WILMINGTON DOLLAR DAY

ANNUAL EVENT TO BE HELD ON FEB. 13TH. ADV. ON PAGE 3

The Mercantile Section of the Wilmington Chamber of Commerce has announcedl that Wednesday, February 13, will be observed by the merchants of Wilmington as Spring Dollar Day. These special sales events have been held under the auspices of the Section for the past twenty years, and have met with enthusiastic approval and increasingly large patronage from careful shoppers for a hundred miles down the Peninsula and through adjoining states. Affiliated stores will be designated by the display of the copyrighted emblem of the Chamber of Commerce in display windows and similar display cards on merchandise within the stores.

Famous throughout the country, and duplicated in prominent cities in practically every State in the Union, these Dollar Days offer the outstanding opportunities of the year for discrminating shoppers throughout Wilmington's wide retail trade area to secure worthwhile bargains in a wide variety of merchandise seasonable just now, as well as staples of all kinds.

Wilmington merchants have exerted every effort to insure that this Dollar Day will offer Peninsula housewives an unusually wide range of up-to-the-minute merchandisce at equally unusually low prices. For weeks the purchasing authorities of the various stores have been searching the whole sale markets for additions to already wdely diversified stocks, through which they could offer purchasers the benefit of the greatest possible values at such reasonable prices as would make it well worth the attention of discriminating shoppers who watch the newspapers for opportunities to secure first-class merchandise at prices which represent material savings.

Attendance at these Dollar Days has become a fixed custom with housewives of the Peninsula and adjoining counties in Maryland, New Jersey and Pennsylvania, and the number of visiting shoppers has increased materially each year. Often it has been found necessary to arrange 'traffic police' to assist crowds inside stores. The Committe in charge of the affair urges upon all prospective visitors the importance of early arrival, when stocks will be complete. There will be no advance sales, reservations or courtesy days, and the event will be held on the day set regardless of weather conditions. Visitors are urged to clip and use the police courtesy coupon printed elsewhere in this paper.

KENNEDYVILLE

Mr. and Mrs. Frank Meeks, of Still Pond, visited the Misses Scotten on Friday.

Mr. and Mrs. Howard Pennington, of Chestertown, visited Mr. and Mrs. Raymond Hill on Sunday.

Mr. and Mrs. Bruce Dukes entertained a few friends at cards on Saturday evening.

BARROLL HOME BURNS IN BALTIMORE

The home of Mr. L. Wethered Barroll was completely destroyed by fire on Thursday mornng of this week. Included in the loss was all of the household effects and furniture with the exception of part of the furniture on the first floor which was saved. A quantity of old family silverware and antique furniture, some of which was formerly at Knox Folly on the Sassafras River, was destroyed.

C. B. Y. R. A. HOLDS MEETING

(Continued from page 1)

River date changed either to August 23 and 24 or else August 2 and 3.

If this date is changed as proposed. There will be no conflict in sailing regatta dates and no conflict in power regatta dates. Several of the clubs like Chester River combine both the sailing and the power boat events in their regattas.

TENTATIVE DATES OF REGATTAS ON BAY THIS COMING SUMMER

July 4th—Cambridge, Md.

July 5, 6, 7—Oxford, Md., sponsored by the Tred Avon Yacht Club.

July 14th—Oxford, St. Michaels sailing race, sponsored by the Tred Avon Yacht Club.

July 19 and 20—Havre de Grace regatta including both motor and sail events.

July 27 and 28—Gibson Island Club at Gibson Island.

August 8, 9 and 10—St. Michaels, Md., sponsored by the Miles River Yacht Club.

August 16, 17 and 18—Chesapeake Bay Yacht Club which will hold its races at Oxford this year. The Lipton Star Boat series will be sailed there during this regatta.

This August 17 and 18 date is the present one sanctioned by the American Power Boat Association for the Chester River Regatta. Efforts are being made to have this date changed and possibly in this issue the revised date will be published. Every effort will be made to keep from having any conflicts this year.

The Baltimore regatta, sponsored by the Maryland Yacht Club will probably be held the first week end in September.

Meeting To Be Held In Baltimore On February 16th

A meeting will be held at the Maryland Yacht Club, in Baltimore on February 16th to make arrangements on summer activities. Commodore Wilmer will represent the local club.

Chesapeake Bay Yacht Racing Association Expected To Accomplish Much. May Join National Association

The Chesapeake Bay Yacht Racing Association is expected to do a lot on sail boat racng in the Chesapeake this coming season. The big trouble at all regatta has been classification of boats hulls and size and shape of sail. The Association will make definite rules as to what is a bateau, etc. Also as to what kind of sails can be used. In putting on a regatta the local committees wll be relieved of this perplexing problem by merely asking contestants to conform to the rules of the C. B. Y. R. A. Anyone having had experience along these lnes knows it will be a great help.

There is a national organization called the North American Yacht Racing Union. The C. B. Y. R. A. may join the national organization if some of their rules under consideration of undergoing a change sent the local clubs.

If the Chester River Yacht Club can get the date straightened out, they should enjoy one of the best regattas ever held here. Since last year the Club has joined two important boating organization, one for sail boats and one for power boats. They have also reorganized the control of boating activities and boating should receive renewed enthusiasm.

Log Canoe Association To Function

This association will control all rules on log canoes. Handicapping the major problem, they promise to revise. They also plan to cooperate at all regattas.

Constipated?

The doctors say . . . Use liquid treatment

Here is the soundest advice anyone can give on the subject of laxatives. It is based on medical opinion. We want you to have the benefit of this information no matter what laxative you may buy:

The secret of real relief from constipation is reduced dosage. You can't regulate the bowels unless you can regulate the help you give them. That is why doctors use a *liquid* laxative; the dose can be measured to a drop.

Avoid laxatives that you can't cut down in dosage; especially those that seem to require larger doses than when you began their use.

Under the doctor's care, you usually get a *liquid* laxative. The right liquid laxative gives the right kind of help, and the right amount of help. Smaller and smaller doses—until you don't need *any*.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara—natural laxatives that form no habit.

Dr. Caldwell's SYRUP PEPSIN

SQUADRON LOG BY THE STOWAWAY

The Chester River Yacht Club is the delightful organization it is because Mr. Harrison Collins and men like him lived. To Mr. Collins goes the credit of introducing motor boating to the Chester River, when he converted a Chesapeake log canoe into the first motor boat of the Chester River.

It was typical of Mr. Collins to do that for one of his outstanding characteristics was forward thinking and fearlessness to maintain the independence of his own opinions.

Like a good yachtman Mr. Collins found his chief relaxation and pleasure in everlasting tinkering with his boat. For years, he kept it anchored above the bridge, and almost every day in the year he found something to do on it. Even after the basin for yachts was built at the new yacht club, Mr. Collins kept his boat near home. It was handy to get to, he said.

In the great August storm a few summer past, his boat started to drag its anchor and was being blown toward the bridge. His sons, Richard and William, managed to get aboard. But a time the destructfon of the boat and the loss of his two boys seemed almost certain. The young men were good navigators and saved the boat.

It was a wrench to Mr. Collin's heart strings to part with his boat, but he realized how dangerous it was for his sons to have the boat above the bridge. Without hesitation, next day, he had it berthed in the yacht club basin. It meant that he would have to give up his daily visits, but the safety of his sons was worth any sacrifice.

Mr. Collins was an ardent fisherman and his occassional all day or week end fishing trips every summer were the big events of his year. One of the latest fishing expeditions last fall, if not the latest, was an all day outing with Captain Emory.

Tucked away somewhere in the interior of the boat, Mr. Collins had an amazing collection of old clothes. The first sign of spring was a signal to him to drag them out, gather together brushes, turpentine, white and gray paint and repair to the yacht club pier to give the boat its annual spring painting.

About the time the rest of the Squadronites got around to fixing up their boats, the 'Brothers' was finished.

In the death of Mr. Collins the Stowaway has lost a friend. It was a privilege to have known him.
