# KENT CO. HEALTH REPORT

### COMMUNICABLE DISEASES

During the month of April two cases of typhoid fever were reported in Still Pond. The usual epidemological investigation was made and it was found that the source of the disease was from the drinking water supply. Typhod vaccine was administered to the contacts in the home and directions were given on the proper methods to be used in correcting the water supply and the sewerage disposal.

A suspected case of infantile paralysis was reported from the vicinity of Still Pond. The case was sent to the Johns Hopkins Hospital, kept under observation and was finally diagnosed as some disturbance of the nervous system which was not infantile paralysis.

One case of tuberculosis was reported in April and one in May. This is the smallest number of tuberculosis cases reported in one month. A Tuberculosis Clinic is held at the Health Center every other month where individuals suspected of having the disease or in contact with the disease may be examined free of charge.

Eleven cases of social disease were reported during April and May five of which came in through the free clinic operated by the State in Chestertown.

A small epidemic of measles occurred during April most of which were centered in the vicinity of Millington. All the large cities in the Eastern part of the United States have had an epidemic of this disease since the first of the year and it was to be expected that such an epidemic would extend itself to the rural communities.

Three cases of diphtheria were reported. Two occurred in the camp of asparagus cutters on a farm near Galena. These cases were visited and quarantine measures advised although it was difficult to get the cooperation of the family, who were Polish people. Both of the children were given the antitoxin but the remaining members of the families refused the immunizing dose of antitoxin. The third case occurred in a home in Galena. Following a visit to this home antitoxin was supplied and a number of children in the nearby school were given toxoid.

One case of scarlet fever was reported in the vicinity of Blacks Station. Quarantine measures were advised in this home.

Ten cases of chicken pox and thirteen of pneumonia were reported.

### CLINICS

A Pre-natal Clinic was held on April 3rd by Dr. E. P. H. Harrison, Jr., assisted by Doctors F. B. Hines and F. W. Smith. Five patients were examined.

A Pre-school Clinic was held by Dr. George R. Jones on April 10th. Following the clinic Dr. Jones administered Toxod to a number of elementary and pre-school children in the Galena and several other nearby schools.

A Tuberculosis Clinic was held by Dr. Seth Hurdle on April 2nd. The Tuberculosis Clinics are maintained through the sale of Chrstmas Tuberculosis Seals and affords people in contact with those having tuberculosis an opportunity to have a chest examination by a specialist.

A Social Disease Clinic is operated by Dr. H. G. Simpers each week. This clinic has been in operation for about four years and a large number of people are treated each week. During April and May 119 treatments were given and thirty-nine blood tests taken.

Dr. F. A. Holden held his usual Eye, Ear, Nose and Throat clinics each week. This is the only clinic that is not entirely free. Certain cases are free when certified to by the nurses or health officer. All of those able to pay are charged by Dr. Holden personally.

### National Negro Health Week

Considerable time was given to the preparation and conducting of the National Negro Health Week activities which occurred in April. During that period several extra clinicians were assigned to the county. Dr. W. A. Marshall conducted a series of preschool clinics among the colored group. Dr. Catherine Goodson also assisted in holding several clinics. The program for National Negro Health Week opened on the night of April 2nd with a parade followed by a mass meeting at the colored church. The outstanding event was the presentation of a plaque by Dr. Roscoe C. Brown of the United States Public Health Service for winning first award for three successive years in National Negro Health Week activities. A number of state and federal health officials were present at this meeting.

### Inter-Chamber Health Conservation Contest

During April word was received by the local committee on health of the Kent County Chamber of Commerce announcing the award to Chestertown in the Inter-Chamber Health Conservation Contest. Chestertown was given second place in the list of cities in its population group of 20,000 and under. Palo Alto, California was the leading city. Palo Alto is a city of some 14,000 people and has a well equipped health department. This makes three years in succession that Chestertown has won a high award in the Health Conservation Contest. Next year the county as a whole will be entered in the Rural Health Conservation Contest.

STATISTICAL—Births 37, White 23, Colored 14. Deaths 40, White 20, Colored 20.

CAUSES OF DEATHS—Premature birth 1. Pneumonia 2. Carcinoma of Stomach 1. Paralysis 1. Pernicious Anemia 1. Uremia 2. Chronic Brights Disease 2. Arterioscleroses 3. Heart Disease 7. ## Notice of Discharge

John P. Rosin
vs.
Scott Rosin, et al

In the Circuit Court for Kent County
In Equity No. 2703

Upon the petition of L. Wethered Barroll, Co-trustee with Stephen R. Collins in this cause, it is ordered, this 5th day of June, in the year 1934, by the Circuit Court for Kent County, in Equity, that the prayer of said petitioner, L. Wethered Barroll, praying to be allowed to resign as a co-trustee in the cause, be granted and that said Stephen R. Collins shall act therein as sole trustee; unless cause to the contrary thereof be shown on or before the eleventh day of July next, provided a copy of this order be published in Kent County, Maryland, once in each of three successive weeks before the 2nd day of July next.

Given under my hand this 29th day of May, 1934.

R. WROTH STAVELY,
Administrator.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL
And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. ©1931 C. M. Co.

No. 1

PENALTY
Important Notice to Merchantsand Traders

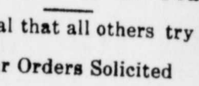

Your attention is called to the provisions of Senate Bill No. 63 passed by the General Assembly of 1929, under which there is imposed on persons who fail to take out licenses in the month of May a penalty of 10% per month on the cost of the license. This is not merely a 10% flat penalty, but 10% per month or fraction of a month.

The Clerk of the Court has no discretion in the matter but will be held accountable to the State for the collection of all penalities.

Licenses are now on hand ready for distribution.

ROBERT A. SHALLCROSS, Clerk.
Thos. Dixon, Deputy.

WHEN you start at sudden noises, worry over trifles, can't bear the noise that children make, feel irritable and blue—ten to one it's your nerves.
Don't wait until your overwrought nerves have kept you awake half the night and paved the way for another miserable day. Take two teaspoonfuls of Dr. Miles' Nervine and enjoy the relief that follows. Take two more before you go to bed. Sleep—and wake up ready for the day's duties or pleasures.
Dr. Miles' Nervine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically.
Liquid or Effervescent Tablets at all drug stores.
Price $1.00
