LOCAL CANNERY TO OPEN NEXT WEEK

NO CONTRACTS MADE—TO PAY MARKET PRICE

The Baldwin Cannery will open next week and for the first time for many years Mr. Baldwin will buy tomatoes at the market price. For years this cannery has contracted for a limited number of acres in the vicinity of Chestertown with the same growers year after year but due to the uncertainty of the market there are practically no contracts made in this section of the country. At the present time the market price is 25 cents a basket but no one will even try to predict what the price will be when the canning season opens.

The tomato crop in Kent County is reported to be very promising as recent rains have greatly helped a rather questionable crop. The market price will largely depend on the crop all over the country as although the present stock of canned tomatoes is low, the acreage in the United States this year is over 400,000 as compared to 240,000 acres last year.

In some sections the crop has been seriously affected by the drouth, while in other sections excessive rains have destroyed patches planted in bottoms.

The foreign labor for the Baldwin cannery will arrive next week and will be in charge of Joe Stachoviak and wife. Stachoviak and his wife have been working for Mr. Baldwiin for forty years in his Kennedyville and Chestertown cannery, starting before they were married. They are now parents of eight children.

The Rock Hall cannery has been packing early tomatoes under a 20 cent contract price but no contracts have been made for late tomatoes.

A committee representing the Extension Service met at Pocomoke with the various dealers operating on the Shore and representative growers. It was decided that in order to benefit the greatest number of growers possible these government purchases should be apportioned among the established dealers doing business in the territory. The allocations to these dealers were made on the basis of tonage handled by them.

AN APPEAL TO THE PUBLIC

The Board of control of the Kent County Ambulance wish to inform the Public of the following facts:

1. The Chestertown Volunteer Fire Company houses and operates the ambulance, but does not furnish any maintenance money.

2. The Board of Control of the Kent County Ambulance is a separate, distinct, body from the Chestertown Volunteer Fire Co., and is composed of representatives of the several civic organizations of the Community.

3. The operating unit, a chairman and four drivers, appointed by the Fire Co., volunteer their services at any and all times to transport patients whereever ordered to by the doctor calling the ambulance.

4. The original plan of maintenance was not a money making plan, a plan just asking the public who had used the Ambulance to contribute as liberally as they were able to do so.

5. The ambulance to date, has covered nearly 75,000 miles and we feel that the public who have used it, really do appreciate the service it has rendered but we do not feel that the public has been informed as to the plan of maintenance, and as a result the ambulance is not mechanically or financially in condition to render any service to the public at this time. Some who have used this ambulance have contributed liberally towards its support but the majority have not.

6. To make necessary repairs, new tires, take care of unpaid bills and put the Ambulance in condition to go into service, it is necessary for those who have used this machine, and the public at large, who have not contributed towards its support, to make contributions to this cause. The sooner you can arrange to do so the sooner we will be able to render further service. Make contributions to C. Lee Gill, Treasurer of Board of Control of Kent Cunty Ambulance.

7. The Board of Control of the Kent County Ambulance have decided that, due to the failure of the contribution maintenance plan, that a minimum charge will have to be made when the ambulance is again put into service.

Signed by:

Board of Control of Kent County Ambulance.

89 PER CENT OF TAXES COLLECTED

The announcement issued last week by the U. S. Department of Commerce in reference to uncollected taxes in the various counties in Maryland must have been compiled several months ago.

The proportion of uncollected taxes in Kent County as of yesterday was 2 per cent of 1931; 11 per cent of 1932 and 21 per cent f 1933. This averages approximately eleven per cent of Kent's taxes still uncollected as compared to the former estimate of 25 per cent.

DEMOCRATIC POLITICS

JUDGE KEATING FILES FOR CHIEF JUDGE

Judge Thomas J. Keating, of Centreville, filed with the Supervisors of Election for Kent County this week his candidacy for Chief Judge of the Second Judicial Circuit, subject to the Democratic Primaries September 12th.

Judge Keating, senior member of the Bench, will carry Kent County by a substantial majority from present indications. He has the unanimous endorsement of the Kent County Bar and has been selected on the compromise Democratic ticket in this county. He has served as Associate Judge in this circuit for fifteen years and has made many friends in all parts of the county. His experience on the Bench particularly fits him for the Chief Judgeship and precedent, with a few exceptions, entitles him to the honor which he seeks.

Judge Owen Knotts, of Denton, also State Convention have ot named their with the Kent County Supervisors this week. Judge Knotts was appointed to the Bench to fill the vacancy caused by the death of Judge Lewin W. Wickes. During his year and a half on the bench he has become very popular in the Circuit and will go into the primaries and apparently into the general election unopposed.

Mr. James Evans, of Elkton, filed his candidacy for Chief Judge with the Supervisors of Election for Kent County last week. He has the endorsement of the Cecil County Bar, of which he is a member. At the time of going to press, with one exception, this is all of the officially announced candidates, that is those who have actually filed their candidacy. Of the four officially announced candidates, two are for Democratic primary September 12th.

Must File Before August 24th

According to the election laws of Maryland, all candidates for office must file with the Supervisors of Election of each county in which their name appears on the ballot twenty days before the primary election which is September 12th which makes August 23rd the deadline.

Registration Day September 11th

Registration Day has been designated for September 11th, which this year is the day before the primaries. The State law sets the Tuesday before the election as the official registration day, which this year falls on Tuesday the 11th. In past years election day has generally been on Monday which makes registration day six days before election day, but it was changed this year due to certain holidays which conflict with election day.

Local Compromise Ticket Complete

At a meeting of the Organization Faction on Friday evening of last week the ticket was completed for that faction's part of the compromise ticket as follows: State Central Committee—Mrs. Charles W. Whaland, Mrs. Pricey Watson, Mrs. Mary Massey, Elmer Jarman, W. H. Cooper and James Crouch. The three Delegates to the State Convention as named were Charles L. Dodd, James Groves and Aubrey Fossett. The Anti-Organization faction who also name three Delegates to the State Convention have ot named their delegates.

In order to avoid a local primary in the county, the two recognized factions of the Democratic Party agreed to a compromise ticket which divided the offices to be elected and the agreed ticket was published in this paper last week. Since the ticket was made up Dr. H. P. Copeland has announced his candidacy for the State Senate and will oppose Mr. Arthur Brice, the compromise candidate. Mr. R. A. Shallcross, present clerk of the court this week announced his candidacy and will oppose Mr. Leonard Wilson, the compromise candidate for Clerk of the Court. Mr. C. Preston Crowding this week announced his candidacy for Treasurer and is opposing Mr. Walter T. Morris, Jr. Mr. Morris has the endorsement of the combined factions for Treasurer.

As far as any official word that we have received these are the only three candidates who will oppose the Democratic ticket as agreed upon by the two Democratic factions. Mr. Arthur Brice has served two terms in the Maryland Legislature and based on this experience in Legislative work together with his reputation in the community, he received the combined factional endorsement for the Senate. Mr. Leonard Wilson has served as President of the Board of County Commissioners for the past four years in which position he has made an enviable record. In recognition of this county service and also his untiring work for the Democratic party during a long period of years, he has received the combined factional endorsement for candidate for Clerk of the Court.

Up to the present time there are nine candidates for Sheriff and there are numerous prophesies as to how many will actually file with the Supervisors to the tune of $25. Up to the present time Mr. Howard Hadaway is the only candidate who has filed, he having filed his candidacy on Wednesday of this week.
