At The Movies

NEXT WEEK

The first motion picture to feature Guy Lombardo and his Royal Canadians comes on Monday and Tuesday, July 23 and 24 to the New Lyceum Theatre and will prove to be an excitingly entertaining comedy-farce, made hysterically funny by the antics of George Burns and Gracie Allen.

A Paramount production, the picture presents a pot-pourri of maniacal comedy centering about the crazy Burns and Allen, delightful music by Lombardo's premiere radio orchestra, and a satisfying romance enacted by Joan Marsh and Ray Milland.

Directed by Norman McLeod, this film achieves great moments as a mad, glad comedy, with most of the funny business centering about the dizzy personality of Miss Allen. Presented as a love-sick girl, enamored of Radio Announcer George Burns, she wrecks her father's department store business through insane mismanagement and is accepted by her radio idol only when he is offered thirty dollars a mile for every mile he takes her from home.

The comedy speeds to Hollywood, revealing an intimate picture of film operations with the entire ensemble embroiled in a hectic pursuit of fame and love.

Lombardo, in his initial screen work, shows himself an expert showman as well as orchestra leader. He introduces several striking new song numbers and orchestrations.

Veloz and Yolanda, the celebrated dance team, have a featured spot in the film and carry away their portion of the entertainment with flying colors.

The famous infirmity, kleptomania, provides much of the joyous action in "Cockeyed Cavaliers", Bert Wheeler and Robert Woolsey's gay musical comedy, which shows at the New Lyceum Theatre on Wednesday and Thursday, July 25 and 26.

Wheeler is seen as a medieval vagabond whose kleptomaniac tendencies lead him and his partner into a maze of misunderstandings and misfortunes which Woolsey endeavors to straighten out in hilarious fashion. The comics do their singing, dancing, romancing and joking in early European costume against medieval backgrounds, while their wisecracks and practical jokes are 1934 "vita-fresh," ultra-modern and brand new.

Dorothy Lee, as the comely daughter of a commoner who is trying to evade a family-arranged marriage with a Duke, carries a sweet romance with Bert Wheeler. Thelma Tood, a Baron's wife, and Robert Moolsey are mirthful in their complicated love-making.

Under Mark Sandrich's direction, which won him a Motion Picture Academy award, "Cock-eyed Cavaliers" is a filmusical with a smooth-running continuity in which the dances, comedy, songs, lyrics and common sounds are part of the story. The film also features two popular songs with hit proportions; namely, "I Love to Dilly Dally" and "I Went Hunting," by Will Jason and Val Burton, of "Penthouse Serenade" and "Isn't This a Night for Love" fame.

For the first time in his illustrious career as a motion picture detective, Charlie Chan is wearing a disguise.

Warner Oland, creator of the screen counterpart of Earl Derr Biggers' famous fictional sleuth, masquerades as a Chinese cook throughout most of "Charlie Chan's Courage," which comes to the New Lyceum Theatre on Friday and Saturday, July 27 and 28, as part of a Double Feature program. Drue Leyton has the principal feminine role, with Donald Woods as the juvenile lead.

The second feature on this program will be the new Western hit "Blue Steel" starring John Wayne.

The NEW McCormick-Deering Spreader Features an ALL-STEEL Box

THE new McCormick-Deering No. 4-A *all-steel* spreader is convenient, low to the ground, simple, and compact. It features a galvanized, rust-resisting, copperized, non-warping, heavy-gauge steel box of 60 to 70-bushel capacity. Eight roller bearings and Zerk lubrication, combined with perfect alignment of all parts, make this new *all-steel* spreader unusually light in draft. Two horses can haul capacity loads in it all day long.

Five spreading speeds are provided, permitting the use of just the right amount of manure at all times. The manure is torn and shredded by a saw-tooth upper beater, a spike-tooth lower beater, and a wide-spread spiral before it is spread in an even layer over the soil. A special end-gate can be provided for use when liquid manure is to be hauled. A brake is available as special equipment. Also, there is a lime-spreading attachment which changes the No. 4-A into an efficient lime spreader.

See this new *all-steel* spreader at our store at your first opportunity.

Mr. Andrew Leasage who has been very sicv is improving.

Mr. William Medders, Jr., spent last weep end with his parents, Mr. and Mrs. William Medders.

There are some things we refuse to do to sell a car

There are some things we refuse to do to sell a car. We like sales, but fair-dealing and the confidence of our customers are desirable too.

For one thing, we refuse to poison any one's mind against another make of car. We know what our car is and what it will do, and we are ready to tell you about that. But to imply defects in another car is not our business.

We have done our utmost to encourage intelligent buying of motor cars by showing purchasers how to protect their own interests. All that a good producer asks is a customer who knows quality when he sees it. An intelligent purchaser will speedily conclude that only a bad product requires bad sales methods.

We refuse to keep dinning in your ears that the Ford V-8 is the best, most economical, lowest priced car. That is claimed for several cars. Obviously it cannot be true of all. There comes a point where claims and adjectives and all advertising hysteria disappears in its own fog. Personally, I prefer facts.

We say the Ford V-8 is the best car we have ever made.

We say that our 8-cylinder car is as economical to operate as any lower number of cylinders.

We say that we have always been known as the makers of good cars and that the many good, well-balanced qualities of our present car place it at the head of our line to date.

Any one wishing to do business with us on these principles will find our word and the quality of our product to be A-1. What we say about economy, operation and durability will stand good anywhere.
