A MERRY CHRISTMAS and a happy and prosperous New Year is the wish of the Staff of the Transcript to all of its readers. Christmas is one time in the year when everyone should try to forget their troubles and join in the spirit of the season which celebrates the birth of Christ. It is a time to be joyful and whether your Christmas is laden with numerous gifts or a paltry few, the event is a celebration of a sacred event and should not be measured by worldly possessions.

WITH TWO SHOPPING days left before Christmas, local shoppers are urged to make every effort to secure their needs in their local communities.

Two full shopping days will help to average up the Chrstmas business of local merchants, which has to date been below expectations due to an unusual large amount of purchses from nearby cities. The local merchants are continually called upon to help support all community activities and they deserve local patronage of those who can fill their Christmas needs in Kent County stores. While it is not fair to ask shoppers to buy what they don't want or to pay increased prices for merchandise but in many cases it could have been bought to better advantage if a little effort was made to inspect the home town merchants stock.

## WASHINGTON WINS AND LOSES

CONQUERS UPSALA BUT BOWS TO WEST CHESTER

After winning the first game of the basket ball season by defeating Upsala 39 to 35 on Friday night of last week in a game that looked like anybody's up until the final wistle, the local college five took the short end of the count when they met West Chester Tuesday night of this week.

In the opening game Coach Kibler made many changes in order to work out the best combination which resulted in a large variation in the scoring.

Tuesday's game brought to Chestertown probably one of the best basket ball teams trat has played here for sever years. Although Washington rolled up a 7 to 0 lead at the start this was soon overcome by a faster and more experienced team.

The Washington team has prospects of a good showing in the State League series which starts in January. The games are being played in the armory and with the admisson price of 40c, fans are attending the games in large numbers.

**IF YOUR BREATH HAS A SMELL YOU CAN'T FEEL WELL**

When we eat too much, our food decays in our bowels. Our friends smell this decay coming out of our mouth and call it bad breath. We feel the poison of this decay all over our body. It makes us gloomy, grouchy and no good for anything.

What makes the food decay in the bowels? Well, when we eat too much, our bile juice can't digest it. What is the bile juice? It is the most vital digestive juice in our body. Unless 2 pints of it are flowing from our liver into our bowels every day, our movements get hard and constipated and ¾ of our food decays in our 28 feet of bowels. This decay sends poison all over our body every six minutes.

When our friends smell our bad breath (but we don't) and we feel like a whipped tomcat, don't use a mouthwash or take a laxative. Get at the cause. Take Carter's Little Liver Pills which gently start the flow of your bile juice. But if "something better" is offered you, don't buy it, for it may be a calomel (mercury) pill, which loosens teeth, gripes and scalds the rectum in many people. Ask for Carter's Little Liver Pills by name and get what you ask for—25¢. ©1934, C.M.Co.
