PARTICULARLY GRATIFYING to true sportsmen was the result of last Saturday's foot ball game when Washington College defeated Hopkins 13 to 0. Not merely because Hopkins was conquered, because that team is not one of the recognized old rivals of Washington, but because these two college teams are outstanding in keeping their athletic teams strictly in the amateur column. For mnay years Washington's foot ball team was below the par of Maryland Colleges but this years team is the result of a number of years of building a team from the legitimate students of the college and the fact that only four members of this team will graduate next year promises great foot ball results in years to come. Then again the effect of two straight victories in the first of the season is an inspiration that will be a big asset in future games. This out standing foot ball team built of purely amate ur athletes reflects considerable credit to coaches J. T. Kibler and George Ekaitis.

Marion Eugene Taylor
vs.
Edna Virginia Taylor

In the Circuit Court for Kent County
In Equity No. 2893

The object of the Bill filed in the above entitled case is to procure a decree for divorce a vinculo matrimonii.

The Bill states:

That on the first day of November, 1930, Marion Eugene Taylor was married to one Edna Virginia Cosner at Blaine, West Virginia, by the Methodist Minister there, with whom he resided in Cecil County, Maryland, until March 1, 1931.

That your Petitioner is now a resident of Kent County, Maryland, and has been a resident of Kent County, Maryland, for longer than one year. Your Petitioner is informed that the defendant has lived in the State of West Virginia since she left him on March 1, 1931.

That though the conduct of your Orator towards his wife, the said Edna Virginia Cosner Taylor, has always been kind, affectionate and above reproach, the said Edna Virginia Cosner Taylor on March 1, 1931, without any just cause or reason abandoned and deserted him and that such abandonment has continued uninterruptedly for at least three years and is deliberate and final and the separation of the parties beyond any reasonable expectation of reconciliation.

That a child was born to the said Edna Virginia Cosner Taylor and your Petitioner in West Virginia about September 1, 1931.

It is thereupon, this 22nd day of October, 1934, ordered by the Circuit Court for Kent County, in Equity, that the plaintiff, by causing a copy of this order to be inserted in some newspaper published in said Kent County once in each of four successive weeks before the 19th day of November next, give notice to the said Edna Virginia Taylor, non-resident defendant, warning her to appear in this Court in person, or by Solicitor, on or before the 3rd day of December next, to show cause, if any she has, why a decree ought not to be passed as prayed.

ROBERT A. SHALLCROSS, Clerk.

IF YOUR BREATH HAS A SMELL YOU CAN'T FEEL WELL

When we eat too much, our food decays in our bowels. Our friends smell this decay coming out of our mouth and call it bad breath. We feel the poison of this decay all over our body. It makes us gloomy, grouchy and no good for anything.

What makes the food decay in the bowels? Well, when we eat too much, our bile juice can't digest it. What is the bile juice? It is the most vital digestive juice in our body. Unless 2 pints of it are flowing from our liver into our bowels every day, our movements get hard and constipated and ¾ of our food decays in our 28 feet of bowels. This decay sends poison all over our body every six minutes.

When our friends smell our bad breath (but we don't) and we feel like a whipped tomcat, don't use a mouthwash or take a laxative. Get at the cause. Take Carter's Little Liver Pills which gently start the flow of your bile juice. But if "something better" is offered you, don't buy it, for it may be a calomel (mercury) pill, which loosens teeth, gripes and scalds the rectum in many people. Ask for Carter's Little Liver Pills by name and get what you ask for—25¢. ©1934, C.M.Co.
