HOSPITAL BOARD MEETS

A meeting of the Kent and Upper Queen Anne General Hospital directors, was held Monday night, November fifth at the Hospital, the vacancies caused by the death of Messrs. W. Irving Walker and Fred S. Russell, were filled by naming Laurence G. Brown and R. Oliver Wright, respectively.

A motion was made that the number of directors be increased, to twenty, and held over to be acted upon at the next regular meeting in December.

Mrs. Nora C. Maxwell reported that a meeting to organize a Ladies Auxiliary, would be held on Wednesday, November the seventh at two P. M.

Mr. B. Trew Durding reported very favorable prospects, of securing the services of two graduate nurses, a dietetian and a janitor, to be on duty by November the 15th, also a prospect for the grading of roadway, and grading and improving the Hospital grounds, all of, which to be taken care of through the C. W. A. After ordering the payment of several routine bills, the board ajourned subject to the call of the president.

L. G. Brown, Secy.

HOMEMAKERS CLUBS

COUNTY EXECUTIVE MEETING

Friendship and cooperaton. What a wealth of meaning lies within these words, and how vividly this was brought out when on Wednesday, October 31st, the semi-annual County Executive Meeting of the Homemakers' Club met in the Church Hall of Wesley Chapel from 10 a. m. to 3.30 p. m.

There were representtatives of seven clubs, thirty-eight earnest and sincere women in all; with Mrs. T. H. M. Bramble the President in the chair.

Six committee tables arranged at intervals about the hall, so that it looked good for at least a week's steady discussion; but in that estimate, I counted without the concise years of Mrs. Bramble and the skill of Miss Schellinger.

It was a time for reflection, to look back and decide which of the things that had been done in the past were worthy of being continued and an ambitious time when new plans were made for those parts of the work with which they were not satisfied, and time given for generous expression of opinions in all these matters.

Having been asked to sit in with this Council, my first time, it was an inspiration and revelation to hear the various reports.

First, Mrs. Gerald Myers who had been sent as County Delegate to the Rural Women's Short Course at College Park this past summer, made us feel as if we too had taken the trip with her, as we followed her through the various lectures, entertainments and sightseeing in and about Washington.

Mrs. James Bigelow, on Community Achievements from Swan Creek Club, told of their establishing a circulating library—exchanging magazines among members and suggested that this same method be used with bulbs and flowers in order to beautify home grounds and surroundings.

Mrs. Ben Robinson, of Still Pond, reached one of the 'high lights' of the meeting when she advocated that the women of the different clubs stand behind 'Our New Hospital' and lend uplifting support and encouragement. Here I must mention that the Council has already contributed Sixty Dollars ($60.00) in cash and are making plans to arrange for a yearly stipend—splendid sentiments.

Music was ably taken care of by Mrs. John Redding of Flatland.

Plans are now on foot for the Musical Pageant to be given November 15th in William Smith Hall, Washington College. 'America in Song' with 150 in the cast. Don't miss it.

Quite interesting was the clothing report read by Mrs. D. C. Kelly, of Kennedyville, for Mrs. Edward Hepbron, telling us of a Coat School last spring. I saw some of these coats finished and worn by their makers at the County-wide meeting. They were lovely in fit, selection of material, etc., Monday. November 5th will see a Dress School starting at Still Pond. Better join our Club and make a new frock.

Food came next—Mrs. Charles Pippin reporting for Mrs. Audrey Kaufman, of Chestertown. We felt quite proud to hear that Mrs. Caldwell Crew, of Betterton, had won first prize at the Kent County Flower Show on her jars of carrots and strawberries, with Mrs. William Groves, of Kennedyville, a close second on strawberries and corn. These jars will go forward to College Park to enter the State-wide contest. Good luck to you ladies.

Mrs. William Groves spoke with animation on 4-H Club Work and what it had meant to her children; but deplored the fact that there was great need of Local Leaders and more cooperation on the part of parents to keep this splendid work up to its past record. Opportunity is knocking at some one's door.

Membership. Mrs. William Dempsey, of Kennedyville, told us of the loss of a few old members and the gain of new ones, bringing the total to 235, all fine outstanding women, a pleasure to know and work with.

We felt very much pleased to have Mrs. Edgar Walbert, of Quaker Neck, tell us that thirty-three of our fellow club women had availed themselves of the privilege of going to the Rural Women's Short Course at College Park in August. Next year we hope to win the $10.00 prize offered to the club sending the most new members. Where there's a will, there's a way.

The Poultry report as Mrs. P. W. Bigelow intimated was rather below par a challenge for another year.

Then came Mrs. Elwood Burgess, from Rock Hall, one of the most versatile and tireless of club workers, with the news that we might bring out old chairs and couches from our attics and learn through the various classes how to 'dress them up' and fit them again for use in our homes. Here's hoping the attic stairs are not too crooked.

Our program committee, headed by Mrs. Henry Clark, of Betterton, tells us that the big Spring Meeting will be held the last Thursday in March, probably at Millington. Also that there are plans under discussion to have a Winter School at College Park from January 7th to February 15th.

Mrs. Jesse D. Maxwell brought the meeting to a close with a fine talk about the recent Flower Show. Already she is turning over in her mind plans for a Spring Mart. Can't you just vision all the lovely jonquils and tulips we shall see.

A rising vote of thanks to the ladies of Wesley Chapel for their wonderful lunch they served (chicken salad, fried oysters, potato salad, rolls, biscuits, pickles, coffee and the best home-made ice cream and cake). So how could anything but good will and fellowship prevail, after so instructive and enjoyable a day.

Helen K. Brice.

Red Cross Serves Humanity

THE spirit of the nation-wide humanitarian work of the American Red Cross is typified in the 1934 poster drawn by the well-known artist, Lawrence Wilbur. The Red Cross nurse, shown protecting a small boy who is in distress, is illustrative of the role of the organization in rushing relief to victims of disaster—whether storm, epidemic, earthquake, fire, flood or other type of catastrophe. During the past year the Red Cross sent material aid to victims in 103 disasters, giving assistance to 119,000 persons.

This is but one example of service given by the Red Cross. It also serves in health conservation, through its Public Health Nursing Services employing more than 750 nurses; in safety and accident prevention, through its Life Saving and First Aid instruction; in aid to veterans and service men through its Home Service work; and in cementing the youth of the nation, through Junior Red Cross, into a national society devoted to preparing them in fitness for service, good citizenship and world friendship.

The 1934 Poster invites all men and women to join the Red Cross during the annual enrollment, so that they may participate in this vast humanitarian enterprise. Your local Chapter will welcome you as a member.

TEN MILLION Chickens CAN'T BE WRONG

• "Daily" Feeds were chosen to feed more than ten million chickens in this country during the past year.

• The owners of these flocks weren't guessing! They were experienced chicken raisers who, in most cases, had tried "Daily" Feeds with most satisfactory results. They found these clean, laboratory-tested feeds produced husky pullets and cockerels . . . increased the winter egg rate when eggs brought top prices.
