NEW PHILADELPHIA ROAD PROGRESSING

WILL PROBABLY FOLLOW OLD ROAD FROM ABERDEEN TO HAVRE DE GRACE

Approved plans for the final link in the new Philadelphia road from Baltimore City line to Havre de Grace were received from Washington Thursday by the State Roads Commission and bids for the work will be asked Monday, Harry D. Williar, Jr., chief engineer said.

The last secton of the thirty mile dual highway is located between Aberdeen and Havre de Grace and is four-and a half miles long. It runs approximately in the same location as the present Philadelphia road between these towns.

Bids for contracts are to be opened by the Commission January 8, Mr. Williar said. One is for draining, and surfacing the road; the other for constructing a forty foot concrete-girder bridge over Swan Creek.

The remainder of the dual highway is in course of construction. On more than a dozen projects, gangs of workmen are grading and draining the roadway from Baltmore to Aberdeen and erecting bridges along the route.

The four and a half mile stretch from Aberdeen to Havre de Grace is the first section for which surfacing bids will be asked. This new contract will complete the road to the Havre de Grace race track entrance. Tht plans for the route it will take through Havre de Grace have not been approved.

Smilin' Charlie Says-

"Th' trouble with most o' these reformers is that they worry so much about what's comin' that they forget about to-day bein' here!--"

THE ESKIMO AND SPITZ

When kindness has been shown, human nature is not slow to show appreciation—and it makes brothers of us all.

Smilin' Charlie Says:

"Pete Morley says his wife is th' kind o' person who buys a $10 lamp and wants a new suite of furniture t' match th' lamp--"

MILLINGTON

Mrs. J. L. Smith is visiting her brother, Mr. Lewis Price, near Lynch.

WATCH YOUR KIDNEYS!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering impurities from the blood stream. But kidneys get functionally disturbed—lag in their work—fail to remove the poisonous body wastes.

Then you may suffer nagging backache, attacks of dizziness, burning, scanty or too frequent urination, getting up at night, swollen feet and ankles, rheumatic pains; feel "all worn out."

Don't delay! For the quicker you get rid of these poisons, the better your chances of good health.

Use *Doan's Pills*. *Doan's* are for the kidneys only. They tend to promote normal functioning of the kidneys; should help them pass off the irritating poisons. *Doan's* are recommended by users the country over. Get them from any druggist.

WHAT EVERY WORK SHOE WEARER SHOULD KNOW

Read the amazing facts listed just below and you will have no trouble at all understanding why millions have found supreme foot comfort — money saving, longer wear in. . .

Wolverine Shell Horsehides

1—Leather in Wolverine Shoes is Shell Horsehide, just that part taken from over a horse's hips and is tanned in the Wolverine Tanneries.

2—Shell Horsehide is considered by authorities to be the longest wearing leather known. Wolverines often give from ⅓ to ⅔ longer wear than ordinary shoes.

3—The shell section of a horse's hide is approximately 1/6 of the entire hide — enough to make only 1 6/10 pairs of Wolverine Shoes.

4—Wolverine Shell Horsehide is tanned and re-tanned three times, so no matter how wet Wolverines get, they dry soft and stay soft, and are also as near barnyard and acid proof as leather can be made.

5—The peculiar structure of Shell Horsehide makes Wolverine Shoes actually scuff-proof so they not only wear longer, but also keep their good looks longer.

6—Wolverine shoes are the only Work Shoes with both soles and uppers made entirely of Shell Horsehide.

When tanned the secret WOLVERINE way, this tough reinforcing center layer found only in Shell horsehide accounts for the remarkable extra wear and greater comfort of WOLVERINE SHOES.

You can't go wrong on work shoes that have so many outstanding qualities as are listed above. Try one pair of WOLVERINES and it's 10 to 1 you'll wear WOLVERINES for life. See them — try them on the very first chance you get. We have a full range of sizes in all the popular work shoe styles.
