ATHLETIC RIVALS TO MEET AT CHESTERTOWN ARMORY

Washington College will play University of Delaware tonight at the Chestertown Armory in the first of a two game series between these two athletic rivals. While it is not a league game it wll create considerable interest among the alumni of the two schools and the meeting of these two Peninsula Colleges always proves a social as well as athletic event.

Washington is picked to win the game, as has been proven, there can be many upsets in basketball.

ROTARIANS HEAR SCOUT EXECUTIVES

The Chestertown Rotary Club was host to two executives of the Wilmington Boy Scout District Monday night.

Mr. Zekiel, of Wilmington, an official of the District Council was the principal speaker. He is not a paid executive but devotes considerable time to Boy Scout work due to his interest in Scouting.

He pointed out that the natural agencies for the moral training of boys were the home, church and school. He said all three of these had failed for the following reasons:

In the home the father spends most of his time at business and part of the evenings he is home the boy is likely to be out.

In the Church and Sunday School few boys between the ages of fourteen and twenty attend.

In the school it is necessary that regulations prohibit a certain class of moral training.

In all of these three agencies the boy is taught to do right through continually telling him he musn't do the things that are wrong.

In scouting, Mr. Zekiel said, the right code of living is shown to him in a way that he can work out himself and makes him realize that if he is going to continue to be a scout he must see the right side of living and practice it.

Messrs. Raymond R. Wilkins, C. Lee Gill, Geo. Pennington, representing the American Legion were guests of the club and also Gilbert Mead, one of the outstanding members of the Chestertown Boy Scout Troupe. The American Legion has sponsored the local troupe for a number of years.

Dr. Copeland Bowers, Scout Master of the Chestertown Troupe, stated at the meeting that he would like to see scout troupes organized at Rock Hall, Galena and Millington and the troupe at Betterton built up. In this way with four troupes n the County interesting contests could be arranged that would be of benefit to all four organizations.

Dr. Bowers also advocated the formation of another troupe in Chestertown. He said the present troupe had its quota filled and that he has had to turn down applications of boys who wanted to join.

FOREST FIRES IN KENT COUNTY

INCREASE IN 1934 OVER 1933. DEPT. OF FORESTRY RELEASES FIGURES

Due to the dry weather conditions in 1934, the number of forest fires for Kent County increased over those in 1933. This was due to no fault of the forest warden organization in the county, for reports indicate that their work was accomplished in an effective and gratifying manner.

Forest education has been gradually seeping into the various counties in the Eastern Shore District and it is believed that from past experiences the people are gradually absorbing this forest knowledge and are becoming more careful with fire in the woods.

Half of the fires occurred in the month of Aprl, which month as a rule is the peak of the fire season.

There were 8 forest fires in Kent County during the year. 5 of these were caused by the railroad and burned 12 acres of forest. The damage from these was put at $13.00 and the cost of extinguishing them $6.80.

One of the fires was caused by smoking and burned over 20 acres. The damage was not estimated and the cost of extinguishing was $10.80.

The origin of two fires was unknown. The damage of them was $32.25 and the cost of them $14.20.

In Distrct III comprising the whole Eastern Shore there were 148 fires and comprised 15 per cent. of the number in the State. There were 2689 acres burned and a damage estimated at $5,240. The total cost was $993. Cecil had the most damage with 1709 acres and loss about $2,248.

A short busness meeting will be followed with the Founder's Day program. Mrs. Elmer Thomas will address the association, followed by a Founder's Day pagent under the direction of Mrs. David McCauley. Twenty-five pupils of the Elementary School will participate in the pageant.

A social hour will follow the program. Parents and friends of the school are urged to attend.

ENDORSES BAY BRIDGE

The Easten Shore Travelers Associaton, boasting a membership of 600, wrote a letter to Governor Nice Thursday statng that 75 per cent of their membership favored the construction of the Chesapeake Bay Bridge. In their letter they urged the bridge construction as a boom to business on the Del-Mar-Va Peninsula.

The construction of the bridge has been urged by the Baltimore Association of Commerce as well as a number of organizations on the Eastern Shore.

Many hinder the progress of 'thank you' because the alphabet of courtesy was omitted in earlier life and now they've grown too vain to learn their a, b, c's.

MAY INCREASE FARM LOAN RATE

Thomas D. Bowers, secretary-treasurer of the Kent and Queen Anne National Farm Loan Association, has been notified by the Federal Land Bank of Baltimore that the 4½ per cent interest rate now applying to installment payments on Federal Land Bank mortgages will apply only to loans closed on or before May 12, 1935. Prospective applicants for loans from the Federal Land Bank mortgages will apply only to loans closed on or before May 12, 1935. Prospective applicants for loans from the Federal Land Bank should take notice of this fact and file their applications in time for their loans to be closed before May 12, 1935, in order to receive advantage of the 4½ per cent rate.

ONE OF KENT'S OLDEST CITIZENS DIES

WAS 90 YEARS OLD LAST MONTH

Mrs. Mary E. Davis, of Still Pond, did at her home on Monday afternoon following a short illness.

She observed her ninetieth birthday on January 23rd last and was very popular among residents of the Still Pond Community where she was known as Aunt Mary. She was a devout member of the Still Pond M. E. Church and attended services regularly until a few weeks of her death.

She is survived by a niece and nephew, Mrs. Irene Melvin, of Wilmington and Mr. George Hepbron, of New York.

Funeral services were held at 1 p. m. Thursday afternoon in Still Pond Church, conducted by Rev. Vaughn Moore. Interment was made in Still Pond cemetery. The bearers were: Messrs. A. J. Hackett, William Needles, Baynard Harper, William T. Ford, Earnest Horsey and Kennard Jones. B. R. Fellows, undertaker.

SENATOR BRICE INTRODUCES WATERMAN BILL

WILL ELIMINATE WORK BOAT GAS TAX IMMEDIATELY

Senator Brice's bill, which would eliminate the four cent tax on gasoline used in work boats, has passed the Senate and indications are that it will meet very little opposition in the House. As Governor Nce advocated this measure in his campaign it should receive his signature promptly upon passage.

The bill, as introduced by Senator Brce, has an emergency Clause which makes it effective immediately following its passage and signature by the Governor which promises its effectiveness in time to relieve fishermen in their spring operations.

The gasoline tax on work boats for expenses of the Conservation Department has been the source of much discontent for several years and Senator Brice's bill is welcomed by all watermen.

MEETINGS PLANNED FOR WOMEN'S CLUBS

Anyone who sews and is interested in this school, see Miss Schellinger the Home Demonstration Agent or Mrs. Wm. Wheeler, Betterton; Mrs. Wilbur Morris, Flatland; Mrs. George Kennedy, Kennedyville; Mrs. Elwood Vansant, Quaker Neck; Mrs. Edward Stevens, Rock Hall; Mrs. Philip Jones, Swan Creek.

NEW FIRE TRUCK NEAR COMPLETION

WILL REPLACE TRUCK NO. 1

Work is progressing on a new fire truck for Chestertown, now under construction at the Bacon Auto Sales Company. The new truck will replace truck No. 1 which has seen service since 1923 and was the first motorized equipment owned by the local fire company.

The truck, when completed, will contain a water tank with 350 gallon capacity which is one hundred gallons more than is now carried by the three trucks and will be particularly adaptable to fight fires where sufficient water is not available such as country calls and outlying town properties.

With the quick service rendered by the local company, this new fire truck should prove to be a most valuable pece of fire equipment. Aside from the ability to pump 350 gallons of water through the small booster hose it will also be equipped to handle the large 3 inch hose for fighting fires in the larger towns.

KENT BOY WINS

GONZALES KNOCKS OUT NORWOOD IN FIRST ROUND

Henry Gonzales, 'Reds' promising fighter from Betterton knocked out the celebrated Earl Norwood, of New York at Centreville in the main bout on Friday evening in the first round of a scheduled 8 round bout. Gonzales landed a terrific right into Norwood's mid-section and floored him. Norwood after a count of nine came back but Gonzales floored him again. Once more he came back and but another blow from Gonzales put him to sleep for the count of ten.

The openng bout saw a Kent boy, Kid Smith, of Betterton, lost a decision to Kid Ewing of Cordova. This was a four round bout.

The second bout was a good one and pleased the fans. The experienced Joe Rondo, of Baltimore, scored a technical knockout over James Rhodes, of Hurlock. It was plenty of action but Rondo had too much experience for Rhodes.

The Semi-Windup was by far the best bout of the evening. The popular Reddy Shreevs, of Onley, Va., scored a knockout in the 4th round. A hard right to the chin knocked De Carlo cold.

Swede Garbo was too much for Wild Bill aPrks in the wrestling bout will won over him in 40 minutes. Wild Bill did not do any of his usual dirty work in the bout. This was the third meeting of these two. Garbo has won two and Parks one.

THE OLD KENT COUNTY SPIRIT

KATHERINE HEPBURN'S FATHER DOES NOT LIKE PUBLICITY

The following United Press Clipping was sent to us.

Hartford Conn.—Katherine Hepburn's father, Dr. Thomas N. Hepburn, is a militant believer that celebrities and their relatives are entitled to privacy, Reginald Darrock, news photographer, testified last night as he viewed his shattered camera.

Darrock made the discovery when the movie star's father charged down upon him as he endeavored to photograph the Hepburn home, smashed the camera and seized a handful of exposed plates.

'You're lucky I don't kill you,' Darrock and hs assistant, Robert Haddon, quoted the physician as exclaiming.

They said Hepburn also shouted: 'Just because a person is in the public eye it's no reason why her life and those of her relatives should be publicized.'

'I had gone to the front door and been told by the maid that Dr. Hepburn was out,' said Darrock. 'So I set up my camera in the flower garden and was shooting the house when I heard a bellow inside, the door burst open and the Doctor came charging out like a wild bull.'

Dr. Hepburn said tonight: 'I don't know anything about it.'

DAVID B. STEWART DIES IN BALTIMORE

WAS FORMERLY FROM KENT COUNTY

David B. Stewart, aged 73 years, died at his home in Baltimore last Satuday following an illness of several months.

He organized the Stewart Fruit Company of Baltiomre and for many years handled large quantities of produce from Kent Farmers. In recent years he gave up that business and entered the insurance business in North Carolina, later returning to Baltimore where he was successful in the insurance business there until his recent illness.

He was born in Kent County and spent the early part of his life on the Stewart farm near Hopewell Corner. He is survived by two sons, M. Melvin Stewart and David B. Stewart.

Funeral services were held at 7 p. m. Monday at a funeral home in Baltmore. The remains were brought to Chestertown, via Tolchester, Tuesday morning for interment.

The burial services were in charge of the Rev. Arthur Forest Wells, pastor of the Northminster Presbyterian Church, Baltimore. Dodd and Usilton were the undertakers.

The bearers were: E. W. Emory, E. J. Watson, Robert J. Nicholson, Hyland P. Stewart, Jr., William Davis and Capt. Allan Tucker.

BIGGEST DAM IN THE WORLD

Did you even make a little mud dum across a trickling stream and watch the water back up aganst it? It's the greatest fun. But what about making a tremendous dam across a big river? That has just been done. The dam is a steel gate. It weighs 3,000,000 pounds and it has been dropped across the Colorado river at Boulder, Nevada. It will take three years for the great deep space behind that steel dam to fill up, but that will do two big and hlpful things: it will keep the country back of it from floods and destructions and it will irrigate through ditches dry and desert lands and make them blossom as the rose. A nation is building this dam, the nation of the United States, and it will help many of its people.

ADDRESSES BOY SCOUTS

LOCAL SCOUTS GATHERED FOR RADIO PROGRAM

More than a thousand Boy Scouts on the Peninsula listened eagerly to the message of their Honorary Chief Scout last Friday evening, as Pres. Franklin D. Roosevelt spoke via a national radio hook-up to the Boy Scouts of the country. 'I hope the people who are listening to my voice will give careful heed to the Scout Oath,' said Mr. Roosevelt. 'It is the basis of good government; it is the basis of orderly progress for our country in the years to come.'

No spectacular assemblage of Boy Scouts such as the vast mobilizations in New York, St. Louis, and other metropolitan centers marked the gathering of the Delaware and Eastern Shore Boy Scouts, but in every one of the fifty troop meeting places of the Area, Scouts gathered with their leaders to hear the voice of their President. It marked the opening of the National Celebraton of the Twenty-Fifth Birthday of Scouting in America.

President Roosevelt has been actively identified with Scouting for the past fourteen years, and knows at first hand the contributions which the Boy Scout Movement is making to the youth of the country when he says, as he did in Friday's message, 'Every Scout seeks to do a good turn daily—every troop seeks to accomplish some community benefit; and occasionally, as last year, Scouts everywhere unite to do a good turn nationally. A year ago, as your honorary president, I started the national Scout effort to collect household furnishing and clothing and other supplies for those in need; and the results were truly amazing. Hundreds of thousands of families were helped by the Boy Scouts.

Several years ago, just before taking office as Governor of New York with several other leading New Yorkers he helped to initiate a movement to provide the Boy Scouts of Greater New York with adequate camping facilities. Under his skillful leadership, a tract of 10,000 acres was purchased in Sulivan County, New York, and the Ten Mile River camps, the largest boys encampment in the world was launched. Almost very year, when exigencies of official duties permit, the President pays a visit to the thousands of Scouts in camp there.

As President of the United States, Mr. Roosevelt also serves as Honorary President of the Boy Scouts of America, a post held by each of his predecessors in office since the Boy Scouts of America was founded twenty-five years ago.

In his national address last week the President announced the great forthcoming Natonal Scout Jamboree of the Boy Scouts of America to be held in Washington, D. C., from August 21st to 30th, which will bring togther 30,000 Scouts in the greatest boys camp pogram in American history.

TIE FOR LEAD

COLLEGIATE BASKET BALL LEAGUE REACHES INTERESTING STAGE

The Maryland Collegiate Basket Ball League has reached an interesting stage since last Saturday during which time Washington lost to Hopkins, Loyola lost to Western Maryland and Hopkins lost to Mt. St. Mary's. Washington's loss to Hopkins Saturday put the Shoremen in second place but when Loyola lost to Western Maryland it brought Washington's average up to tie Loyola for first place, eaoh team having won 4 games and lost 2.

Washington Played Mt. St. Mary's Last Night

At the time of going to press Washington was at Emmittsburg for a game last night with Mt. St. Mary's. This can well be considered one of the hardest games on the schedule for the Shoremen. It will be remembered that when the Mounts came to Chestertown an extra five minute period was necessary to break a tie and a long shot just before the final whistle gave the local team the victory. Then again the basket ball court at Mt. St. Mary's is different from any court in the State, being small with blank ends which gives the home team the advantage.

If Washington won last night the indications are that the Loyola game to be played here Friday, March 1st will decide the League championship. Judging from past performances, the St. Johns game at Annapolis and the Western Maryland game at Westminster should return victories for Washington.

In the league series Washington has won 4 and olst 2, scoring 184 points to their opponents 157.

Other teams records are as follows:

Loyola won 4, lost 2, scored 200 points, opponents points 197.

Hopkins won 3, lost 4, scored 220 points, opponents points 221.

Mount St. Marys won 3, lost 3, scored 198 points, opponents points 192.

Western Maryland won 3, lost 3, scored 212 points, opponents points 219.

St. Johns won 1, lost 4, scored 149 points, opponents points 177.

RELIEF ORGANIZATIONS MEET

WILL ENDEAVOR TO UNIFY WORK OF VARIOUS ORGANIZATIONS

ANOTHER MEETING SCHEDULED FOR NEXT WEDNESDAY

Representatives from various organizations of the County who are interested in the relief problem gathered at the Court house and reported their idea of handling the relief problem here.

The organizations present and those which sent in written reports were:

The County Commissioners, the Alms House Board, the Children's Aid Society, the Juvenile Court, the Kent County Public Health Association, the Kent County Board of Welfare, the the American Red Cross, the Kent Department of Health, the Kent Board of Education, the Ambulance Board, the Maryland Tuberculosis Association, the Town Relief, the Kent Welfare Association and the county churches.

Mr. J. D. McVean, Chairman of the Kent County Board of Welfare stated that the various relief and charitable organizations in many cases relinquished their efforts in the belief that the welfare work was meeting all needs. He urged these organizations to continue their work where they found help needed.

Mrs. Margaret Massey, field worker for the Board of Welfare, reported that there are at present 239 families in Kent County on relief. Of this number 22 are cases of widows and women whose husbands have deserted them; 116 families are cases where the wage earner is incapacitated by old age, physical or mental trouble; 101 families are the result of unemployment or under-employment.

As a result of the meeting another meetng was calld for Wednesday of next week by Dr. R. G. Beachley at which time the chairman of the relief organizations will be requested to attend. They are:

G. Ellsworth Leary, Howard Leaverton, S. R. Collins, Mrs. E. C. Fontaine, Mrs. Nora C. Mexwell, J. D. McVean, William B. Usilton, 3rd, Dr. R. G. Beachley, Louis C. Robinson, Mrs. Nell C. Westcott and the pastors of any or all county churches.

MRS. EVELYN HARRIS BROADCASTS

Mrs. Evelyn Harris broadcasted over W. C. B. M. Thursday morning at 10 a. m. in an interview with Betty Howard on how she raised her children by exchanging farm produce for education Mrs. Harris spent Thursday afternoon autographing her book, 'The Barter Lady' in one of Baltimore's large department stores.
