As has been published in former editions of this paper, the Union Services in the Park on Sunday evenings, at 8 p. m. have been resumed for the months of July and August. Instrumental music will be furnished by the Chestertown Firemen's Band, under the direction of its leader, Mr. Van Petten. The service this coming Sunday evening will be in charge of the new Minister, of Christ M. P. Church, who will preach the sermon.

HOLDS REGULAR MEETING

DECLARES 75c TAX RATE— APPROVES SEWERAGE APPLICATION

At the regular monthly meeting of the Mayor and Council of Chestertown held on Monday evening of this week, the tax rate for Chestedtown for the coming year was set at 75c. This rate has prevailed here for a long period of years and is the maximum rate under the charter with the exception that it can be increased to provide for legal bond issues. The Council has, however, maintaned this rate in spite of the $25,000 bond issue granted two years ago to pay off certain outstanding indebtedness.

Three delegations from Washington Avenue appeared before the Council and requested the construction of driveways into their properties. A representative from the anti-carnival committee appeared before the council and requested the donation of certain funds to the Fire Company provided the carnival is not held. It was pointed out that the carnival has cost the town at least $150 for special poloce, etc.

Signs Sewerage Resolution

The Council signed a resolution to be attached to the application to P. W. A. for funds to build a sewerage disposal plant. The application for funds for the plant was made several months ago but was not granted due to the fact that iot lacked the approval of the Council. It is understood that the lan will be made as soon as funds are available.

TRUCK BURNS IN WHEAT FIELD

MILLINGTON AND MIDDLETOWN FIRE COMPANIES ANSWER CALL

A truck owned by Mr. Samuel Massey was destroyed by fire on Tuesday of this week while hauling wheat from the thresher on his farm near Massey. The truck had forty bushels of wheat on it when it caught fire.

After destroying the truck the fire spread through the stubble field and threatened to destroy the entire wheat crop. The fire companies of Millingtotn and Middletown responded to the call and with the assistance of the threshing crew succeeded in extinguishing the fire before further damage was done. It is thought that the fire started from friction by the wheat coming in contact with the running gear of the truck.

The truck that was destroyed was the one in which Mr. and Mrs. Massey recently took a trip to California.

TO SELL SCHOOL PROPERTIES

According to an announcement made this week by the Kent County Board of Education sealed bids for the purchase of the Cherry Lane and Hanesville school properties will be received until August 7th.

The Cherry Lane school property includes the school building and .93 acres. The Hanesville property includes the building and 1 acre of ground.

TO RUN OUTBOARD MARATHON SATURDAY

MANY ENTRIES PROMISE THRILLING EVENT

The outboard motor boat marathon, scheduled to be run today from Crumpton to Chestertown promises many thrills for both participants and spectators.

This ten mile course was selected because of the narrow channel, sharp curves and mud banks which offer plenty of trouble, particularly to the fastest boats.

Chestertown water front has been the scene of many tryouts, changing motors, speed tests, etc., in preparation for the big event.

Aside from entries from many points on the Eastern Shore, entries have been received from Philadelphia, Wilmington and Dover and a number of dark horses are expected.

The race will be run as a time allowance handicap with no restrictions as to cutting corners plowing across mud flats or chopping sea weed. The handicap will be made at the start at Crumpton, the slower boats starting first. In this way a spectacular finish at the Chester River bridge is promised and the first boat which passes under this bridge s the winner provided that it does not exceed its registered peed.

The race is under the auspices of the Junior Yachtsmen of the Chester River Yacht and Country Club who will have charge of the handicapping, starting and judging, the committee being Robert B. Harrison, E. Clark Fontaine and William B. McCullough.

An effort will be made to start the race so that the finish will be as near 3.30 p. m. today, Saturday as possible.

The time trials will be held over a mile course at Crumpton starting at 10 a. m. from which the handicap will be determined.

His face is badly mashed and Cecil (Mouse) Taylor is in the Kent County Jail charged with having taken part in the fight. MAY ELIMINATE CARNIVAL

$1200 SUBSCRIBED IF NO CARNIVAL IS HELD

With $1200 pledged by local citizens for the support of the Chestertown Volunteer Fire Company, provided that no carnival is held this summer, the present indications are that the carnival will be eliminated this year.

In addition to the $1200 pledged the committee has the assurance of additional funds which will bring this sum up to $1500. With a few exceptions this sum as pledged by residents of Chestertown, no solicitation being made in the territory served by the Fire Company outside of Chestertown.

The net revenue from the carnival last year was approximately $1500, which was the profits from an expenditure of approximately $5,000.

Fire Company To Decide Monday

At a meeting of the Fire Company next Monday night, the question as to whether a carnival will be held will be decided. It was understood that it as to be decided last Monday night but due to the fact that a number of the firemen were attending the carnival at Millington the action was postponed.

DEMOCRATIC POLITICS

Indications at the time of going to press last week pointd to a definite announcement this week of the political lay out in Kent County, but todate there has been very little progress made. One usually thinks of the Fourth of July during an election year as a day of large gatherings and political speeches, but the day passed off quietly without any political activity other than the individual efforts being made by the various candidates for Sheriff.

It is very apparent that very little has been done toward a compromise ticket which may be attributed to a thorough political indifference throughout the county and also to a dissatisfaction among leaders of the two factions. The only real progress that has been made is the fact that another week has passed which shortens the time before the primary just seven days and the shorter the time the less chance there is for a hard fought factional fight. Acording to the State law the primary must be held between September 8th and fifteenth, the exact date to be determined by the State Central Commttees of the Democratic and Republican parties.

This leaves about eight weeks before the primary and eight weeks is a short time to organize and stage a real factonal fght. A proposition to divide the politcal plumbs similar to that of four years ago is creating a certain amount of discord in both factions and may result in a slight change in the offices divided. Whatever changes are made there is still a strong indication that a compromise ticket will be affected with the exception of the Sheriff's office which will probably be left free for all.

Up to the present time not a candidate has feld wth the Supervisors of Election for Kent County which is the real test of who is in the fight to a finish. In order to file with the Supervisors it is necessary to put up the cash and until the cash is in sight anything can happen.

As far as the State ticket is concerned it is very apparent that Ritchie and Radcliffe are in the fight to a finish with various speculations as to what Jackson and Conley are going to do.

A letter from the Jackson headquarters at Salisbury states that Dr. Conly issued a statement this week that he will withdraw in favor of Jackson, while other prophesies are that Jackson will withdraw in favor of Radcliffe.

From Cecil County comes the word that Senator McIntosh, of Baltimore County will become a candidate for the Unted States Senate on the Ritchie ticket and other prophesies are that Herbert O'Conner will also join that ticket for Attorney General.

A factional fight is brewing in Queen Anne's County, Mr. Wilson having announced his candidacy for the State Senate. Down in Dorchester County an effort for harmoy was evidenced this week by the announcement by Mr. Emerson Harrington, son of Govreror Harrington, that he will withdraw from te Judgeship fight for the purpose of creating harmony in the Democratic party in that county.

TO CONSOLIDATE RURAL ROUTES

According to present plans the four rural routes out of Chestertown will be consolidated into three August 1st.

This consolidation was scheduled to go into effect May 1st but was postponed until August 1st. Number 2 route will be eliminated and Mr. Rigley Brown will be transferred to Sudlersville.

West Kent and Chestertown Divide Honors

SECOND GAME OF DOUBLE HEADER IS 10 INNING THRILLER

Chestertown and West Kent divided honors in a double header base ball game on Washington College athletic field Wedesday, July 4th. The first game was a track meet in which Chestertown scored 22 runs in six innings while West Kent were only able to account for 3. N. Spencer pitching for Chestertown kept the game well in hand while West Kent were using Wheat, Wessel and Coleman in a vain but unsuccessful effort to stop a six inning batting rally. At the end of the sixth inning with the score 22 to 3 the game was called off by agreement by both sides so as to leave plenty of time for the second game.

The second game proved to be a real ball game with Kennedy pitching for West Kent and Harris and Loller for Chestertown. There was no score until the third inning when J. Russell for Chestertown was on 1st by a walk. Reinhart sacrificed him to second and he scored when M. Sutton muffed Oliff's grounder to 3rd base.

In the fifth inning Kirby for West Kent tied the score when he hit a three bagger and stole home. His three bag ger left him safe on third but after two men were put out and the batter had two strikes and two balls Kirby stole home to tie the score 1 to 1. Neither side scored until the tenth inning when West Kent tallied 4 runs on 3 hits and two errors and Chestertown was one short with 3 runs on 4 hits and 2 walks.

The outstanding play of the game came in the 7th, Chestertown at bat, Oliffe, was safe on 1st base and John Bennett at bat hit one that looked like a safe home run. F. Sutton, playing left field, ran with his back to the ball, jumped in the air and made a one hand catch to save the ball game.

CHIMNEY FIRE NEAR FAIRLEE

The Chestertown Fire Company responded to a call from the home of Mr. and Mrs. Clarence Ackerman near Fairlee Monday evening. The chimney of the home was on fire and it was of the most serious chimney fires the local company has fought. Firemen worked for more than an hour before the fire was extinguished.

TIME EXPOSURE

A judge's little daughter, who had attended her father's court for the first time, told her mother:

'Papa made a speech, and several other men made speeches to twelve men who sat all together, and then these twelve men were put in a dark room to be developed.'
