America's Sweetheart Has Fruity Recipe For Russian Tea With Jam

Mary Pickford Says Sweetened Tea is Fine Energizer

By Mabel Love

AMERICA'S most beloved film star, Mary Pickford, who is now reaching new heights of popularity and winning a new generation of admirers, is a decidedly domestic person. She is quite at home in the kitchen, and particularly likes to make the tea she serves.

At Pickfair, her famous California home, Russian tea sweetened with orange jam is a favorite beverage, the tea and the quick energy value of the sugar in the jam combining to provide a remarkably effective pick-me-up. In a recent interview, Miss Pickford explained that she had acquired the tea-drinking habit, after the Russian fashion, as a health safeguard. For the most part her days have been filled and brimming with physical and mental activities, and more than once physicians have warned her that she might expect a let-down.

"But it never arrived," she said with a smile. "I never burned the candle at both ends. I have worked hard, it is true, but then I always managed to get sufficient sleep—and there was my Russian tea. I found that the addition of two generous teaspoons of jam gave just the right amount of energy so necessary to me, and many times I would have been forced to give up but for the stimulating influence of that fragrant beverage."

Here are her "pet" recipes for the tea and the jam that she uses for sweetening it:

Mary Pickford's Russian Tea With Jam

Scald earthenware pot, or glass tea pot, with boiling water; put one teaspoon of orange pekoe tea for each cup desired; measure freshly drawn water, and bring to bubbling boil before pouring it on the leaves; steep three to four minutes, sweeten to taste and add two teaspoons of orange jam to each cup of tea.

Orange Jam

12 thin-skinned oranges
3 lemons
16 cups (8 pounds) sugar

Wash and slice oranges and lemons as thin as possible. Add water and let stand over night. Cook slowly until tender (2 to 2½ hours). Add sugar. Cook the mixture until it jellies from a spoon (from 30 to 60 minutes). Pour into clean, hot jars, and seal at once.

Of course, the jam is also delicious as a spread for toast, crackers and biscuits.

RECOMMEND TAX REVISION

GRANGE AND FARM BUREAU ADOPT TEN RESOLUTIONS FOR TAX EQUALIZATION

A joint tax committee, composed of representatives of the Maryland State Grange and the Maryland Farm Bureau adopted ten resolutions of tax reform in the State of Maryland at a meeting held on July 16th.

Mr. E. Thomas Massey, of this county, is a member of the committee. The resolutions adopted were as follows:

E. Thomas Massey, president of the Kent County Farm Bureau, was a member of the joint committee from the Maryland Farm Bureau Federation and the Maryland State Grange, which recently adopted a series of resolutions advocating tax changes in the State. The resolutions were adopted after an extensive study of taxation bases in Maryland and the various revenue-producing forms of taxation now used in the State.

Other members of the committee were: D. G. Harry, chairman, Dr. T. B. Symons, R. C. F. Weagly, T. S. Anderson, Charles T. Cockey, Jr., Paul Walker, S. H. DeVault, H. H. Nuttle, T. Roy Brookes, Homer Remsberg, A. G. Ensor and C. E. Wise, Jr.

The joint committee recommended the following measures, "to secure equitable and just taxation policies for the support of State and local government":

1. ECONOMY: Continued scrutiny of governmental expenditures looking towards further reduction and savings, where possible and feasible, without impairment of government.

2. INCOME TAX: Enactment by the Legislature of an income tax law on individuals as a method of securing revenue, a portion of which should be allocated to the counties, thereby making it possible to lower the local general property tax.

3. INHERITANCE TAX: Modification of the present Maryland inheritance tax so as to tax property transfers by gift or inheritance to both direct or lineal descendants, and more remote relatives.

4. PARI-MUTUAL BETS: Increase the tax on pari-mutual bets from 1 per cent to 2 per cent.

5. LIQUOR TAX: Use of State liquor taxes and license revenues in reduction of county school tax rate to the extent, if possible, that no county shall be required to levy for school purposes more than 30 cents per $100 of assessed valuation.

6. AUTO TAX: That the motor vheicles license tax, which is now 32 cents per horsepower, be substantially reduced.

7. RELIEF: That the counties and Baltimore City be required to provide their respective relief costs, aside from the contributions of the Federal Government, by some means of taxation other than a general property tax.

8. FARM ASSESSMENTS: That inasmuch as farm real estate in Maryland has declined in value approximately 24 per cent since 1928 (the last general assessment) we recommend that the farm real estate assessment be lowered 20 per cent by a uniform mark-down. We are opposed to a general reassessment of farm real estate at the present time because of the heavy expense it involves.

9. LAND AND BUILDING ASSESSMENTS: That farm lands and buildings be assessed as a unit and that the assessment of buildings should be based upon their use for agricultural purposes.

10. TAX COLLECTION: We recommend that there be uniformity among the counties in respect to tax collection; that tax bills be so prepared that they will be in the hands of taxpayers for payment in the first month after the levy, or the first month of the fiscal year; that effort be made to prevent the accumulation of tax delinquencies.

"We are convinced that our recommendations are fair and equitable for all parts of the State, and that they will work out to the advantage of the entire taxpaying population of Maryland, urban as well as rural," said Mr. Harry, chairman of the committee, when the Grange-Farm Bureau tax program was announced.

SOMERSET COUNTY

Howard McClendon, a negro, who had previously been indicted in the local court for the murder of Harry Daugherty, Crisfield policeman, several months ago was tried in Cambridge last week, after a change of venue of Somerset county.

After electing to be tried before the court instead of by jury, he was found guilty of murder in the first degree, without capital punishment, and sentenced to life imprisonment.

The prophesy that the Democratic party in Somerset County were at last going to get together to avoid a primary, was blasted last week by the announcement that two full tickets will be in the primary fight. For several years bitter primaries in that county have resulted in a Republican victory. The combination ticket has apparently all fixed up but contention arose over the State Central Committee which split the party in two full tickets.

WORCESTER COUNTY

Present indications point to a Democratic primary in Worcester county, judging from the number of candidates in the field for the various offices.

This week, early white potatoes are selling from five to ten cents lower per barrel than they brought last week

Prices yesterday at potato shipping points in Worcester County, located at Snow Hill, Newark, Stockton Girdietree and Pocomoke City ranged from $1.00 to $1.10 per barrels f. o. b. Deducting the brokerage and cover costs from this figure county farmers are being paid from 80 to 90 cents per barrel on an average.

With the cost per acre at $65 and production averaging fifty barrels per acre selling for 80 to 90 cents per barrel, it can readily be seen that county faremrs are experiencing a heavy loss in their early white potato crop this year.

WICOMICO COUNTY

Federal inspectors are stationed at Wicomico county auction blocks to enforce the cantaloupe law enacted and first applied last year.

Few farmers have been found to have violated the law this year although some have forgotten many of its provisions.

Fire last night destroyed a large warehouse of the Marvel Package Company here, the second such disastrous blaze within four days.

Last night's loss was estimated at $25,000 and brings the company's aggregate loss in buildings and contents to more than $50,000.

EASTON HOSPITAL BURDENED WITH FREE PATIENTS

IS SECOND IN STATE IN FREE HOSPITAL DAYS

During the first nine months of the State's fiscal year Easton Emergency Hospital did 12,997 free patient days work. From the State the hospital received $10,500, or less than one half of what the hospital actually earned at the State free day rate. These figures are astounding, but the worst of it is that there are still three months to go before the fiscal year ends and all the free work done by it during that time will only be adding to the already heavy deficit. These figures just announced by the Board of State Aid and Charities are authentic.

Of the fourteen county hospitals in the State, the Easton institution stands second in the State in the amount of free work done, exceeded only by the Washington county hospital. There are only ten hospitals in the State, including the Baltimore hospitals, who have done more free work than has Easton. It would seem from these official figures that the Easton hospital is a very decided asset to the people of the State as a whole. Easton hospital serves four counties, which in a measure accounts for its big volume of work.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. ©1931 C. M. Co.
