SCHOLARSHIP EXAMINATION

A competative Examination for the Kent County Scholarship to St. Mary's Female Seminary will be held

JULY 9TH, 1934, AT 9 A. M.

In the Chestertown High School.

St. Mary's Seminary offers two years Junior College; four years High School.

All those interested should report for the examination. Inquiries may be addressed to the Principal, the County Senator, or the County Superintendant of Schools.

M. A. FRANCE, Principal,
j30-2t St. Mary's City, Md.

SURVEYING KENT NARROWS

A group of Federal Engineers are surveying Kent Island Narrows this week following the complaint that by a number of watermen and yachtsmen that this waterway is filling up due to recent storms and the swift current.

A channel was dug through the narrows, which connects Chester River and Easton Bay, two years ago and the survey may lead to a cleaning out of this channel.

LEGAL HOLIDAY

Next Wednesday being July 4th and a legal holiday, the First National Bank will be closed. All notes maturing on that day may be attended to the followng day.

Cold is Only a Part of Refrigeration

Rapidly circulating air is necessary.

The right amount of moisture is necessary.

The air in the food chamber must be constantly washed and reconditioned.

Orders and gases from foods must be absorbed by cold, dripping water, and automatically carried away.

If the air is too dry, it robs the foods of their natural moisture and flavor.

Flavor and Vitamins are what you are paying your money to get.

If no means of eliminating gases and odors is provided, they are mixed and re-absorbed by all the foods in the food chamber.

Pure, Odorless, Tasteless, Airless ICE CUBES made in five minutes.

In the scientifically constructed COOLERATOR, even the odor of raw, cut onions will not mix with unwrapped butter.

Before you buy any refrigerator, be sure to see the new COOLERATOR at

OUTBOARD MOTOR DERBY TODAY

CRUMPTON TO CHESTEROWN RACE SCHEDULED TO FINISH ABOUT 3.30 P. M.

Since the announcement of the forth coming Crumpton-Chestertown outboard race, many owners of these speedy craft have been trying out the course, running between the bridge at Crumpton to the bridge at Chestertown. And most of them have agreed that the course while not long, being barely ten miles over all, is nevertheless a very tricky one. At low tide the channel is defined by mud-flats and thickets of grass; but at high tide these disappear, and the driver is left his choice of courses, with the hope that he can chose the right one; otherwise he is more than likely to land on a flat or have a tangle of grass around his propeller.

After conference among the organizing committee it has been decided to release the following information:

1 Handicaps will be based on time trials to be held at 10 a. m. on the morning of the race day, Saturday, July 7th. The course wil be over a one mile circuit on the Chester River at Crumpton.

2 All boats will be handicaped in the time of their starting, in an attempt to provide a close finish. The approximate time of the finish will be posted in Chestertown as soon as the time trials have been calculated; at present every attempt is being made to finish the boats about 3.30 p. m.

3 The finish line will be the upstream edge of the bridge at Chestertown, where the committee boat 'Sabiarita' will be anchored. On board will be the judges, S. Scott Beck, Sr., H. N. Harrison, P. G. Wilmer. Everybody is welcome to view the finish, and the public is reminded that no parking is allowed on the bridge.

4 Response to the announcement of the race has been excellent, and it is expected that quite a flotilla of outboards will compete. While local drivers will constitute the majority, it is hoped that there will be entries from many outside points.

The handicapping will be made at the start so as to make the finish at the bridge as exciting as possible.

For the Chester River Yacht Club,
Robert B. Harrison,
E. Clarke Fontaine, Jr.
William M. McCullough.

WHEAT CONTRACTS MODIFIED

FEED MAY BE CUT ON CONTRACT ACRES

Subject to further interpretations and administrative rulings, the land known as "contract acres" under A. A. A. wheat and corn production control contract may be used in 1934 for the production of forage or roughage for feeding purposes (not for grain).

The reason for liberalizing the regulations is the drought affecting twenty states. While no shortage of food is expected as a result of the drought there will be a shortage of roughage or forage in the drought area. To offset this condition the ban on the use of the land rented to the A. A. A. is modified to permit the use of these acres as pasture or for hay or seeding them to emergency hay, pasture or forage crops. No corn may be grown on these contract acres but may be planted on other acres as described in next paragraph below. No crop produced on contract acres can be matured to produce grain in any case. Certain grass seeds which are not rated as grain are excepted. Such emergency crops must be harvested before maturity and before "dead-line" dates to be set by A. A. A.

On land other then contract acres, corn for soiling, fodder or silage may be planted if harvested while immature and before 'dead-line date to be set by A. A. A. Such corn acres may be in excess of the acreage of tilled acres as revealed by your contract, provided field corn for grain (whether used for grain, hogged off, or for silage during base period of 1932 and 1933) is reduced by the percentage stated in your contract (20 per cent up to 30 per cent.) The idea is to make sure the corn for grain acreage is really reduced as per contract, while the growing of corn for immature roughage on other available land (not contract acres) is permissible. If you grow this extra fodder corn you will need to account for the use made of contract acres and to identify these extra corn acres and to demonstrate that no mature corn was harvested therefrom. This as evidence of compliance. There may be later rulings and interpretations.

Imagines He's Clark Gable

Mother: 'Louise, your hair is all mussed up. Did that young man kiss you against your will?'

Louise: 'He thinks he did, mother.'

BUTTER AND EGG MEN VISIT ROCK HALL

Members of the Baltimore Butter and Egg Exchange, Inc., left the Maryland Yacht Club on Tuesday last, aboard the Yacht Thistle IV, for an all day cruise around the Chesapeake Bay. There were 63 men in the party

The program called for a stop at Rock Hall and a Special Dinner was served them at the Edgewater Hotel at 5 p. m.

Mr. James Stevens, of Stevens Bros. was on the committee.

SERVICES IN PARK TOMORROW NIGHT

The first of a series of Sunday evening serivces to be held in the park in Chestertown will be held Sunday evening starting at 7.30 p. m.

The services are being sponsored by Christ M. P. Church, Chestertown M. E. Church, Emanuel P. E. Church and the Chestertown Volunteer Fire Company band. The services will consist of music by the band and preaching by the pastors of the three churches who will alternate. Rev. C. L. Atwater will have charge of the services tomorrow night.

The platform and special seating arrangements are being arranged.

The committee in charge of the arrangements is as follows: The Rev. Frank White, J. S. Kreeger and Townsend Anthony, Chestertown M. E. Church; Dr. W. H. Litsinger, Fred G. Usilton and C. C. Jones, Christ M. P. Church; the Rev. C. L. Atwater, Theodore Wood and Charles C. Schreiber, Emmanuel P. E. Church. Louis Van Patten, director of the band, represents that organization.

DEMOCRATIC POLITICS

Definite steps were made this week toward getting things lined in the Democratic party for the coming election. Up to that time there was very ltle interest manifested except by a few leaders but this week where ever there is a group of men talking, the subject is local politics. Indications now point to a compromise Democratic ticket which will be welcomed in all parts of the county provided that ticket is wisely selected. Politics is, as a whole, a selfish game, and too often those seeking office let this selfishness overcome their better judgement resulting to injury to their party. A compromise ticket seems to hold favor in all parts of th county provided that wisdom is used in making up that ticket by naming the strongest candidates possible for office. If a compromse ticket is named it will probably be made up next week, and from present indications it will require considerable jockying by both factions of the Democratic Party.

As to whether a compromise ticket in Kent county will be complete from the Governor down is still a big question but present indications are that it will be confined to the county ticket alone with the exception of Sheriff which will probably be left for a free for all.

As to the Gubernatorial fight, recent developments would lead one to believe that Mayor Jackson might join the Radcliffe forces and run for U. S. Senator. Whether this is sincere or just a bluff to force Governor Ritchie to align with one of the factions and seek the Senate office is a question of personal opinion but it is very evident that the present Governor has them all worried. It is very evident that all party leaders in the county will support Judge Thomas Keating for the Chief Judgeship but the remainder of the State ticket will be left to the personal opinion of the voters for awhile at least.

WHEAT FOR CHILDREN'S HOME

Now that threshing time is on hand wheat growers are urged to remember their annual donation of wheat for the Children's Home at Easton. For many years farmers of Kent County have been donating wheat for flour for use at the Children's home. Many Kent County Children have and are being cared for, at this home and the home is dependant on this donation.

The wheat is delivered to Brook's Mill where it is ground into flour and sent to the home.

INTERSTATE ORGANIZES

Following the recent election in which the Inter State scored a decesive victory over its opponents, an organization meeting was held by the newly elected directors.

The new officers are:

B. W. Welly, Pres.; A. R. Marvel, vice president; I. R. Zollers, Executive Secretary; F. M. Twinning, Treas.

The Board of Governors are, besides the President, A. R. Marvel, W. G. Mendenhall, F. P. Willets, J. W. Keith.

TWO CHILDREN DROWNED

MARY MOFFETT DROWNS IN UNSUCCESSFUL EFFORT TO SAVE LITTLE BROTHER

The most tragic accident in local waters for many years occurred in Fairlee Creek on Monday afternoon when Mary Worth Moffett aged 15 years and a member of next year's Senior Class of the Chestertown High School and her little ten year old brother, William Vernon Moffett were drowned.

The two children, accompanied by Miss Rebecca Dodd and Mr. and Mrs. Norman Sutton went to the mouth of Fairlee Creek on a swimming and crabbing party. Leaving Mr. and Mrs. Sutton in the boat crabbing the other three went to the narrows of the creek to go swimming and William stepped into deep water. Miss Dodd went to his rescue and had almost reached him when a strong tide eddy forced her away and the boy went down. His sister, Mary Moffett who was on the other side of the narrow deep water went to the assistance and when she got into deep water she too went down.

Miss Dodd's calls for help were heard by the Suttons who were in a boat a short distance away, and only having one oar Mr. Sutton swam ashore and rushed to the scene but was unable to locate the drownded persons.

by dragged for the bodies and found dragged for the bodies and found Mary Moffett in about a half an hour and William's body was found in about an hour. Miss Dodd, who risked her life in an effort to save the two children is a sister of Mrs. R. Lee Marker with whom she makes her home.

The local ambulance was called and the ambulance crew and Dr. H. G. Simpers worked with the inhalator for some time but were unable to revive the drownded children.

They are survived by their parents, Mr. and Mrs. Samuel Moffett, one sister, Mrs. Norman Sutton and a brother, Thomas Anderson Moffett.

Funeral services were held at 10 a. m. Thursday morning from the home near Melitota, Rev. J. Lee Marker officiating. Interment was made in Cecilton, Md.

The bearers for William Vernon Moffett were his friends: Elwood Morris, Charles Ford, Ivin Perry, Daniel Perry, George Henderickson and Robert Moffett.

The bearers for Mary Worth Moffett were her classmates at school and Sunday School: Byard Sutton, Clarence Sutton, George Massey, Hershel Carroll, Wilbur Morris and Robert Wright. Dodd and Usilton, undertakers.

TEACHERS AT SUMMER SCHOOL

Among those teachers from Kent County who an attending Summer School are:

JOHNS HOPKINS UNIVERSITY, Baltimore, Maryland—Miss Mary W. Carroll, Miss Emilie N. Skirven, Miss Louse Kendall, Mrs. Lorraine U. Williams.

UNIVERSITY OF DELAWARE, Newark, Delaware—Miss Grace Burris, Miss Lillian Leager, Mrs. Nannie K. Strong, Mrs. Edna E. Faulkner, Mrs. Anna M. Hague, Miss Mamie C. Donahoe.

UNIVERSITY OF VIRGINIA, Charlottesville, Virginia—Miss Lois Baxter.

STATE TEACHERS COLLEGE, Fredericksburg, Virginia—Miss Louise Hepbron.

There may be one or two others who decide to go next week.

WOULD ELIMINATE CARNIVAL

EFFORT BEING MADE TO RAISE FUNDS

A few citizens of Chestertown, acting in an unofficial capacity, are making a canvas of Chestertown to see whether sufficient funds can be donated to support the fire company without having the annual carnival.

To date their efforts have been very successful and it is understood that over $600 has been promised.

Those who are willing to donate hard earned cash in order to prevent a carnival may be divided into three classes, those who morally oppose the carnival, those who object to the park being used for a carnival, those who object to the large amount of money going out of town in order to give the fire company a small margin of profit.

DOUBLE HEADER JULY 4TH

CHESTERTOWN AND WEST KENT PLAY ON WASHINGTON FIELD

Base ball fans will see these two rivel teams in action in a double header on 4. The rivelry between these two lo- Washington College athletic field July cal teams will make interesting games.

The Curbstone Diplomat

WILLIAM S. COLLINS

WHAT WRONG HATH THIS MAN DONE. LOVE THY NEIGHBOR AND ALL THAT STUFF.

From quite a few sources we have been hearing very uncomplimentary things being said about Mr. Marion deK. Smith, lately. Although Mr. Smith has never done anything for "Yours very truly" we can not help but say that he is being treated unjustly.

One trouble seems to be the grading of Philosopher's Terrace. The grading of the road caused the residents of that street a great inconvenience this winter and spring, and will cost them some money to fix up their front yards. They had no say in the matter at all as to whether or not the work should be done. Reports came down town that Marion Smith was deliberately tearing up all the property on that street to fix up his own and that the street would no longer be a fit place to live. With the coming of good weather and the work completed it was possible to make an inspection tour. What was found was a fine graded street fixed up like all modern real estate developments. In some developments around Washington, they are plowing up Macadem roads so as to have graded roads. Also take a look at some of the new developments in Baltimore. After seeing the project a suspicion rose within me that maybe Mr. Smith was planning to put a concrete road there, but this is out as the town has ordered slag for the new road. After all is said and done Philosopher's Terrace has been improved a lot and in time the people will see it. Remember Mr. Marion deK. is responsible for it.

Again, Washington College has been wishing to improve their Athletic field rather than their athletic teams. Mr. Smith pulled the strings and the government helped them out. Mr. Smith is one of those who know the college is a great asset to the community. There are plenty of others among us who have a different opinion. In every way possible he has helped the college and did a lot towards making the Sesqui Centennial celebration the success it was. What was his reward? When the Alumni voted for a board member from Kent County he ran third. Why did the alumni heads have to give him opposition in making up the ticket. Ths was the only county in which there was more than one candidate.

Residents of Washington Ave. are not satisfied with the curbs and gutters. The idea was to do the thing cheap and a low curb was provided for driveways. This method is used in some towns. A howl went up and now driveways de lux have been provided. Residents of the home street are hostile to Mr. Smith. If it had not been for him the road would not have been widened and the curbs and gutters would not have been built. This man had to pull a lot of tricks to get that road widened.

The man who put the nine foot roads across was M. deK. Smith. He can really put things across and he tries to see that the home section gets more than its share of every thing. When the U. S. Treasury yelled whooee this winter he was big pig at the trough. These seem to be qualifications for a good congressman. If we could get him a few lady friends in different towns on the Shore he would have all the qualifications of T. Alan and maybe he could be congressman.

To get some of his points scored he has to play rough shod football, but after all is over Mr. Marion deK. Smith is responsible for a lot of the improving of the community. He needs a little slowing down occassionally but regardless of what is said of him he has been a big asset to the community.

With 7 candidates in the race for for the Democratic nomination for sheriff the question is often being asked if the Republicans are going to have a candidate and who will it be. The Enterprise has mentioned Mr. Hanson Horsey, of Millington, twice in regards to the sheriff office and we are wondering if the Republicans are getting ready to trot him out.

The Baltimore Sun had a whole page last Sunday about a Nudist Colony near Baltimore. That is nothing. mixed nudist swimming parties have been staged in Chester River this season and nudist bathers have been run off several farms on the bay shore.

If you need any tacks, the tree in front of the Chestertown post-office can supply all sizes.

Harry Russell and Billy Usilton have joined the trunks only swimming suit gang. Both of them are very handsome indeed.

Mike the tailor, needs a guardian when prize fights are held, judging from his actions at Betterton and listening to the Canero-Baer bout. Some even think he will need somebody to look out for him if he sees the movies of the fight.

CHESTERTOWN LOSES TWO GAMES

Bows To Goldsborough And Massey Over Week End

Chestertown took the short end of a 6 to 1 game with Goldsborough last Saturday and continued to hold up that in a 3 to 2 game with Massey Sunday.

Richardson and Harris did the mound work for Chestertown on Saturday, but on Sunday Manager Loller took the mound himself and allowed only four hits. Betts, pitching for Massey also held the Chestertown players to four hits. Chestertown held the lead until the eighth when Massey tied the score and put across the winning run in the ninth.

The lineup and summary for each game follows:
