors went to Clifford, Soph, or first place. Greims, fresh, came second and Giritis, senior, third.

Front and back diving with variations made up the program. Sometimes the crowd murmured "Prety", for a dive like Clifford is half twist. Then again they laughed, as with Miller's back flip. There was too much of Miller to flip.

WAVING THE FLAG

A woman in an English court, charged with shoplifting, was asked by the magistrate if she has anything to say on her own behalf.

"Yes, sir, I have," she replied hopefully. "I take only British goods."

NOW AND THEN

BY ALICE MATHEWS

When the Spring is at the May time:
When the violets we meet
That we've waited for, to cheer us:
And the birds are singing swee':
There's a challenge in each warble:
And a radiance in each flower,
A day break time is sounding
With a martial, music dower
That bids us pause and listen
While remembrance, royal call,
To the every Soul doth hasten
With a summons clear for all:
Then we pause to honor heroes
Sleeping brothers far away
For the blue—the lovely violets,
And red roses for the gray.

May 30th Memorial day, a day always to be remembered—the day when the thought of those who died for their country makes the living to wear pop pies and dress the graves of the sleepers.

How sleep th brave who sink to rest
By all their country's wishes blest!
When Spring with dewy fingers cold,
Returns to deck their hallowed mould,
She there shall dress a sweeter sod
Than Fancy feet have ever trod.

By fairy hads their knell is rung,
By forms unseen their dirge is sung;
There Honour comes, a pilgrim gray,
To dwell a weeping hermit there.
And Freedam shall awhile repair
To dwell a weeping hrmit there.

The above Ode is written by William Collins, poet of the 18th century after the battles fought by the Duke of Marlborough, battles which won so much glory for England and in which she lost so many noble men. Was the winning of Lands and power worth that Sacrifice?

Have you noticed the field near the cemetery, how many poppies are blooming at this season of the year? It reminds one of Flanders field where poppies blow between the crosses row on row.

It is always an impressive sight to see the Soldiers of the Legion marching out to the sleeping places of their comrades who died in the war, and placing flowers and flags on their graves.

In Flanders fields the poppies blow
Between the crosses row on row,
That mark our place; and in the sky—
The larks still singing bravely fly,
Scarce heard amid the gun below.
We are dead. Short days ago
We lived felt dawn, saw sunset glow,
Loved and were loved and now we lie
In Flanders fields.

JOHN McCREA.

In reading some poems of Crashaw's this story of his youth comes to me.

He was quite talented, but was too indolent to exert his powers. A patron visited the school where he attended as a boy and offered a prize for the best essay on Christ changing the water into wine. The boys went eagerly to work, all except Crashaw, who did not care t o do it. The final day came and essays were handed in. When the teacher saw there was none from Crashaw he was very angry and commanded him to write some even if it were only a sentence or two. Crashaw sat down, scrawled a few lines and handed them to him. The prize giver began to read the essays. When he came to Crashaws he paused. "This one gets the prize, he said. The sentence that Crashaw had written was this:

"The conscious water saw its Lord and blushed."

DAIRYMEN TO MEET IN PHILADELPHIA

POSTPONED INTERSTATE MEETING TO BE HELD JUNE 4 AND 5

KENT MILK LOCALS NAME DELEGATES

A meeting of much interest to Kent county farmers will be held next week when the postponed annual meeting of the Inter State Milk Producers Association will be held at the Broadway hotel on June 4th and 5th.

Practically all of the milk shipped from Kent County is handled through this Association and a change in the management of the association may mean a change in the present system of marketing.

An effort is being made by an allied group to gain control of the association through the election of directors who favor their methods. At the meeting next week there will be thirteen directors elected due to term expiration, death, etc., which is almost half of the total number of 27 directors who manage the association. Mr. John Carvel Sutton, a director from Kent County is a hold over director, having been elected last year.

The delegates who will represent this county at the meeting are as follows:

Massey Local—R. Bradford Johnson.
Kennedyville Local — Robert L. Wallis.
Worton Local—B. F. Rash.
Chestertown Local—L. A. Sutton and Walter L. Walbert.

A number of local farmers are planning to motor to Philadelphia to attend part of the meeting.

At a recent meeting of dairymen in Harrisburg, at which the Shore counties were represented, the Interstate scored a victory over the allied group by electing three of their delegates to work with Pennsylvania Milk Control Board concerning the Philadelphia milk market.

The Curbstone Diplomat

WILLIAM S. COLLINS

Down at the Naval Academy graduation festivities the cadets have to be in the barracks by mid night, so this necessitates them getting their girls back to their homes, hotels, boarding houses or whereevery they must be visiting, at an early hour. Now very few girls are ready to stop at midnight when they are on a trip to have a good time. So after 12 is when the St. Johns boys start throwing their parties. Bob Harrison in his speed boat took Bill Nicholson, Jack Perry and Scott Beck, Jr., over for the occasion.

Here comes one year never expected. People up at Crumpton say they need a new bridge. Putting a concrete road through the town has increased the traffic and the bridge is getting in bad shape. Weight limit on the bridge now is 4000 lbs.

Dope is that one of the Washington College fraternites will go National before this school year is over.

Johnny Schelberg is scheduled to pitch for the Alumni of Washington College on June 9th.

People up in Cecil county want the people of Kent county to know that they are still in the judgeship fight and that Cecil wants a judge. Claiming that Cecil has by far more legal work than any other county in the Circuit they are entitled to one. A lawyer in Cecil has to ride nearly fifty miles whenever he wants to see a judge, unless court is convening in ether Kent or Cecil. Cecil has not had a judge since the death of Judge Albert Constable, so they say "In all fairness it is our turn to have a judge in Cecil."

On hearing that their candidate Mr. Evans is scarcely mentioned in connection with the judgeship down here they grit their teeth and one even says "Cecil ought to get out of this circuit."

On the grounds of the amount of legal work in Cecil and the distance they have to travel to see a judge, the qualifications of their candidate, the long time since Cecil has had a judge, will be used as an argument to gain votes for Mr. Evans.

On paper they figure the campaign this way; Mr. Sheehan will carry Talbot, Judge Keating will carry Queen Annes and Mr. Evans will Cecil by a large majority. This leaves Kent and Caroline as the battle ground. Also they hope to get some of the opposition votes in Queen Annes and Talbot.

The Jewish knuckle ball thrown by B. Fox at the starting of the ball game Wednesday struck the ground before it reached home plate but the bribed batter swung at it. Henry Gill who spells bicycle, bycicle did not even attempt to catch it.

DOG OWNERS—ATTENTION!

As usual, at this season of the year, we are receiving hundreds of complaints of dogs running at large pursuing game. We are well aware that the statutes of Maryland do not provide adequate dog legislation. However, our District Deputy Game Wardens and non salaried wardens are continually being notified at this season of the year that dogs are running at large and pursuing game and of course destroying a great many game animals and the nests and eggs of game bird.

For instance, a mother rabbit has not one chance in a hundred of escaping pursuing dogs. The dogs also destroy large numbers of young rabbits in their nests.

THE DOG LAW

Paragraph F. of Section 20 of Article 99, Maryland Game Code, provides as follows:

"Any person allowing any dog or dogs belonging to him to run at large on any property other than that owned or tenanted by him between March 1st and September 1st and pursue game or destroy the eggs or nests thereof shall pay a penalty of $500 and costs for each and every offense. Any person harboring a dog or dogs shall be termed the lawful owner of same."

The more birds the agriculturists has on his property, the less insects there will be to destroy his crops.

Mr. Dog owner, we appeal to you at this time to keep your dogs under leash or confined until September 1st. The law prohibits persons training or hunting dogs at this season of the year under a penalty of not less than $25.00 nor more than $100 for each and every offense. Therefore, to those who persist in taking their dogs out fr a run between March 1st and September 1st, we request yu to comply with the law and co-operate with us in keeping your dogs out of propagating covers thereby saving all wildlife possible. Those who do not comply with the law will be prosecuted for violation thereof by our gardens. Therefore, save yourself and us embarrassment by co-operating to the fullest extent.

E. LEE LE'COMPTE, State Game Warden of Maryland.

"I'm sorry, but the coffee is exhausted," explained the boarding-house landlady.

"Yes, poor thing," commented the wise-cracking boarder. "I've noticed for some time that it was very weak."

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. © 1931 C. M. Co.

AUTO ODDITIES

© 1934—Gulf Refining Company

(1) William H. Kimball when working around his station one day came upon a crow with a broken leg lying in the drive. He took the bird in, put splints on its leg and nursed it back to health. Ever since then the crow has remained at the station as a pet. (2) The paint plant of one of the leading automobile manufacturers consumes enough gas per hour to heat a city the size of Dayton, Ohio for an equal period of time. (3) According to figures released by the American Petroleum Institute approximately eight barrels of oil per person are consumed in the United States every year. (16)
